Good Evening

Hitler says he'll fight to the last ditch. He'll be ditched before he gets there.

Predict New Invasion Of Reich

20,000 Boche, Badly Beaten, Assert They'll Win Next War

By HAL BOYLE

Romorantin, France, Sept. 16 (Delayed (AP)—The last 20,000 Nazi troops in southern France marched to the shelter of American barbed wire with scowls, music, flying Swastikas and talk of how Germany could win the next world war.

Glad to be safe from the French Maquis and the strafing of the U. S. Ninth Air force but still cockily convinced that they are peerless in battle, they worried most about whether they would be able to advise relatives they were safe.

One Nazi wanted to know whether there would be plenty of whiskey in American prison camps. Another asked if he could take a correspondence course at Harvard.

It was strange to watch thousands of fully armed enemy marine, air force and army troops march toward surrender points on the Loire river at Orleans, Beaugency and Mer.

Afraid of French

Although they retained their weapons only because they feared French retribution before they reached American Army prison pens, some of the Germans apparently would have preferred to fight rather than follow their commander, Maj. Gen. Erich Elsner, into surrender. These were principally the marines from French ports.

"Most of them are younger men who never have been in a real fight," said Lt. A. J. MacNab, Jr., of Burlington, Vermont. "Some feel their general sold them down the river. But actually he saved them from being chopped into hamburger."

I watched for more than two hours the long and sorry columns which told more vividly than words the plight of dying German military might. Here were no rumbling Panzers, no motorized blitzkrieg. Only the slow, tedious plodding of tired horses and tired men, the gasping cough of badly worn trucks.

"You defeated us only because you had better material," said one. Oberleutnant Ben Wiese, former South American steel explorer, said: "It is destiny."

Always an Excuse

Always the excuse—never yet an admission that Germany is beaten because she just didn't have the stuff on the ball.

More than one predicted Germany would win "the next time" by concentrating on better material.

Even marching into military oblivion, the German troops kept full discipline.

One company, dressed as if for parade, stomped spiritedly past. They sang a martial song and then a sentimental ballad of the Fatherland. The last word echoed back from around a curve. It was "heimat" (native home).

Many limped badly. They had marched from the Spanish border.

They turned sullen looks on a carload of men from the FFI which sped past with guns sticking out of the windows.

The German officers conducted themselves with scrupulous politeness but many of the men glared or sneered at French peasants lining the route, peasants who were pleased as a rabbit watching a hound dog in a beartrap. Particularly happy was farmer Louis Baudoin, who said:

Kaput Is Epitaph

"They took my pigs, my little bicycle and my carts. Sometimes they paid and sometimes they did not. Then four weeks ago one soldier shot my 15-year-old boy through the leg. It is worth taking a day off to see them march in defeat."

He passed out free drinks of the local white mule to all comers except Germans.

"Look pretty for the camera—wear a smile," said one Nazi officer sarcastically as Cy Peterman, Philadelphia Inquirer correspondent, snapped a picture. The men took him at his word and put forth all the good will expressions they could muster.

The last vehicle in line was an ancient French truck loaded to the top with weary Nazi soldiers. It coughed and sputtered and then came to a halt.

"Kaput!" said one Nazi despairingly.

It was an epitaph for an entire German army.

23 SCOUTS WIN AWARDS; COURT OF HONOR HELD

Twenty-three Boy Scouts received awards Tuesday night at a Court of Honor held in the borough council room in the fire engine house, East Middle street.

Joseph W. Stevenson, Sr., Orrtanna, scoutmaster of Troop 73 at Cashtown, received the Eagle badge, the highest award made to active scouts. At the same time his son, John W. Stevenson, Jr., a member of Troop 73, was presented with the Life Award badge, the second highest scouting honor.

Other high awards made were the Star rank to Richard Starner, of Bendersville, a member of Troop 72, and a scoutmaster's key to Jack Cessna, scoutmaster of Troop 77.

Dean Wilbur E. Tilberg, chairman of the Court of Honor, presided. Other members of the court were Dr. Frederick Tilberg, chairman of the Black Walnut district of the York-Adams area council; O. H. Benson, of Guernsey, retired national director of rural scouting; Ray F. Zaner, chief scout executive of the York-Adams area, and Dr. J. Walter Coleman, superintendent of the Gettysburg National park.

Issue Merit Badges

Among the other awards made were the following first class merit badges: Joe Stevenson, Jr., 73, public health, personal health and athletics; Jack Cessna, 77, bird study and plumbing; Sydney J. Poppay, Jr., 77, chemistry and personal health; William H. Snyder, 77, personal health, and Richard Sterner, 77, cooking and public health.

The second class merit badges presented were as follows: Frederick Diehl, 73, personal health; Ivan Breighner, Jr., 77, handicraft; Ray K. Breighner, 77, pathfinding and handicraft; William H. Bushman, 77, pathfinding, and Fred March, 77, handicraft.

Bruce Westerdahl, Troop 77, received his first class rank badge and four each were awarded their second class and tenderfoot badges. The second class scouts are James Unger, 72; Richard Dobbin, 78; Ivan Breighner, 77, and Bob Krick, 77. Tenderfoot scouts are George Gantz, 72; Frank Gantz, 72; John Trout, 77, and Tom Trout, 77.

Plan Meetings

At the opening of the court Joseph Stevenson, Jr., led the assembly in the scout oath and scout law.

Following the presentation of awards a sound film demonstrating

MRS. BOWLING DIES TUESDAY

Mrs. Laura L. Bowling, 61, wife of Lewis Bowling, died at her home in Freedom township, Fairfield R. 2, Tuesday afternoon at 2:45 o'clock from a complication of diseases.

A native of Adams county, the deceased was a daughter of the late Joseph and Jane (Currens) Baker. She had lived in Freedom township since 1906. She and Mr. Bowling were married 57 years ago.

Mrs. Bowling was a member of Elias Lutheran church in Emmitsburg.

Surviving are the husband and these children: J. Leslie Bowling, Washington, D. C., L. Emory, Monrovia, Calif., Mrs. C. E. Rohrbaugh, Fairfield R. 2, and Mrs. Joseph Mumper, Gettysburg. There are 14 grandchildren and six great grandchildren.

Funeral services from the Bowling home Friday afternoon at 2 o'clock with the Rev. Philip Bower, her pastor, officiating. Interment in Mountainview cemetery, Emmitsburg.

Friends may call Thursday at the home.

New Manager For Procurement Office

Albert Wegner, of Fairport, New York, today assumed his duties as manager of the Gettysburg office of the procurement division of the Jersey City Quartermaster depot, replacing Harry E. Rice, who is leaving to enter private industry.

Rice, who has been in Gettysburg for about two years, will leave October 15 to go to Akron, Ohio. Wegner arrived in Gettysburg Tuesday and expects to reside here. The Gettysburg office purchases for all government agencies supplies of canned good from food processors. This office has charge of procurement throughout Pennsylvania, the northern and western parts of Maryland, and parts of Virginia and West Virginia. The office is on the second floor of the post office building, Baltimore street.

Permit Collection Of Floss On 'Field

Over 1,000 sacks have been distributed to school children in Adams county for the collection of milkweed pods, Richard C. Lighter, vocational education adviser for the county and paymaster for the project, announced today. An additional 800 sacks have been ordered. A rate of 20 cents per bag has been set for the collection.

Gathering of the floss begins officially Thursday and will be continued until the end of the month. The floss will be used in life belts and jackets for military purposes.

Dr. Walter F. Coleman, superintendent of Gettysburg Battlefield, announced today that collection of the floss on the battlefield by individuals is permissible.

Brothers In Service

Ship's Cook 2/c Allan Sprankel and his brother Storekeeper 2/c Stanley E. Sprankel, sons of Mrs. Earl Sprankel, 238 South Washington street, who are serving in the United States Navy. Ship's Cook Allan Sprankel has been instructing at naval bases in this country and Storekeeper Stanley E. Sprankel recently spent a furlough here after serving in the Atlantic and Pacific theaters of operation.

Here And There

News Collected At Random

The problem of ridding Gettysburg of mosquitoes, a nuisance of many years' standing, may have been solved.

Time magazine, recently reporting on the new insecticide, DDT, said this:

Censorship was lifted last week from one of the great scientific discoveries of World War II. It is an insecticide called DDT. DDT stopped a typhus epidemic in Naples. It promises to wipe out the mosquito and malaria, to liquidate the household fly, cockroach and bedbug, to control some of the most damaging insects that prey on the world's crops. Lieut. Colonel A. L. Ahnfeldt, of the U. S. Surgeon General's office, exclaimed last week: 'DDT will be to preventive medicine what Lister's discovery of antiseptics was to surgery.'

* * *

The use of DDT as a delousing agent against typhus has been an open secret for several months. But recently its manufacturers and Army, Agriculture and WPB officials joined in announcing some of its other amazing properties:

Sprayed on a wall, it kills any fly that touches the wall for as long as three months afterward.

A bed sprayed with DDT remains deadly to bedbugs for 300 days.

Clothing dusted with it is safe from lice for a month, even after eight launderings.

A few ounces dropped in a swamp kills all mosquito larvae.

It is deadly to such common household pests as moths, roaches, termites, dog's fleas

BIGLER BOARD JUGGLES STAFF

Due to the increased enrollment in the Biglerville school system the following reorganization of the supervisory staff was announced for the 1944-45 term by the board of school directors at a special meeting Tuesday evening:

Prof. L. V. Stock will continue as supervising principal of the schools and principal of the high school; Prof. Charles L. Yost continues as assistant supervising principal and supervisor of music; S. Ray Shetter has been elected to assume the routine duties of the junior-senior high school and to act as assistant principal of the high school; Francis Coulson continues as elementary school principal and Miss Caroline Rex as supervisor of art.

All other teachers remain as previously assigned.

The board took action to relieve the congestion in the grade school building.

All members of the board were present at the meeting.

WELFARE UNIT WILL MEET

A region eight meeting of the Pennsylvania Welfare conference, including Adams, Cumberland, Dauphin, Juniata, Lancaster, Lebanon, York, Perry and Mifflin counties, will be held in Lewistown Tuesday, September 26. All sessions will be held in Grace Evangelical church at Lewistown where luncheon will also be served.

The theme of the conference will be "For Better Understanding of the Social Forces as They Will Operate in the Post War Era."

Among the speakers will be Dr. Marion Trabue, Pennsylvania State college; Judge Herbert F. Goodrich, Philadelphia; Judge William W. Uttley, Mifflin county, and Mrs. Emilie B. Myers, Media.

Dr. Harvey D. Hoover, Springs avenue, is a member of the executive board for the region and Mrs. Verna Myers, Adams county director of public welfare, is a member of the membership committee.

Mrs. Henry T. Bream, North Stratton street, of the Adams County Child Welfare Advisory board, represented the county at a recent meeting at the YMCA at Harrisburg.

Man Is Jailed In Default Of Bond

Clarence I. Gilbert, Fayetteville R. 1, was arrested this morning and committed to the county jail in default of $500 bail on a charge of desertion and non-support brought by his wife, Mrs. Esther M. Gilbert.

Special Deputy Sheriff Clark W. Staley made the arrest and a preliminary hearing was held before Justice of the Peace Robert P. Snyder. Gilbert was held for court October 16.

Scribe Describes Thomas' Store, Biglerville, As An Emporium, Curiosity Shop

By LEIGHTON C. TAYLOR

For a long time your correspondent has had in mind writing his impressions of one of Biglerville's intensely interesting, unique, and invaluable institutions—Thomas' general store.

My friends and acquaintances, seeking pleasure and relaxation, patronize the "movies" and other kindred amusements; but for me, I pay a visit to the Thomas Commercial Emporium and Curiosity Shop.

The date of the institution's origin and birth would, I am sure, be of interest, but it is safe to assume that once upon a time George Washington was a customer and overnight guest, and that a department of tomahawks, bows and arrows, beads, etc., took care of our local Indian trade.

Washington A Sleeper

To digress for a moment, it has often occurred to me, judging from the countless "Washington Slept Here" signs and placards encountered along our highways, that the Father of Our Country must have been one of the greatest sleepers of all time. While historians and artists have been zealous and lavish in their efforts to do him justice, they have failed signally, in my judgment, to memorialize properly his peripatetic sleeping habits. Why not have the general gazing upon us, say, from our paper currency, or from the pedestal of one of his many effigies, all "dolled up" in a night gown. His outstanding accomplishment as a sleeper certainly should receive this long-neglected and well-deserved recognition.

Returning now to the Thomas Store, permit me to say that imme-

RICHARD STORM WITH FIGHTING UNIT IN ITALY

(Special To The Times)

With the Fifth Army, Italy (By Mail)—Pvt. Richard O. C. Storm, of McSherrystown, is serving with the 349th Infantry Regiment, one of Lt. General Mark W. Clark's Fifth Army units which smashed the Gustav and Hitler lines and chased the Germans from the Garigliano to the Arno river in Italy.

Part of the 88th Infantry Division, first Selective Service infantry division to enter combat on any front, the 349th piled up a total of 95 miles gained in 46 days of actual combat during the Fifth Army sweep up the Italian peninsula.

Known as the "Kraut-Killers," doughboys of the 349th fought across some of the worst mountainous terrain to capture Fondi, key point in the vaunted Adolf Hitler line, and protected the flank of the French Corps in its push across Mts. Ausoni and Lepini.

Ambush Entire Company

Highlight of the regiment's action below Rome came at Maenza when one platoon ambushed an entire German armored company attempting to flee the town.

After driving through Rome, the 349th was pulled back for rest about mid-June. It returned to combat early in July, and after its envelopment of Volterra, it overcame stubborn enemy resistance in a smash to the south bank of the Arno river.

During the action, one of its toughest battles occurred after capture of Palaia and San Miniato, when a platoon of the 349th beat off eight German counterattacks of near battalion strength while holed up in a house at Calenzano.

Colonel Joseph B. Crawford, of Humbolt, Kansas, veteran of North Africa, Sicily, Salerno and Anzio, and holder of six decorations for bravery, commands the 349th Infantry Regiment.

ODD FELLOWS HOLD SERVICE

Memorial services for T-5 James W. Gilbert, Jr., who was killed in action in France, were held by Gettys lodge No. 124, IOOF, Tuesday evening following the regular lodge meeting. Gilbert was the first member of the lodge to lose his life in the war.

J. F. Dougherty presided and gave the invocation and scripture reading.

The Rev. Howard Schley Fox, pastor of Trinity Evangelical Reformed church, delivered the memorial address. He gave a short resume of his personal relations with Gilbert and told of letters received from him.

Thomas J. Winebrenner gave a few extemporaneous remarks concerning his association with the deceased.

The meeting closed with the singing of one verse of "God Bless America," followed by the benediction by the Rev. Mr. Fox.

TO TEACH MEN'S CLASS

The Rev. Ralph R. Baker, who recently accepted the charge of the Saegertown-Venango parish of the Pittsburgh Synod of the United Lutheran church, will teach for the last time this Sunday the Men's Bible class at the St. James Lutheran church. The Rev. Mr. Baker expects to leave Gettysburg in the first two weeks in October.

Philippines' Raiders Use Seized Bases

Allied Headquarters, New Guinea, Sept. 20 (AP)—The first big raid on the Philippines since the twin invasions of Morotai and the Palaus indicated today the "battle of the approaches" has roared into a new phase on the south.

To the east, one of the two invaded islands in the Palaus virtually was conquered and unofficial reports from the invasion scene placed the other on the point of falling.

At Morotai, within 300 miles of the southern Philippines, today's report implied that the newly acquired base already is throwing punches at the primary objective of Gen. Douglas MacArthur. For the first time, he listed attacks by Mitchell medium bombers, which go down to treetop height and wreak methodical destruction.

They spread fires over the airdrome and piers at Buayan on that portion of Mindanao which is nearest to Morotai.

Tough Opposition

In a communique last night at Pearl Harbor, Adm. Chester W. Nimitz announced that 81st Division troops hold two thirds of Angaur, southernmost of the Palaus and have pocketed remnants of the small Japanese garrison.

On heavily-defended Peleliu island, Marine Corps captors of the prized airdrome were credited in official reports with controlling most of the east coast but found the going rough against Japanese pillbox and trench positions in the center and on the west.

That covered developments through Monday, U. S. time (Tuesday at the invasion scene).

(Today, Palau time, in a Blue network broadcast from Peleliu, John Cooper, representing the combined American networks, said the Leathernecks have seized all but the north tip of the island. He said the portion still in enemy hands did not present too serious a problem and already naval shelling of Nipponese positions have been discontinued.

Jap Planes Blocked

(Cooper reported the Japanese have not been able to get a single plane through the curtain of American aircraft ruling the skies over Peleliu.)

Japan's concern over the danger to the Philippines presented by Morotai was suggested by MacArthur's report today of a third unsuccessful attempt of enemy planes to deal a sneak, night-shielded blow at that base.

MacArthur's announcement of Allied air activities included a 145-ton pounding of often raided Dutch Celebes. Nimitz' communique told of strikes at Shumushu and Paramushiro in the Kuriles, including the strafing of an enemy destroyer, and a single plane raid on Iwo Jima in the volcano islands, 750 miles south of Tokyo.

ARREST WOMEN AS DISORDERLY

Mrs. Dorothy Shellman, 20, and Mrs. Evelyn Stoner, 24, both of 307 Baltimore street, were taken into custody about 2:30 o'clock Tuesday morning at that address by Borough Officers L. E. Wisler and Clark M. Staley. The women were confined to jail but later released after they were fined $10 each for disorderly conduct by Justice of the Peace Robert P. Snyder.

Officer Staley refused to disclose the name of the person who preferred the charges against the two women. The prosecutor was reported to have been a resident of the same building as the defendants.

Justice Snyder denied the case was brought in his office.

5 Births Within Day At Hospital

The stork kept attendants at the Warner hospital busy during the last 24 hours during which four boys and a girl were born.

Sons were born this morning to Mr. and Mrs. Edward Heiser, Gettysburg R. 2, and Mr and Mrs James H. Black, Gardners R 1. A daughter was born this morning to Mr. and Mrs John E. Slaybaugh, Aspers R. 1.

A son was born Tuesday afternoon to Mr. and Mrs. Glenn S. Bishop, 117 Steinwehr avenue, and a son Tuesday evening to Mr. and Mrs. Leo J. Gerrie, Emmitsburg.

Huge Baltic Drive Rolls Boche Back

By EDDY GILMORE

Moscow, Sept. 20 (AP) — A massive Baltic drive, first phase of a supreme Russian autumn offensive, rolled the Germans back steadily today over the Latvian front, imminently menacing Riga and threatening to bring its fall at any moment. Front dispatches said advance tank and motorized infantry units had pushed deep into the city's defenses. The official communique announced an approach to within six miles as the Red Army edged in from three sides and brought artillery to bear.

Huge Fall Drive

In four days the Russian Baltic armies have captured nearly 3,000 communities in their smashing attack, which promises to clear all the Germans shortly from Estonia, Latvia and Lithuania and pave the way for the remaining steps of the autumn offensive, expected to be bigger than anything to date. Developments may be expected from the Gulf of Finland to Yugoslavia.

The fury with which the Red Army is attacking on the Baltic front seems indicative of the way Marshal Stalin's forces finally will tear into the Nazis on every sector. The present northern campaign appears aimed at driving out, killing or capturing the last German in the Baltic region before the first snows of winter.

The heaviest Russian attack in Latvia occurred southeast of Riga, with Gen. Ivan Bagramian's forces smashing forward 25 miles on a 75-mile front, sending the Germans reeling back into the Latvian capital.

More than 2,000 places fell in that area within four days.

Near Belgrade

The closest approach to Riga officially disclosed came with capture of Kekava, on the west bank of the Daugava (Dvina) river six miles south of the city. A Soviet communique said the Germans there had orders "not to retreat a single step" but they lost more than 3,000 men. In five days on the whole front the Germans have lost 570 tanks and 390 planes.

The Germans attempted a counterattack west of Jelgava below Riga to protect the coastal corridor connecting their forces in eastern and western Latvia, but the Soviet communique said the attacks were repulsed.

Southward in Romania combined Romanian-Russian forces captured Timisoara, 20 miles from the Yugoslav border and 73 miles northeast of Belgrade, Yugoslav capital.

There was no official Russian word on action on other fronts, but Red Army artillery kept firing at Warsaw from across the formidable barrier of the Vistula river.

BULLETINS

Stockholm, Sept. 20 (AP)—Finland broke relations today with German puppet states Hungary, Croatia and Slovakia.

Supreme Headquarters Allied Expeditionary Force, Sept. 20 (AP)—Airborne troops and supplies were landed today in Holland for the fourth consecutive day.

London, Sept. 20 (AP)—For the third night in succession the Germans struck at London and southern counties with flying bombs last night. Although the attack was not heavy compared with previous robot assaults, considerable damage was done to homes in scattered areas. A fire watcher was among the fatalities.

London, Sept. 20 (AP)—The German communique acknowledged today that Russian troops had crossed the wide Vistula river at Warsaw but insisted that Red troops on the west bank "were cut off."

Southeast Asia Command Headquartres, Kandy, Ceylon, Sept. 20 (AP)—The Fifth Indian division, pursuing the retreating Japanese deeper into Burma, has reached the outskirts of Tongzang, about 15 miles north of Tiddim, Allied headquarters announced today.

Weather Forecast

Partly cloudy tonight and Thursday; slightly warmer.

Large Force Ready To Hop From Holland

By JAMES M. LONG

London, Sept. 20 (AP)—Massive forces of British Army and airborne troops straddled the lower Rhine in Holland five miles from Germany today, in position for a great new invasion of the Reich around the upper end of the Siegfried line.

British Second Army armor threw a 50-mile long cut-off wall across eastern Holland in 48 hours. It merged solidly with parachute-glider soldiers dropped near Nijmegen on the wall Rhine. The British were apparently battling on to link with still other sky troops 10 miles farther north on the upper branch of the river near Arnhem.

Plan New Offensive

The Siegfried line was being outflanked. The path was opening for a wheeling offensive across the flatlands of northern Germany. Nazis in southwestern Holland were menaced with entrapment.

Americans struck fierce German resistance in the invasion of Germany, and in their offensives from the Nancy-Metz line and toward the Belfort gap farther south. But two doughboy columns had thrust 20 miles or more beyond Nancy toward Strasbourg.

With the big supply port of Brest on Britany peninsula in U. S. hands, Canadians battled into the channel port of Boulogne. An unconfirmed Algiers broadcast said Boulogne's garrison already had surrendered.

A front dispatch said a new junction of the British Second Army and the First Allied airborne army had occurred on the south bank of the Waal Rvn (Rhine) on the edge of Nijmegen.

New Air Landings

The pathway to the north extends across two arms of the lower Rhine from Nijmegen to Arnhem, both of which were identified officially as the targets of Sunday's landings by the air troops.

Additional Allied landings were reported by the German DNB news agency to have been made in the Dutch provinces of Utrecht and Gelderland, immediately north and northeast of Arnhem and Nijmegen.

At Nijmegen the British were 12 miles west and slightly north of the German city of Kleve, which has been authoritatively described as the northern terminus of the Siegfried line. Essen in the heart of Germany's industrial Ruhr valley is 43 miles southeast of Kleve.

Field Marshal Sir Bernard L. Montgomery, who is in overall command of the ground and airborne armies on the northern front, told his troops in Belgium yesterday that there was "no doubt" the war against the Germans would end this year.

Germans Are Doomed

Declaring that "no human power can stop the utter and complete defeat of the remnants of the German Army," Montgomery added:

"I would say there is no point in rushing straightaway to Berlin today or this week. If you first defeat the Germans or collect them in as prisoners you will make the job easy."

As the Allied power blow on the northern flank took shape the American First Army on the front facing east shelled Duren, 20 miles southwest of Cologne, and Prum, eight miles inside Germany and 45 miles west of Coblenz. This shelling may presage the long-awaited drive into the Rhineland.

In the sector north of Aachen the American First Army made still another crossing into Germany. A dispatch from the official Dutch news agency Aneta said the Yanks had liberated the Netherlands border city of Sittard, 13 miles northeast of Maastricht, in the vicinity of the new penetration into Germany.

Rains Slow Allies

Rains yesterday along the Allied line from the region of Cologne to Belfort Gap turned the front into a quagmire enabling the Germans to fight the American First, Third and Seventh armies to a virtual standstill.

The Germans turned robot flying bombs against the rear area of the American Third army as a mighty battle raged over an area of 50 square miles along an arc east of the French city of Nancy. A front dispatch said the German high command was throwing men and tanks away recklessly in an effort to halt

Predict New Invasion Of Reich

20,000 Boche, Badly Beaten, Assert They'll Win Next War

By HAL BOYLE

Romorantin, France, Sept. 16 (Delayed (AP)—The last 20,000 Nazi troops in southern France marched to the shelter of American barbed wire with scowls, music, flying Swastikas and talk of how Germany could win the next world war.

Glad to be safe from the French Maquis and the strafing of the U. S. Ninth Air force but still cockily convinced that they are peerless in battle, they worried most about whether they would be able to advise relatives they were safe.

One Nazi wanted to know whether there would be plenty of whiskey in American prison camps. Another asked if he could take a correspondence course at Harvard.

It was strange to watch thousands of fully armed enemy marine, air force and army troops march toward surrender points on the Loire river at Orleans, Beaugency and Mer.

Afraid of French

Although they retained their weapons only because they feared French retribution before they reached American Army prison pens, some of the Germans apparently would have preferred to fight rather than follow their commander, Maj. Gen. Erich Elsner, into surrender. These were principally the marines from French ports.

"Most of them are younger men who never have been in a real fight," said Lt. A. J. MacNab, Jr., of Burlington, Vermont. "Some feel their general sold them down the river. But actually he saved them from being chopped into hamburger."

I watched for more than two hours the long and sorry columns which told more vividly than words the plight of dying German military might. Here were no rumbling Panzers, no motorized blitzkrieg. Only the slow, tedious plodding of tired horses and tired men, the gasping cough of badly worn trucks.

"You defeated us only because you had better material," said one Oberleutnant Ben Wiese, former South American steel explorer, said: "It is destiny."

Always an Excuse

Always the excuse—never yet an admission that Germany is beaten because she just didn't have the stuff on the ball.

More than one predicted Germany would win "the next time" by concentrating on better material.

Even marching into military oblivion, the German troops kept full discipline.

One company, dressed as if for parade, stomped spiritedly past. They sang a martial song and then a sentimental ballad of the Fatherland. The last word echoed back from around a curve. It was "heimat" (native home).

Many limped badly. They had marched from the Spanish border.

They turned sullen looks on a carload of men from the FFI which sped past with guns sticking out of the windows.

The German officers conducted themselves with scrupulous politeness but many of the men glared or sneered at French peasants lining the route, peasants who were pleased as a rabbit watching a hound dog in a beartrap. Particularly happy was farmer Louis Baudoin, who said:

Kaput Is Epitaph

"They took my pigs, my little bicycle and my carts. Sometimes they paid and sometimes they did not. Then four weeks ago one soldier shot my 15-year-old boy through the leg. It is worth taking a day off to see them march in defeat."

He passed out free drinks of the local white mule to all comers except Germans.

"Look pretty for the camera—wear a smile," said one Nazi officer sarcastically as Cy Peterman, Philadelphia Inquirer correspondent, snapped a picture. The men took him at his word and put forth all the good will expressions they could muster.

The last vehicle in line was an ancient French truck loaded to the top with weary Nazi soldiers. It coughed and sputtered and then came to a halt.

"Kaput!" said one Nazi despairingly.

It was an epitaph for an entire German army.

Permit Collection Of Floss On 'Field

Over 1,000 sacks have been distributed to school children in Adams county for the collection of milkweed pods, Richard C. Lighter, vocational education adviser for the county and paymaster for the project, announced today. An additional 800 sacks have been ordered. A rate of 20 cents per bag has been set for the collection.

Gathering of the floss begins officially Thursday and will be continued until the end of the month. The floss will be used in life belts and jackets for military purposes.

Dr. Walter F. Coleman, superintendent of Gettysburg Battlefield, announced today that collection of the floss on the battlefield by individuals is permissible.

23 SCOUTS WIN AWARDS; COURT OF HONOR HELD

Twenty-three Boy Scouts received awards Tuesday night at a Court of Honor held in the borough council room in the fire engine house, East Middle street.

Joseph W. Stevenson, Sr., Orrtanna, scoutmaster of Troop 73 at Cashtown, received the Eagle badge, the highest award made to active scouts. At the same time his son, John W. Stevenson, Jr., a member of Troop 73, was presented with the Life Award badge, the second highest scouting honor.

Other high awards made were the Star rank to Richard Starner, of Bendersville, a member of Troop 72, and a scoutmaster's key to Jack Cessna, scoutmaster of Troop 77.

Dean Wilbur E. Tilberg, chairman of the Court of Honor, presided. Other members of the court were Dr. Frederick Tilberg, chairman of the Black Walnut district of the York-Adams area council; O. H. Benson, of Guernsey, retired national director of rural scouting; Ray F. Zaner, chief scout executive of the York-Adams area, and Dr. J. Walter Coleman, superintendent of the Gettysburg National park.

Issue Merit Badges

Among the other awards made were the following first class merit badges: Joe Stevenson, Jr., 73, public health, personal health and athletics; Jack Cessna, 77, bird study and plumbing; Sydney J. Poppay, Jr., 77, chemistry and personal health; William H. Snyder, 77, personal health, and Richard Sterner, 77, cooking and public health.

The second class merit badges presented were as follows: Frederick Diehl, 73, personal health; Ivan Breighner, Jr., 77, handicraft; Ray K. Breighner, 77, pathfinding and handicraft; William H. Bushman, 77, pathfinding, and Fred March, 77, handicraft.

Bruce Westerdahl, Troop 77, received his first class rank badge and four each were awarded their second class and tenderfoot badges. The second class scouts are James Unger, 72; Richard Dobbin, 78; Ivan Breighner, 77, and Bob Krick, 77. Tenderfoot scouts are George Gantz, 72; Frank Gantz, 72; John Trout, 77, and Tom Trout, 77.

Plan Meetings

At the opening of the court Joseph Stevenson, Jr., led the assembly in the scout oath and scout law.

MRS. BOWLING DIES TUESDAY

Mrs. Laura L. Bowling, 81, wife of Lewis Bowling, died at her home in Freedom township, Fairfield R. 2, Tuesday afternoon at 2:45 o'clock from a complication of diseases.

A native of Adams county, the deceased was a daughter of the late Joseph and Jane (Currens) Baker. She had lived in Freedom township since 1906. She and Mr. Bowling were married 57 years ago.

Mrs. Bowling was a member of Elias Lutheran church in Emmitsburg.

Surviving are the husband and these children: J. Leslie Bowling, Washington, D. C., L. Emory, Monrovia, Calif., Mrs. C. E. Rohrbaugh, Fairfield R. 2, and Mrs. Joseph Mumper, Gettysburg. There are 14 grandchildren and six great grandchildren.

Funeral services from the Bowling home Friday afternoon at 2 o'clock with the Rev. Philip Bower, her pastor, officiating. Interment in Mountainview cemetery, Emmitsburg.

Friends may call Thursday at the home.

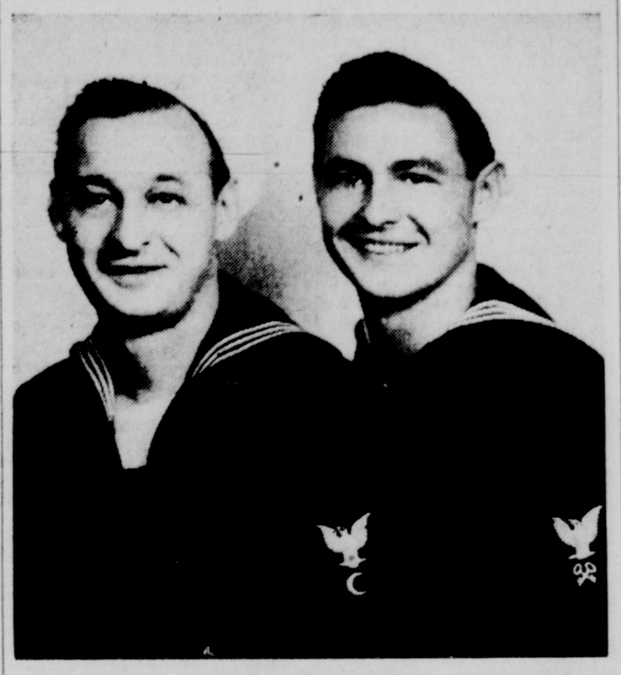
New Manager For Procurement Office

Albert Wegner, of Fairport, New York, today assumed his duties as manager of the Gettysburg office of the procurement division of the Jersey City Quartermaster depot, replacing Harry E. Rice, who is leaving to enter private industry.

Rice, who has been in Gettysburg for about two years, will leave October 15 to go to Akron, Ohio. Wegner arrived in Gettysburg Tuesday and expects to reside here. The Gettysburg office purchases for all government agencies supplies of canned good from food processors. This office has charge of procurement throughout Pennsylvania, the northern and western parts of Maryland, and parts of Virginia and West Virginia. The office is on the second floor of the post office building, Baltimore street.

Brothers In Service

Ship's Cook 2/c Allan Sprankel and his brother Storekeeper 2/c Stanley E. Sprankel, sons of Mrs. Earl Sprankel, 238 South Washington street, who are serving in the United States Navy. Ship's Cook Allan Sprankel has been instructing at naval bases in this country and Storekeeper Stanley E. Sprankel recently spent a furlough here after serving in the Atlantic and Pacific theaters of operation.



Here And There

News Collected At Random

The problem of ridding Gettysburg of mosquitoes, a nuisance of many years' standing, may have been solved.

Time magazine, recently reporting on the new insecticide, DDT, said this:

Censorship was lifted last week from one of the great scientific discoveries of World War II. It is an insecticide called DDT. DDT stopped a typhus epidemic in Naples. It promises to wipe out the mosquito and malaria, to liquidate the household fly, cockroach and bedbug, to control some of the most damaging insects that prey on the world's crops. Lieut. Colonel A. L. Ahnfeldt, of the U. S. Surgeon General's office, exclaimed last week: "DDT will be to preventive medicine what Lister's discovery of antiseptics was to surgery."

* * *

The use of DDT as a delousing agent against typhus has been an open secret for several months. But recently its manufacturers and Army, Agriculture and WPB officials joined in announcing some of its other amazing properties:

Sprayed on a wall, it kills any fly that touches the wall for as long as three months afterward.

A bed sprayed with DDT remains deadly to bedbugs for 300 days.

Clothing dusted with it is safe from lice for a month, even after eight launderings.

A few ounces dropped in a swamp kills all mosquito larvae.

It is deadly to such common household pests as moths, roaches, termites, dog's fleas.

(Please Turn to Page 5)

BIGLER BOARD JUGGLES STAFF

Due to the increased enrollment in the Biglerville school system the following reorganization of the supervisory staff was announced for the 1944-45 term by the board of school directors at a special meeting Tuesday evening:

Prof. L. V. Stock will continue as supervising principal of the schools and principal of the high school; Prof. Charles L. Yost continues as assistant supervising principal and supervisor of music; S. Ray Shetter has been elected to assume the routine duties of the junior-senior high school and to act as assistant principal of the high school; Francis Coulson continues as elementary school principal and Miss Caroline Rex as supervisor of art.

All other teachers remain as previously assigned.

The board took action to relieve the congestion in the grade school building.

All members of the board were present at the meeting.

WELFARE UNIT WILL MEET

A region eight meeting of the Pennsylvania Welfare conference, including Adams, Cumberland, Dauphin, Juniata, Lancaster, Lebanon, York, Perry and Mifflin counties, will be held in Lewistown Tuesday, September 26. All sessions will be held in Grace Evangelical church at Lewistown where luncheon will also be served.

The theme of the conference will be "For Better Understanding of the Social Forces as They Will Operate in the Post War Era."

Among the speakers will be Dr. Marion Trabue, Pennsylvania State college; Judge Herbert F. Goodrich, Philadelphia; Judge William W. Uttley, Mifflin county, and Mrs. Emilie B. Myers, Media.

Dr. Harvey D. Hoover, Springs avenue, is a member of the executive board for the region and Mrs. Verna Myers, Adams county director of public welfare, is a member of the membership committee.

Mrs. Henry T. Bream, North Stratton street, of the Adams County Child Welfare Advisory board, represented the county at a recent meeting at the YMCA at Harrisburg.

Man Is Jailed In Default Of Bond

Clarence I. Gilbert, Fayetteville R. 1, was arrested this morning and committed to the county jail in default of $500 bail on a charge of desertion and non-support brought by his wife, Mrs. Esther M. Gilbert.

Special Deputy Sheriff Clark W. Staley made the arrest and a preliminary hearing was held before Justice of the Peace Robert P. Snyder. Gilbert was held for court October 16.

RICHARD STORM WITH FIGHTING UNIT IN ITALY

(Special To The Times)

With the Fifth Army, Italy (By Mail)—Pvt. Richard O. C. Storm, of McSherrystown, is serving with the 349th Infantry Regiment, one of Lt. General Mark W. Clark's Fifth Army units which smashed the Gustav and Hitler lines and chased the Germans from the Garigliano to the Arno river in Italy.

Part of the 88th Infantry Division, first Selective Service infantry division to enter combat on any front, the 349th piled up a total of 95 miles gained in 46 days of actual combat during the Fifth Army sweep up the Italian peninsula.

Known as the "Kraut-Killers," doughboys of the 349th fought across some of the worst mountainous terrain to capture Fondi, key point in the vaunted Adolf Hitler line, and protected the flank of the French Corps in its push across Mts. Ausoni and Lepini.

Ambush Entire Company

Highlight of the regiment's action below Rome came at Maenza when one platoon ambushed an entire German armored company attempting to flee the town.

After driving through Rome, the 349th was pulled back for rest about mid-June. It returned to combat early in July, and after its envelopment of Volterra, it overcame stubborn enemy resistance in a smash to the south bank of the Arno river.

During the action, one of its toughest battles occurred after capture of Palaia and San Miniato, when a platoon of the 349th beat off eight German counterattacks of near battalion strength while holed up in a house at Calenzano.

Colonel Joseph B. Crawford, of Humbolt, Kansas, veteran of North Africa, Sicily, Salerno and Anzio, and holder of six decorations for bravery, commands the 349th Infantry Regiment.

ODD FELLOWS HOLD SERVICE

Memorial services for T-5 James W. Gilbert, Jr., who was killed in action in France, were held by Gettys lodge No. 124, IOOF, Tuesday evening following the regular lodge meeting. Gilbert was the first member of the lodge to lose his life in the war.

J. F. Dougherty presided and gave the invocation and scripture reading.

The Rev. Howard Schley Fox, pastor of Trinity Evangelical Reformed church, delivered the memorial address. He gave a short resume of his personal relations with Gilbert and told of letters received from him.

Thomas J. Winebrenner gave a few extemporaneous remarks concerning his association with the deceased.

The meeting closed with the singing of one verse of "God Bless America," followed by the benediction by the Rev. Mr. Fox.

TO TEACH MEN'S CLASS

The Rev. Ralph R. Baker, who recently accepted the charge of the Saegertown-Venango parish of the Pittsburgh Synod of the United Lutheran church, will teach for the last time this Sunday the Men's Bible class at the St. James Lutheran church. The Rev. Mr. Baker expects to leave Gettysburg in the first two weeks in October.

Scribe Describes Thomas' Store, Biglerville, As An Emporium, Curiosity Shop

By LEIGHTON C. TAYLOR

For a long time your correspondent has had in mind writing his impressions of one of Biglerville's intensely interesting, unique, and invaluable institutions—Thomas' general store.

My friends and acquaintances, seeking pleasure and relaxation, patronize the "movies" and other kindred amusements; but for me, I pay a visit to the Thomas Commercial Emporium and Curiosity Shop.

The date of the institution's origin and birth would, I am sure, be of interest, but it is safe to assume that once upon a time George Washington was a customer and overnight guest, and that a department of tomahawks, bows and arrows, beads, etc., took care of our local Indian trade.

Washington A Sleeper

To digress for a moment, it has often occurred to me, judging from the countless "Washington Slept Here" signs and placards encountered along our highways, that the Father of Our Country must have been one of the greatest sleepers of all time. While historians and artists have been zealous and lavish in their efforts to do him justice, they have failed signally, in my judgment, to memorialize properly his peripatetic sleeping habits. Why not have the general gazing upon us, say, from our paper currency, or from the pedestal of one of his many effigies, all "dolled up" in a night gown. His outstanding accomplishment as a sleeper certainly should receive this long-neglected and well-deserved recognition.

Returning now to the Thomas Store, permit me to say that imme-

Philippines' Raiders Use Seized Bases

Allied Headquarters, New Guinea, Sept. 20 (AP)—The first big raid on the Philippines since the twin invasions of Morotai and the Palaus indicated today the "battle of the approaches" has roared into a new phase on the south.

To the east, one of the two invaded islands in the Palaus virtually was conquered and unofficial reports from the invasion scene placed the other on the point of falling.

At Morotai, within 300 miles of the southern Philippines, today's report implied that the newly acquired base already is throwing punches at the primary objective of Gen. Douglas MacArthur. For the first time, he listed attacks by Mitchell medium bombers, which go down to treetop height and wreak methodical destruction.

They spread fires over the airdrome and piers at Buayan on that portion of Mindanao which is nearest to Morotai.

Tough Opposition

In a communique last night at Pearl Harbor, Adm. Chester W. Nimitz announced that 81st Division troops hold two thirds of Angaur, southernmost of the Palaus and have pocketed remnants of the small Japanese garrison.

On heavily-defended Peleliu island, Marine Corps captors of the prized airdrome were credited in official reports with controlling most of the east coast but found the going rough against Japanese pillbox and trench positions in the center and on the west.

That covered developments through Monday, U. S. time (Tuesday at the invasion scene).

(Today, Palau time, in a Blue network broadcast from Peleliu, John Cooper, representing the combined American networks, said the Leathernecks have seized all but the north tip of the island. He said the portion still in enemy hands did not present too serious a problem and already naval shelling of Nipponese positions have been discontinued.

Jap Planes Blocked

(Cooper reported the Japanese have not been able to get a single plane through the curtain of American aircraft ruling the skies over Peleliu.)

Japan's concern over the danger to the Philippines presented by Morotai was suggested by MacArthur's report today of a third unsuccessful attempt of enemy planes to deal a sneak, night-shielded blow at that base.

MacArthur's announcement of Allied air activities included a 145-ton pounding of often raided Dutch Celebes. Nimitz' communique told of strikes at Shumushu and Paramushiro in the Kuriles, including the strafing of an enemy destroyer, and a single plane raid on Iwo Jima in the volcano islands, 750 miles south of Tokyo.

ARREST WOMEN AS DISORDERLY

Mrs. Dorothy Shellman, 20, and Mrs. Evelyn Stoner, 24, both of 307 Baltimore street, were taken into custody about 2:30 o'clock Tuesday morning at that address by Borough Officers L. E. Wisler and Clark M. Staley. The women were confined to jail but later released after they were fined $10 each for disorderly conduct by Justice of the Peac Robert P. Snyder.

Officer Staley refused to disclose the name of the person who preferred the charges against the two women. The prosecutor was reported to have been a resident of the same building as the defendants.

Justice Snyder denied the case was brought in his office.

5 Births Within Day At Hospital

The stork kept attendants at the Warner hospital busy during the last 24 hours during which four boys and a girl were born.

Sons were born this morning to Mr. and Mrs. Edward Heiser, Gettysburg R. 2, and Mr. and Mrs. James H. Black, Gardners R. 1. A daughter was born this morning to Mr. and Mrs. John E. Slaybaugh, Aspers R. 1.

A son was born Tuesday afternoon to Mr. and Mrs. Glenn S. Bishop, 117 Steinwehr avenue, and a son Tuesday evening to Mr. and Mrs. Leo J. Gerrie, Emmitsburg.

Huge Baltic Drive Rolls Boche Back

By EDDY GILMORE

Moscow, Sept. 20 (AP) — A massive Baltic drive, first phase of a supreme Russian autumn offensive, rolled the Germans back steadily today over the Latvian front, imminently menacing Riga and threatening to bring its fall at any moment.

Front dispatches said advance tank and motorized infantry units had pushed deep into the city's defenses. The official communique announced an approach to within six miles as the Red Army edged in from three sides and brought artillery to bear.

Huge Fall Drive

In four days the Russian Baltic armies have captured nearly 3,000 communities in their smashing attack, which promises to clear all the Germans shortly from Estonia, Latvia and Lithuania and pave the way for the remaining steps of the autumn offensive, expected to be bigger than anything to date. Developments may be expected from the Gulf of Finland to Yugoslavia.

The fury with which the Red Army is attacking on the Baltic front seems indicative of the way Marshal Stalin's forces finally will tear into the Nazis on every sector. The present northern campaign appears aimed at driving out, killing or capturing the last German in the Baltic region before the first snows of winter.

The heaviest Russian attack in Latvia occurred southeast of Riga, with Gen. Ivan Bagramian's forces smashing forward 25 miles on a 75-mile front, sending the Germans reeling back into the Latvian capital.

More than 2,000 places fell in that area within four days.

Near Belgrade

The closest approach to Riga officially disclosed came with capture of Kekava, on the west bank of the Daugava (Dvina) river six miles south of the city. A Soviet communique said the Germans there had orders "not to retreat a single step" but they lost more than 3,000 men. In five days on the whole front the Germans have lost 570 tanks and 390 planes.

The Germans attempted a counterattack west of Jelgava below Riga to protect the coastal corridor connecting their forces in eastern and western Latvia, but the Soviet communique said the attacks were repulsed.

Southward in Romania combined Romanian-Russian forces captured Timisoara, 20 miles from the Yugoslav border and 73 miles northeast of Belgrade, Yugoslav capital.

There was no official Russian word on action on other fronts, but Red Army artillery kept firing at Warsaw from across the formidable barrier of the Vistula river.

BULLETINS

Stockholm, Sept. 20 (AP)—Finland broke relations today with German puppet states Hungary, Croatia and Slovakia.

Supreme Headquarters Allied Expeditionary Force, Sept. 20 (AP)—Airborne troops and supplies were landed today in Holland for the fourth consecutive day.

London, Sept. 20 (AP)—For the third night in succession the Germans struck at London and southern counties with flying bombs last night. Although the attack was not heavy compared with previous robot assaults, considerable damage was done to homes in scattered areas. A fire watcher was among the fatalities.

London, Sept. 20 (AP)—The German communique acknowledged today that Russian groups had crossed the wide Vistula river at Warsaw but insisted that Red troops on the west bank "were cut off."

Southeast Asia Command Headqaurtres, Kandy, Ceylon, Sept. 20 (AP)—The Fifth Indian division, pursuing the retreating Japanese deeper into Burma, has reached the outskirts of Tongzang, about 15 miles north of Tiddim, Allied headquarters announced today.

Weather Forecast

Partly cloudy tonight and Thursday; slightly warmer.

Large Force Ready To Hop From Holland

By JAMES M. LONG

London, Sept. 20 (AP)—Massive forces of British Army and airborne troops straddled the lower Rhine in Holland five miles from Germany today, in position for a great new invasion of the Reich around the upper end of the Siegfried line.

British Second Army armor threw a 50-mile long cut-off wall across eastern Holland in 48 hours. It merged solidly with parachute-glider soldiers dropped near Nijmegen on the wall Rhine. The British were apparently battling on to link with still other sky troops 10 miles farther north on the upper branch of the river near Arnhem.

Plan New Offensive

The Siegfried line was being outflanked. The path was opening for a wheeling offensive across the flatlands of northern Germany. Nazis in southwestern Holland were menaced with entrapment.

Americans struck fierce German resistance in the invasion of Germany, and in their offensives from the Nancy-Metz line and toward the Belfort gap farther south. But two doughboy columns had thrust 20 miles or more beyond Nancy toward Strasbourg.

With the big supply port of Brest on Britany peninsula in U. S. hands, Canadians battled into the channel port of Boulogne. An unconfirmed Algiers broadcast said Boulogne's garrison already had surrendered.

A front dispatch said a new junction of the British Second Army and the First Allied airborne army had occurred on the south bank of the Waal Ryn (Rhine) on the edge of Nijmegen.

New Air Landings

The pathway to the north extends across two arms of the lower Rhine from Nijmegen to Arnhem, both of which were identified officially as the targets of Sunday's landings by the air troops.

Additional Allied landings were reported by the German DNB news agency to have been made in the Dutch provinces of Utrecht and Gelderland, immediately north and northeast of Arnhem and Nijmegen.

At Nijmegen the British were 12 miles west and slightly north of the German city of Kleve, which has been authoritatively described as the northern terminus of the Siegfried line. Essen in the heart of Germany's industrial Ruhr valley is 43 miles southeast of Kleve.

Field Marshal Sir Bernard L. Montgomery, who is in overall command of the ground and airborne armies on the northern front, told his troops in Belgium yesterday that there was "no doubt" the war against the Germans would end this year.

Germans Are Doomed

Declaring that "no human power can stop the utter and complete defeat of the remnants of the German Army," Montgomery added:

"I would say there is no point in rushing straightaway to Berlin today or this week. If you first defeat the Germans or collect them in as prisoners you will make the job easy."

As the Allied power blow on the northern flank took shape the American First Army on the front facing east shelled Duren, 20 miles southwest of Cologne, and Prum, eight miles inside Germany and 45 miles west of Coblenz. This shelling may presage the long-awaited drive into the Rhineland.

In the sector north of Aachen the American First Army made still another crossing into Germany. A dispatch from the official Dutch news agency Aneta said the Yanks had liberated the Netherlands border city of Sittard, 13 miles northeast of Maastrict, in the vicinity of the new penetration into Germany.

Rains Slow Allies

Rains yesterday along the Allied line from the region of Cologne to Belfort Gap turned the front into a quagmire enabling the Germans to fight the American First, Third and Seventh armies to a virtual standstill.

The Germans turned robot flying bombs against the rear area of the American Third army as a mighty battle raged over an area of 50 square miles along an arc east of the French city of Nancy. A front dispatch said the German high command was throwing men and tanks away recklessly in an effort to halt

THE GETTYSBURG TIMES

Truth Our Guide—The Public Good Our Aim — *With Honor to Ourselves and Profit to Our Patrons*

ESTABLISHED 1902 | Leased Wire Member of The Associated Press | GETTYSBURG, PA., WEDNESDAY EVENING, SEPTEMBER 20, 1944 | Read by Nearly Everybody in Adams County | PRICE THREE CENTS

Good Evening

Hitler says he'll fight to the last ditch. He'll be ditched before he gets there.

Predict New Invasion Of Reich

20,000 Boche, Badly Beaten, Assert They'll Win Next War

By HAL BOYLE

Romorantin, France, Sept. 16 (Delayed (AP)—The last 20,000 Nazi troops in southern France marched to the shelter of American barbed wire with scowls, music, flying Swastikas and talk of how Germany could win the next world war.

Glad to be safe from the French Maquis and the strafing of the U. S. Ninth Air force but still cockily convinced that they are peerless in battle, they worried most about whether they would be able to advise relatives they were safe.

One Nazi wanted to know whether there would be plenty of whiskey in American prison camps. Another asked if he could take a correspondence course at Harvard.

It was strange to watch thousands of fully armed enemy marine, air force and army troops march toward surrender points on the Loire river at Orleans, Beaugency and Mer.

Afraid of French

Although they retained their weapons only because they feared French retribution before they reached American Army prison pens, some of the Germans apparently would have preferred to fight rather than follow their commander, Maj. Gen. Erich Elsner, into surrender. These were principally the marines from French ports.

"Most of them are younger men who never have been in a real fight," said Lt. A. J. MacNab, Jr., of Burlington, Vermont. "Some feel their general sold them down the river. But actually he saved them from being chopped into hamburger."

I watched for more than two hours the long and sorry columns which told more vividly than words the plight of dying German military might. Here were no rumbling Panzers, no motorized blitzkrieg. Only the slow, tedious plodding of tired horses and tired men, the gasping cough of badly worn trucks.

"You defeated us only because you had better material," said one Oberleutnant Ben Wiese, former South American steel explorer, said: "It is destiny."

Always an Excuse

Always the excuse—never yet an admission that Germany is beaten because she just didn't have the stuff on the ball.

More than one predicted Germany would win "the next time" by concentrating on better material.

Even marching into military oblivion, the German troops kept full discipline.

One company, dressed as if for parade, stomped spiritedly past. They sang a martial song and then a sentimental ballad of the Fatherland. The last word echoed back from around a curve. It was "heimat" (native home).

Many limped badly. They had marched from the Spanish border.

They turned sullen looks on a carload of men from the FFI which sped past with guns sticking out of the windows.

The German officers conducted themselves with scrupulous politeness but many of the men glared or sneered at French peasants lining the route, peasants who were pleased as a rabbit watching a hound dog in a beartrap. Particularly happy was farmer Louis Baudoin, who said:

Kaput Is Epitaph

"They took my pigs, my little bicycle and my carts. Sometimes they paid and sometimes they did not. Then four weeks ago one soldier shot my 15-year-old boy through the leg. It is worth taking a day off to see them march in defeat."

He passed out free drinks of the local white mule to all comers except Germans.

"Look pretty for the camera—wear a smile," said one Nazi officer sarcastically as Cy Peterman, Philadelphia Inquirer correspondent, snapped a picture. The men took him at his word and put forth all the good will expressions they could muster.

The last vehicle in line was an ancient French truck loaded to the top with weary Nazi soldiers. It coughed and sputtered and then came to a halt.

"Kaput!" said one Nazi despairingly.

It was an epitaph for an entire German army.

Permit Collection Of Floss On 'Field

Over 1,000 sacks have been distributed to school children in Adams county for the collection of milkweed pods, Richard C. Lighter, vocational education adviser for the county and paymaster for the project, announced today. An additional 800 sacks have been ordered. A rate of 20 cents per bag has been set for the collection.

Gathering of the floss begins officially Thursday and will be continued until the end of the month. The floss will be used in life belts and jackets for military purposes.

Dr. Walter F. Coleman, superintendent of Gettysburg Battlefield, announced today that collection of the floss on the battlefield by individuals is permissible.

23 SCOUTS WIN AWARDS; COURT OF HONOR HELD

Twenty-three Boy Scouts received awards Tuesday night at a Court of Honor held in the borough council room in the fire engine house, East Middle street.

Joseph W. Stevenson, Sr., Orrtanna, scoutmaster of Troop 73 at Cashtown, received the Eagle badge, the highest award made to active scouts. At the same time his son, John W. Stevenson, Jr., a member of Troop 73, was presented with the Life Award badge, the second highest scouting honor.

Other high awards made were the Star rank to Richard Starner, of Bendersville, a member of Troop 72, and a scoutmaster's key to Jack Cessna, scoutmaster of Troop 77.

Dean Wilbur E. Tilberg, chairman of the Court of Honor, presided. Other members of the court were Dr. Frederick Tilberg, chairman of the Black Walnut district of the York-Adams area council; O. H. Benson, of Guernsey, retired national director of rural scouting; Ray F. Zaner, chief scout executive of the York-Adams area, and Dr. J. Walter Coleman, superintendent of the Gettysburg National park.

Issue Merit Badges

Among the other awards made were the following first class merit badges: Joe Stevenson, Jr., 73, public health, personal health and athletics; Jack Cessna, 77, bird study and plumbing; Sydney J. Poppay, Jr., 77, chemistry and personal health; William H. Snyder, 77, personal health, and Richard Sterner, 77, cooking and public health.

The second class merit badges presented were as follows: Frederick Diehl, 73, personal health; Ivan Breighner, Jr., 77, handicraft; Ray K. Breighner, 77, pathfinding and handicraft; William H. Bushman, 77, pathfinding, and Fred March, 77, handicraft.

Bruce Westerdahl, Troop 77, received his first class rank badge and four each were awarded their second class and tenderfoot badges. The second class scouts are James Unger, 72; Richard Dobbin, 78; Ivan Breighner, 77, and Bob Krick, 77. Tenderfoot scouts are George Gantz, 72; Frank Gantz, 72; John Trout, 77, and Tom Trout, 77.

Plan Meetings

At the opening of the court Joseph Stevenson, Jr., led the assembly in the scout oath and scout law.

Following the presentation of awards a sound film demonstrating

MRS. BOWLING DIES TUESDAY

Mrs. Laura L. Bowling, 81, wife of Lewis Bowling, died at her home in Freedom township, Fairfield R. 2, Tuesday afternoon at 2:45 o'clock from a complication of diseases.

A native of Adams county, the deceased was a daughter of the late Joseph and Jane (Currens) Baker. She had lived in Freedom township since 1906. She and Mr. Bowling were married 57 years ago.

Mrs. Bowling was a member of Elias Lutheran church in Emmitsburg.

Surviving are the husband and these children: J. Leslie Bowling, Washington, D. C., L. Emory, Monrovia, Calif., Mrs. C. E. Rohrbaugh, Fairfield R. 2, and Mrs. Joseph Mumper, Gettysburg. There are 14 grandchildren and six great grandchildren.

Funeral services from the Bowling home Friday afternoon at 2 o'clock with the Rev. Philip Bower, her pastor, officiating. Interment in Mountainview cemetery, Emmitsburg.

Friends may call Thursday at the home.

New Manager For Procurement Office

Albert Wegner, of Fairport, New York, today assumed his duties as manager of the Gettysburg office of the procurement division of the Jersey City Quartermaster depot, replacing Harry E. Rice, who is leaving to enter private industry.

Rice, who has been in Gettysburg for about two years, will leave October 15 to go to Akron, Ohio. Wegner arrived in Gettysburg Tuesday and expects to reside here. The Gettysburg office purchases for all government agencies supplies of canned good from food processors. This office has charge of procurement throughout Pennsylvania, the northern and western parts of Maryland, and parts of Virginia and West Virginia. The office is on the second floor of the post office building, Baltimore street.

Brothers In Service

Ship's Cook 2/c Allan Sprankel and his brother Storekeeper 2/c Stanley E. Sprankel, sons of Mrs. Earl Sprankel, 238 South Washington street, who are serving in the United States Navy. Ship's Cook Allan Sprankel has been instructing at naval bases in this country and Storekeeper Stanley E. Sprankel recently spent a furlough here after serving in the Atlantic and Pacific theaters of operation.

Here And There

News Collected At Random

The problem of ridding Gettysburg of mosquitoes, a nuisance of many years' standing, may have been solved.

Time magazine, recently reporting on the new insecticide, DDT, said this:

Censorship was lifted last week from one of the great scientific discoveries of World War II. It is an insecticide called DDT. DDT stopped a typhus epidemic in Naples. It promises to wipe out the mosquito and malaria, to liquidate the household fly, cockroach and bedbug, to control some of the most damaging insects that prey on the world's crops. Lieut. Colonel A. L. Ahnfeldt, of the U. S. Surgeon General's office, exclaimed last week: "DDT will be to preventive medicine what Lister's discovery of antiseptics was to surgery."

* * *

The use of DDT as a delousing agent against typhus has been an open secret for several months. But recently its manufacturers and Army, Agriculture and WPB officials joined in announcing some of its other amazing properties:

Sprayed on a wall, it kills any fly that touches the wall for as long as three months afterward.

A bed sprayed with DDT remains deadly to bedbugs for 300 days.

Clothing dusted with it is safe from lice for a month, even after eight launderings.

A few ounces dropped in a swamp kills all mosquito larvae.

It is deadly to such common household pests as moths, roaches, termites, dog's fleas.

BIGLER BOARD JUGGLES STAFF

Due to the increased enrollment in the Biglerville school system the following reorganization of the supervisory staff was announced for the 1944-45 term by the board of school directors at a special meeting Tuesday evening:

Prof. L. V. Stock will continue as supervising principal of the schools and principal of the high school; Prof. Charles L. Yost continues as assistant supervising principal and supervisor of music; S. Ray Shetter has been elected to assume the routine duties of the junior-senior high school and to act as assistant principal of the high school; Francis Coulson continues as elementary school principal and Miss Caroline Rex as supervisor of art.

All other teachers remain as previously assigned.

The board took action to relieve the congestion in the grade school building.

All members of the board were present at the meeting.

WELFARE UNIT WILL MEET

A region eight meeting of the Pennsylvania Welfare conference, including Adams, Cumberland, Dauphin, Juniata, Lancaster, Lebanon, York, Perry and Mifflin counties, will be held in Lewistown Tuesday, September 26. All sessions will be held in Grace Evangelical church at Lewistown where luncheon will also be served.

The theme of the conference will be "For Better Understanding of the Social Forces as They Will Operate in the Post War Era."

Among the speakers will be Dr. Marion Trabue, Pennsylvania State college; Judge Herbert F. Goodrich, Philadelphia; Judge William W. Uttley, Mifflin county, and Mrs. Emilie B. Myers, Media.

Dr. Harvey D. Hoover, Springs avenue, is a member of the executive board for the region and Mrs. Verna Myers, Adams county director of public welfare, is a member of the membership committee.

Mrs. Henry T. Bream, North Stratton street, of the Adams County Child Welfare Advisory board, represented the county at a recent meeting at the YMCA at Harrisburg.

Man Is Jailed In Default Of Bond

Clarence I. Gilbert, Fayettevile R. 1, was arrested this morning and committed to the county jail in default of $500 bail on a charge of desertion and non-support brought by his wife, Mrs. Esther M. Gilbert.

Special Deputy Sheriff Clark W. Staley made the arrest and a preliminary hearing was held before Justice of the Peace Robert P. Snyder. Gilbert was held for court October 16.

RICHARD STORM WITH FIGHTING UNIT IN ITALY

(Special To The Times)

With the Fifth Army, Italy (By Mail)—Pvt. Richard O. C. Storm, of McSherrystown, is serving with the 349th Infantry Regiment, one of Lt. General Mark W. Clark's Fifth Army units which smashed the Gustav and Hitler lines and chased the Germans from the Garigliano to the Arno river in Italy.

Part of the 88th Infantry Division, first Selective Service infantry division to enter combat on any front, the 349th piled up a total of 95 miles gained in 46 days of actual combat during the Fifth Army sweep up the Italian peninsula.

Known as the "Kraut-Killers," doughboys of the 349th fought across some of the worst mountainous terrain to capture Fondi, key point in the vaunted Adolf Hitler line, and protected the flank of the French Corps in its push across Mts. Ausoni and Lepini.

Ambush Entire Company

Highlight of the regiment's action below Rome came at Maenza when one platoon ambushed an entire German armored company attempting to flee the town.

After driving through Rome, the 349th was pulled back for rest about mid-June. It returned to combat early in July, and after its envelopment of Volterra, it overcame stubborn enemy resistance in a smash to the south bank of the Arno river.

During the action, one of its toughest battles occurred after capture of Palaia and San Miniato, when a platoon of the 349th beat off eight German counterattacks of near battalion strength while holed up in a house at Calenzano.

Colonel Joseph B. Crawford, of Humbolt, Kansas, veteran of North Africa, Sicily, Salerno and Anzio, and holder of six decorations for bravery, commands the 349th Infantry Regiment.

ODD FELLOWS HOLD SERVICE

Memorial services for T-5 James W. Gilbert, Jr., who was killed in action in France, were held by Gettys lodge No. 124, IOOF, Tuesday evening following the regular lodge meeting. Gilbert was the first member of the lodge to lose his life in the war.

J. F. Dougherty presided and gave the invocation and scripture reading.

The Rev. Howard Schley Fox, pastor of Trinity Evangelical Reformed church, delivered the memorial address. He gave a short resume of his personal relations with Gilbert and told of letters received from him.

Thomas J. Winebrenner gave a few extemporaneous remarks concerning his association with the deceased.

The meeting closed with the singing of one verse of "God Bless America," followed by the benediction by the Rev. Mr. Fox.

TO TEACH MEN'S CLASS

The Rev. Ralph R. Baker, who recently accepted the charge of the Saegertown-Venango parish of the Pittsburgh Synod of the United Lutheran church, will teach for the last time this Sunday the Men's Bible class at the St. James Lutheran church. The Rev. Mr. Baker expects to leave Gettysburg in the first two weeks in October.

Scribe Describes Thomas' Store, Biglerville, As An Emporium, Curiosity Shop

By LEIGHTON C. TAYLOR

For a long time your correspondent has had in mind writing his impressions of one of Biglerville's intensely interesting, unique, and invaluable institutions—Thomas' general store.

My friends and acquaintances, seeking pleasure and relaxation, patronize the "movies" and other kindred amusements; but for me, I pay a visit to the Thomas Commercial Emporium and Curiosity Shop.

The date of the institution's origin and birth would, I am sure, be of interest, but it is safe to assume that once upon a time George Washington was a customer and overnight guest, and that a department of tomahawks, bows and arrows, beads, etc., took care of our local Indian trade.

Washington A Sleeper

To digress for a moment, it has often occurred to me, judging from the countless "Washington Slept Here" signs and placards encountered along our highways, that the Father of Our Country must have been one of the greatest sleepers of all time. While historians and artists have been zealous and lavish in their efforts to do him justice, they have failed signally, in my judgment, to memorialize properly his peripatetic sleeping habits. Why not have the general gazing upon us, say, from our paper currency, or from the pedestal of one of his many effigies, all "dolled up" in a night gown. His outstanding accomplishment as a sleeper certainly should receive this long-neglected and well-deserved recognition.

Returning now to the Thomas Store, permit me to say that imme-

Philippines' Raiders Use Seized Bases

Allied Headquarters, New Guinea, Sept. 20 (AP)—The first big raid on the Philippines since the twin invasions of Morotai and the Palaus indicated today the "battle of the approaches" has roared into a new phase on the south.

To the east, one of the two invaded islands in the Palaus virtually was conquered and unofficial reports from the invasion scene placed the other on the point of falling.

At Morotai, within 300 miles of the southern Philippines, today's report implied that the newly acquired base already is throwing punches at the primary objective of Gen. Douglas MacArthur. For the first time, he listed attacks by Mitchell medium bombers, which go down to treetop height and wreak methodical destruction.

They spread fires over the airdrome and piers at Buayan on that portion of Mindanao which is nearest to Morotai.

Tough Opposition

In a communique last night at Pearl Harbor, Adm. Chester W. Nimitz announced that 81st Division troops hold two thirds of Angaur, southernmost of the Palaus and have pocketed remnants of the small Japanese garrison.

On heavily-defended Peleliu island, Marine Corps captors of the prized airdrome were credited in official reports with controlling most of the east coast but found the going rough against Japanese pillbox and trench positions in the center and on the west.

That covered developments through Monday, U. S. time (Tuesday at the invasion scene).

(Today, Palau time, in a Blue network broadcast from Peleliu, John Cooper, representing the combined American networks, said the Leathernecks have seized all but the north tip of the island. He said the portion still in enemy hands did not present too serious a problem and already naval shelling of Nipponese positions have been discontinued.

Jap Planes Blocked

(Cooper reported the Japanese have not been able to get a single plane through the curtain of American aircraft ruling the skies over Peleliu.)

Japan's concern over the danger to the Philippines presented by Morotai was suggested by MacArthur's report today of a third unsuccessful attempt of enemy planes to deal a sneak, night-shielded blow at that base.

MacArthur's announcement of Allied air activities included a 145-ton pounding of often raided Dutch Celebes. Nimitz' communique told of strikes at Shumushu and Paramushiro in the Kuriles, including the strafing of an enemy destroyer, and a single plane raid on Iwo Jima in the volcano islands, 750 miles south of Tokyo.

ARREST WOMEN AS DISORDERLY

Mrs. Dorothy Shellman, 20, and Mrs. Evelyn Stoner, 24, both of 307 Baltimore street, were taken into custody about 2:30 o'clock Tuesday morning at that address by Borough Officers L. E. Wisler and Clark M. Staley. The women were confined to jail but later released after they were fined $10 each for disorderly conduct by Justice of the Peac Robert P. Snyder.

Officer Staley refused to disclose the name of the person who preferred the charges against the two women. The prosecutor was reported to have been a resident of the same building as the defendants.

Justice Snyder denied the case was brought in his office.

5 Births Within Day At Hospital

The stork kept attendants at the Warner hospital busy during the last 24 hours during which four boys and a girl were born.

Sons were born this morning to Mr. and Mrs. Edward Heiser, Gettysburg R. 2, and Mr. and Mrs. James H. Black, Gardners R. 1. A daughter was born this morning to Mr. and Mrs. John E. Slaybaugh, Aspers R. 1.

A son was born Tuesday afternoon to Mr. and Mrs. Glenn S. Bishop, 117 Steinwehr avenue, and a son Tuesday evening to Mr. and Mrs. Leo J. Gerrie, Emmitsburg.

Huge Baltic Drive Rolls Boche Back

By EDDY GILMORE

Moscow, Sept. 20 (AP) — A massive Baltic drive, first phase of a supreme Russian autumn offensive, rolled the Germans back steadily today over the Latvian front, imminently menacing Riga and threatening to bring its fall at any moment. Front dispatches said advance tank and motorized infantry units had pushed deep into the city's defenses. The official communique announced an approach to within six miles as the Red Army edged in from three sides and brought artillery to bear.

Huge Fall Drive

In four days the Russian Baltic armies have captured nearly 3,000 communities in their smashing attack, which promises to clear all the Germans shortly from Estonia, Latvia and Lithuania and pave the way for the remaining steps of the autumn offensive, expected to be bigger than anything to date. Developments may be expected from the Gulf of Finland to Yugoslavia.

The fury with which the Red Army is attacking on the Baltic front seems indicative of the way Marshal Stalin's forces finally will tear into the Nazis on every sector. The present northern campaign appears aimed at driving out, killing or capturing the last German in the Baltic region before the first snows of winter.

The heaviest Russian attack in Latvia occurred southeast of Riga, with Gen. Ivan Bagramian's forces smashing forward 25 miles on a 75-mile front, sending the Germans reeling back into the Latvian capital.

More than 2,000 places fell in that area within four days.

Near Belgrade

The closest approach to Riga officially disclosed came with capture of Kekava, on the west bank of the Daugava (Dvina) river six miles south of the city. A Soviet communique said the Germans there had orders "not to retreat a single step" but they lost more than 3,000 men. In five days on the whole front the Germans have lost 570 tanks and 390 planes.

The Germans attempted a counterattack west of Jelgava below Riga to protect the coastal corridor connecting their forces in eastern and western Latvia, but the Soviet communique said the attacks were repulsed.

Southward in Romania combined Romanian-Russian forces captured Timisoara, 20 miles from the Yugoslav border and 73 miles northeast of Belgrade, Yugoslav capital.

There was no official Russian word on action on other fronts, but Red Army artillery kept firing at Warsaw from across the formidable barrier of the Vistula river.

BULLETINS

Stockholm, Sept. 20 (AP)—Finland broke relations today with German puppet states Hungary, Croatia and Slovakia.

Supreme Headquarters Allied Expeditionary Force, Sept. 20 (AP)—Airborne troops and supplies were landed today in Holland for the fourth consecutive day.

London, Sept. 20 (AP)—For the third night in succession the Germans struck at London and southern counties with flying bombs last night. Although the attack was not heavy compared with previous robot assaults, considerable damage was done to homes in scattered areas. A fire watcher was among the fatalities.

London, Sept. 20 (AP)—The German communique acknowledged today that Russian groups had crossed the wide Vistula river at Warsaw but insisted that Red troops on the west bank "were cut off."

Southeast Asia Command Headquartres, Kandy, Ceylon, Sept. 20 (AP)—The Fifth Indian division, pursuing the retreating Japanese deeper into Burma, has reached the outskirts of Tongzang, about 15 miles north of Tiddim, Allied headquarters announced today.

Weather Forecast

Partly cloudy tonight and Thursday; slightly warmer.

Large Force Ready To Hop From Holland

By JAMES M. LONG

London, Sept. 20 (AP)—Massive forces of British Army and airborne troops straddled the lower Rhine in Holland five miles from Germany today, in position for a great new invasion of the Reich around the upper end of the Siegfried line.

British Second Army armor threw a 50-mile long cut-off wall across eastern Holland in 48 hours. It merged solidly with parachute-glider soldiers dropped near Nijmegen on the wall Rhine. The British were apparently battling on to link with still other sky troops 10 miles farther north on the upper branch of the river near Arnhem.

Plan New Offensive

The Siegfried line was being outflanked. The path was opening for a wheeling offensive across the flatlands of northern Germany. Nazis in southwestern Holland were menaced with entrapment.

Americans struck fierce German resistance in the invasion of Germany, and in their offensives from the Nancy-Metz line and toward the Belfort gap farther south. But two doughboy columns had thrust 20 miles or more beyond Nancy toward Strasbourg.

With the big supply port of Brest on Britany peninsula in U. S. hands, Canadians battled into the channel port of Boulogne. An unconfirmed Algiers broadcast said Boulogne's garrison already had surrendered.

A front dispatch said a new junction of the British Second Army and the First Allied airborne army had occurred on the south bank of the Waal Ryn (Rhine) on the edge of Nijmegen.

New Air Landings

The pathway to the north extends across two arms of the lower Rhine from Nijmegen to Arnhem, both of which were identified officially as the targets of Sunday's landings by the air troops.

Additional Allied landings were reported by the German DNB news agency to have been made in the Dutch provinces of Utrecht and Gelderland, immediately north and northeast of Arnhem and Nijmegen.

At Nijmegen the British were 12 miles west and slightly north of the German city of Kleve, which has been authoritatively described as the northern terminus of the Siegfried line. Essen in the heart of Germany's industrial Ruhr valley is 43 miles southeast of Kleve.

Field Marshal Sir Bernard L. Montgomery, who is in overall command of the ground and airborne armies on the northern front, told his troops in Belgium yesterday that there was "no doubt" the war against the Germans would end this year.

Germans Are Doomed

Declaring that "no human power can stop the utter and complete defeat of the remnants of the German Army," Montgomery added:

"I would say there is no point in rushing straightaway to Berlin today or this week. If you first defeat the Germans or collect them in as prisoners you will make the job easy."

As the Allied power blow on the northern flank took shape the American First Army on the front facing east shelled Duren, 20 miles southwest of Cologne, and Prum, eight miles inside Germany and 45 miles west of Coblenz. This shelling may presage the long-awaited drive into the Rhineland.

In the sector north of Aachen the American First Army made still another crossing into Germany. A dispatch from the official Dutch news agency Aneta said the Yanks had liberated the Netherlands border city of Sittard, 13 miles northeast of Maastrict, in the vicinity of the new penetration into Germany.

Rains Slow Allies

Rains yesterday along the Allied line from the region of Cologne to Belfort Gap turned the front into a quagmire enabling the Germans to fight the American First, Third and Seventh armies to a virtual standstill.

The Germans turned robot flying bombs against the rear area of the American Third army as a mighty battle raged over an area of 50 square miles along an arc east of the French city of Nancy. A front dispatch said the German high command was throwing men and tanks away recklessly in an effort to halt

FINLAND LOSES HUGE SLICE OF RICHEST AREA

(By The Associated Press)

London, Sept. 20—Stripped of her richest industrial territory and burdened with heavy cash reparations as the price of peace, Finland was dedicated today by Acting Prime Minister Ernst Von Born "to building up a new national existence with the opportunities left to us."

Of immediate concern was the probably bloody task of removing German troops remaining in the country—one of the conditions imposed in the 28-point armistice agreement reached in Moscow yesterday with Soviet Russia and Great Britain.

"It is a serious matter that we have to disarm German troops in Finland and hand them over to the Allies," said Von Born in broadcasting details of the armistice to the Finnish people. "We have to prepare hastily for the Finnish Army to return to a peace-time footing," he added.

Move Against Nazis

Stockholm reports which lacked immediate official confirmation yesterday said Finnish troops had moved against Nazi forces in northern Finland. Von Born said the south as far as Oulu already was clear. The Germans, if they desire, can withdraw into northern Norway.

The armistice agreement implied at least a certain amount of Allied assistance in case of prolonged German resistance. The pact requires that airfields in southern and southwestern Finland be placed temporarily at the disposal of the Allies.

The loss of territory to Russia was the sorest point to the Finns and the first item mentioned by Von Born in his broadcast review.

Declaring that "September 19, 1944, will be one of the hardest days of our history," the Acting Prime Minister announced that the armistice called for immediate restoration of the Russian-Finnish border fixed after the 104-day winter war of 1939-1940.

Karelia Is Lost

"Thus Karelia is lost," said Von Born.

Karelia, the area northwest of Leningrad and west and north of Lake Ladoga, includes the city of Viipuri and is the most industrially developed region of Finland. In that area lives more than 10 per cent of Finland's pre-1940 population.

The agreement also provided for the outright ceding to Russia of the Petsamo area in the far north, with its port and rich nickel mines, and the leasing for 50 years of the Porkkala peninsula, with its naval base on the Finnish Gulf, for use as a military region.

In cash, Finland must pay reparations totalling $300,000,000 (American) within six years. Von Born disclosed this was only half what the Russians had asked in the futile peace negotiations last spring, but he added that "it is relatively heavier than any demand for reparations made on any country after the last great war."

For the duration of the war the Finnish merchant fleet is placed at the disposal of the Allies for the transportation of war materiel.

None of the other 23 points in the agreement was discussed by Von Born because, he said, "at this stage we have not yet formed an accurate idea of every detail."

23 SCOUTS WIN

(Continued From Page 1)

the principles of airplane flight was shown. A second color film depicting scout activities at Camp Ganoga, near York Haven, also was shown.

A district meeting for the Black Walnut district was held in conjunction with the Court of Honor and it was decided to hold the annual leadership training course for troop committeemen on two days, November 4 and 18. The committeemen present decided to hold the training meetings for two periods of six hours each rather than hold a number of two-hour sessions as has been done in past years. The programs will be held at Shaffer's park, along the Biglerville road and will begin at 2 o'clock on the Saturday afternoons. The leaders will cook their own suppers and adjourn at 8 o'clock. Dr. Frederick Tillotson, chairman of the Black Walnut district, presided.

Clemency Denied, Negroes Face Chair

Harrisburg, Sept. 20 (AP)—The state pardon board turned down clemency pleas of two Negroes convicted of first degree murder and today they face death in the electric chair at Rockview penitentiary scheduled for early next week.

Thomas Mays Elliott of Harrisburg, had previously pleaded guilty to stabbing to death 57-year-old Lucius Baker during a robbery. His plea for commutation of the death sentence was vigorously opposed by District Attorney Carl B. Shelley.

The other man was George Nelson Gatling, 36, of Philadelphia, convicted of attacking and slaying a five-year-old Negro girl. In opposing his plea James Tracey of the Philadelphia District Attorney's office said, "this is one of the most horrible crimes we have ever had in Philadelphia."

Social Happenings

Phone Gettysburg 640 or Biglerville 8

Mr. and Mrs. LeRoy H. Winebrenner and Mr. and Mrs. Ray M. Hoffman returned Monday from Atlantic City where they spent the week-end.

* * *

A contribution toward the filling of the Christmas boxes to be sent members of the Methodist church who are serving in the armed forces was voted Tuesday evening by the members of Mrs. Tate's Sunday school class at their regular meeting. The ladies met at the Methodist parsonage, Baltimore street.

Mrs. Robert Berkheimer conducted the devotions and Mrs. William Wagell presided at the business session. A social hour followed the meeting with Mrs. C. K. Gibson, Miss Margaret McMillan and Mrs. Grace Decker serving as hostesses.

* * *

Mrs. Keith Burger, Chambersburg street, spent Tuesday in Hanover.

* * *

The Friday Literary club will meet Friday evening at the home of Mrs. H. Milton Roth, Carlisle street, with Mrs. Albert Bachman in charge of the program.

* * *

Mrs. Ralph D. Wickerham entertained the members of the Tuesday Afternoon Bridge club this week at her home on East Broadway. The next meeting will be held at the home of Mrs. John B. Zinn.

* * *

Dr. and Mrs. R. S. Saby, Carlisle street, have returned from a vacation spent with relatives and friends in Akron, Ohio.

* * *

Miss Louise Bender entertained the members of the Wednesday Bridge club Tuesday afternoon at her home on Baltimore street. The club will meet next Tuesday afternoon with Mrs. M. D. DeTar.

* * *

Dr. and Mrs. Thomas L. Cline, Carlisle street, have returned from Culpeper, Va.

* * *

Miss Mary Shaffer, Mercersburg, will spend the winter with her brother, Prof. Fred Shaffer, Carlisle street, while teaching in the schools of Fairfield.

* * *

Mrs. Robert C. Miller, Mrs. William G. Weaver and Miss Patsy Weaver have returned to Washington, D. C., after spending several weeks at their home on Baltimore street.

* * *

Miss Joanne Nye returned to Annville today after a visit with Miss Margaret Saby, Carlisle street. She was accompanied to Harrisburg by Miss Saby and Miss Helen Saby.

* * *

Mrs. Robert J. Weikert has returned to Philadelphia, after a visit with her parents, Mr. and Mrs. William Wagell, Steinwehr avenue. Mr. Weikert, who had been here, returned home a few days ago.

* * *

First Lieut. Ralph Ward, who returned recently from the European war area where he served with the Eighth Army Air Force, spent the week-end with his cousins, Mr. and Mrs. Sidney B. Johnston, Springs avenue.

Cpl. Weikert, USMC, Ill With Malaria

Cpl. Willard E. Weikert, 27, son of Mrs. Mary A. Weikert, Taneytown road and veteran of nearly two years of service with the Marines in the Pacific, has been a patient in a hospital in New Hebrides, between New Caledonia and Australia, since June 8, his mother has learned in a letter just received from her son.

Weikert served in the Guadalcanal campaign, at Tarawa and in the Russell islands.

He has a brother, Pvt. Robert Weikert, who is attached to an A.A.F. base unit at Truax Field, Madison, Wisconsin.

Infant Expires: Father Overseas

Guy Ashley Bream, infant son of Mr. and Mrs. Guy L. Bream, Biglerville, died at the Warner hospital Tuesday afternoon at 5 o'clock from a complication of diseases. Mr. Bream is serving with the Army and is stationed in New Guinea.

Surviving are his parents; maternal grandparents, Mr. and Mrs. R. D. Arnold, Biglerville; paternal grandparents, Mr. and Mrs. Frank Bream, New Oxford, and great-grandmother, Mrs. Mary Arnold, Biglerville.

Graveside services were held this afternoon at 1:30 o'clock at the Biglerville cemetery conducted by the Rev. H. O. Sipe.

DISORDERLY FINES

Devin McDannel, Salem, N. J., and James Hare, Danville, Va., were committed to the county jail for 10 days each in default of $5 fines on charges of disorderly conduct. They were arrested on Chambersburg street Tuesday night by Borough Officer Paul B. Shealer and arraigned before Justice of the Peace John H. Basehore.

PLAN V-DAY

Philadelphia, Sept. 20 (AP)—Philadelphia business groups are urged by Mayor Bernard Samuel to arrange work schedules for V-day. He said without such planning all business might close at the same time.

DEATHS

Martin Nace

Martin J. Nace, 67, died at 4 o'clock Monday afternoon at the Hanover General hospital of a stroke of paralysis. Mr. Nace had been a resident of Porters Sideling for many years. He was a son of the late Mr. and Mrs. Abraham Nace, Manheim township and was employed by the Western Maryland railroad as a repair worker on the Hanover-York division.

He leaves his widow, Mrs. Tillie Wherley Nace; three sons, Elwood, Lewis and Cletus, all of Porters Sideling; seven grandchildren; a brother, Valentine A. Nace, Hanover R. D. 2; four stepsisters, Mrs. Daniel Palmer, New Oxford R. D. 2; Mrs. Murray Gosnell, York; Mrs. George Richard and Mrs. Hattie Rohrbaugh, Hanover. Another brother, Josiah D. Nace, late of Mt. Wolf, was buried Tuesday afternoon.

Funeral 2 o'clock Thursday afternoon from the Sauter funeral home, North Main street, Spring Grove, concluding services in St. Peter's (Lischey's) Union church, the Rev. Franklin F. Glassmoyer, pastor of the Reformed congregation, officiating. Burial in the cemetery adjoining the church.

Granville L. Reinecker

Granville L. Reinecker, 71, formerly of near Littlestown, died at his home, Camp Hill R. D. 1, Monday morning at 8:45 o'clock. He had been in failing health for some time and seriously ill for one week.

The deceased was a son of the late Benjamin and Mary Elizabeth (Formwalt) Reinecker. He was a member of Trinity Lutheran church, Camp Hill, and a former member of St. Paul's Lutheran church, Littlestown.

Mr. Reinecker was a charter member of the Littlestown P. O. S. of A. camp and the Littlestown I. O. O. F. lodge.

Surviving are his widow, the former Miss Bertie Formwalt; two children, Mrs. N. J. Donaldson, Camp Hill R. D. 1, and J. Howard Reinecker, at home; four sisters, Mrs. Isaac Harbold, Mechanicsburg; Mrs. Annie Peterman, New Oxford; Mrs. Laura Mummert, East Berlin, and Mrs. Ada Buohl, Gettysburg, and a brother, Milton B. Reinecker, Wilkes-Barre.

Funeral Thursday with services at 1:30 o'clock at the J. W. Little and Son funeral home, Littlestown, the Rev. Howard F. Bink, Camp Hill, and the Rev. D. S. Kammerer, Littlestown, officiating. Interment in Mt. Carmel cemetery, Littlestown. Friends may call at the funeral home this evening between 7 and 9 o'clock.

Mrs. Anna J. Florence

Mrs. Anna J. Florence, 76, widow of John T. Florence, died at 3:40 Tuesday morning at her home in Waynesboro. She had been ill for the last two years and had been confined to bed for the last six weeks, suffering from a heart condition. She had lived in Waynesboro for the last 20 years, going there from Rouzerville. At the time of her marriage she was living in Emmitsburg.

She was a member of St. Andrew's Catholic church. Her husband died in 1918.

Surviving are two daughters, Mrs. Josephine Sheldon, at home; Mrs. Oscar Stoner, Washington, D. C.; five grandchildren, eight great-grandchildren, one sister, Mrs. S. L. Allison, Fairfield, and a brother, Oliver McCleaf, Waynesboro.

Funeral service Friday morning at 9 o'clock, with requiem high Mass being celebrated by the Rev. Fr. Carl B. Brady. Burial in St. Andrew's cemetery. Friends may call at the Grove Funeral home, Waynesboro, Thursday evening from 7 until 9 o'clock.

The family requests that flowers be omitted.

Mrs. Minnie Logan Carl

Mrs. Minnie Logan Carl, 67, widow of Levi Carl, died Tuesday morning in the Carlisle hospital. She made her home in Boiling Springs, and was a daughter of the late George and Emma Black Logan. For 35 years she taught in the public schools beginning her career in 1895 in Newton Township, and for the last 25 years in the Boiling Springs schools. She was a member of the Otterbein United Brethren church and Sunday school.

She is survived by three sisters, Mrs. Carroll Best, Miss Jennie Logan and Mrs. Leland Edinger, all of Carlisle; three brothers, George Logan, Maplewood, N. J.; Leroy Logan, Westminster, and John Logan, Gardners; two daughters, Mrs. Charles Kennedy, Boiling Springs, and Mrs. John Graham, Williamsport.

Funeral services Friday afternoon at 2:30 in the J. R. Shulenberger funeral home, Carlisle, with interment in Plainfield Church of God cemetery. Friends may call at the funeral home Thursday evening.

FROZEN ON JOBS

Philadelphia, Sept. 20 (AP)—Under a War Manpower Commission order, almost 500,000 workers in 340 Philadelphia area war plants are frozen into their jobs. The order is intended to help eliminate a shortage of 17,000 workers, Carl B. Harr, Area WMC director, said, adding that releases can be obtained only through the WMC.

YANKS SMASH GOTHIC HEART

By NOLAND NORGAARD

Rome, Sept. 20 (AP)—American troops of the Fifth Army have breached the German's Gothic line on a six-mile front above Florence after a week of intensive fighting and struck within three miles of the important road center of Firenzuola, headquarters announced today.

Storming steep mountain slopes, American troops won the heights of Castel Guerrino and Lacroce and penetrated well into the heart of the Gothic defenses 22 miles northeast of Florence.

Front line dispatches to the U. S. Army newspaper Stars and Stripes said the gains through the rugged mountains "cost us an uncomfortable number of losses."

The official announcement said, "although no largescale breakthrough is apparent, the Fifth Army penetrated against defenses which are stronger than any yet encountered in Italy."

"On the east coast, units of the British Eighth Army battered to within rifle range of Rimini, gateway to the Po valley."

On the flank of the Americans, Brazilian, South African, British and Indian infantry also scaled mountain strongholds and came to grips with the enemy at close quarters.

"The capture of most important hill features within the past 48 hours threatens the whole enemy position," it was commented officially at Fifth Army headquarters.

WAVE RECRUITING WILL STOP SOON

Washington, Sept. 20 (AP)—Now that Navy service women are about to see the world, western segment only, other girls who want to join are likely to find they're too late.

Within two months the WAVES and SPARS will be shutting up recruiting shop. Women Marines already have.

In arguing for the bill permitting Navy, Coast Guard and Marine women to be assigned to western hemisphere outposts Rep. Smith (R-Me), disclosed that by the end of November the WAVES expect to have their quota of 75,000 enlisted women.

The SPARS will celebrate their second birthday November 23 with a full complement of 10,000 enlisted women and 1,000 officers. The Marines had their 17,994 women last June.

The compromise bill permitting assignment of women to western hemisphere outposts passed the House yesterday and went to the White House.

The Army's WAC strength now is over 80,000. Under an executive order the authorized total personnel of the Women's Army Corps, whose members may be assigned anywhere, is 200,000.

Pennsy Acquires Historic Bridge

Lewisburg, Pa., Sept. 20 (AP)—The Pennsylvania railroad today acquired a historic bridge over the Susquehanna river at Lewisburg, which was originally built in 1817 and twice washed out by floods. The bridge carries the railroad's Bellefonte branch across the river.

Representatives of the railroad and the Lewisburg Bridge company signed papers transferring title to the span to the railroad.

The original bridge was washed out in the flood of 1865 and a second span was built the following year. Another flood in 1889 carried away five spans. The present steel bridge was built in 1912 on the original stone piers and abutments.

The Pennsylvania's Bellefonte branch leaves the main line to Williamsport at Montandon. After crossing the Susquehanna at Lewisburg it continues 66 miles to Bellefonte.

Astronomer Finds Two New Stars

Minneapolis, Minn., Sept. 20 (AP)—Dr. Willem J. Luyten, University of Minnesota astronomer from Holland who has spent much of his life hunting the "white dwarf" star, has discovered two more such stars, the university announced today.

Describing the "white dwarfs" as "freaks of the universe, very small, very faint, and so heavy that a cubic inch of them may weigh anywhere from one to 1,000 pounds," Doctor Luyten said the newly discovered pair is located in the constellation Antlia—much too far south to be seen to advantage from the latitude of Minnesota.

HOSPITAL REPORT

Michael S. Webb, 315 East Middle street, was treated at the Warner hospital for a laceration of the forehead received when he was struck by a baseball bat. He was later discharged.

Admissions to the hospital included Mrs. Edward Sheets, Littlestown; Esther Meckley, Hanover R. 1; Mrs. Edward Heiser, Gettysburg R. 2; Mrs. James H. Black, Gardners R. 1; Mrs. John E. Slaybaugh, Aspers R. 1; Mrs. Leo J. Gerrie, Emmitsburg, and Mrs. Glenn S. Bishop, 117 Steinwehr avenue. Those discharged were Mrs. Monroe Smelser, Arendtsville; Mrs. Dale Sheaffer, Aspers R. 1, and Mrs. Florence Lee, 353 York street.

Upper Communities

Alexander Griest, of Flora Dale, entered George school as a student Tuesday. He was accompanied to the school by his father, Frederick E. Griest.

Mr. and Mrs. Robert Maynard, of Lockport, N. Y., were guests today of Mr. and Mrs. Lloyd W. Kleinfelter, of Biglerville.

Mr. and Mrs. Donald Tyson, Gardners R. D., are spending a few days in New York city.

Mr. and Mrs. Richard Corman, who since coming to Biglerville from Mechanicsburg, have been living with Mrs. Corman's parents, Mr. and Mrs. F. Walter Wright, of Biglerville, will move into the apartment of Miss Blanche Deatrick, East York street, in the near future.

Miss Clara Myers, of Biglerville, is spending a few days with friends at the Kutztown State Teachers' college.

Cpl. Fred E. Slaybaugh has suffered an injury to his knee while serving with the U. S. forces in France and is now a patient in a hospital in England according to word received Tuesday by his grandparents, Mr. and Mrs. Albert Slaybaugh, Aspers R. D. The letter which they received from him was dated September 9.

A-S George Baugher, Jr., has resumed his studies at Bucknell university, Lewisburg, after a short visit with his parents at their home in Aspers.

Miss Margaret Tilton, Biglerville, has enrolled as a student at George School. She was accompanied as far as Philadelphia Monday by her sister, Miss Ann Tilton.

Mrs. S. K. Piercy, Macungie, is visiting her son-in-law and daughter, Mr. and Mrs. Robert C. Lott, Aspers R. D. Neil Lott, who had been visiting his grandmother, Mrs. Piercy, returned to his home with her.

A birthday dinner was held Sunday for Esther Arnsberger at the home of Paul Arnsberger, Gardners. Those present were Mr. and Mrs. Paul Arnsberger and children, Charlotte, Joyce and Wayne, Mrs. Harry Arnsberger, Raymond Arnsberger, Esther Arnsberger and Estella Koontz. Visitors were Jeanne Waide and Stanley and Boyd Bream of Aspers.

A dinner was held Sunday at the home of Mr. and Mrs. Leslie Orner, Biglerville, in celebration of the birthday anniversaries of Mrs. Orner, her sister, Mrs. Robert Lentz, Orrtanna R. D., and her brother, John H. Newell, Biglerville R. D., all of which took place within a week. The guests were Mr. and Mrs. Robert Lentz and daughters, Janet and Barbara, Orrtanna R. D.; Mr. and Mrs. John H. Newell and daughter, Virginia, and son, Arthur, Biglerville, and Miss Anna Mae Orner, Biglerville.

Urge Probe Of Pearl Harbor Case

Washington, Sept. 20 (AP)—A house naval subcommittee today urged an immediate congressional investigation of the Pearl Harbor attack, declaring any inquiry by the armed forces themselves might be "biased" and that "we should learn for ourselves what happened" at the Pacific base Dec. 7, 1941.

The subcommittee, consisting of Representatives Herbert (D-La), Cole (R-NY) and Hess (R-Ohio), made its recommendations in letters to Naval Chairman Vinson (D-Ga) and Military Committee Chairman May (D-Ky.).

UMW Answers Ickes 'Insult'

Cincinnati, Sept. 20 (AP)—Secretary of the Interior Ickes demanded to know of John L. Lewis today "whether you as president of the United Mine Workers of America propose to live up to your long-vaunted role of abiding by your contracts," and the UMW convention in reply termed Ickes' remark "an insult to every mine worker in the nation."

The second exchange of telegrams started after Ickes telegraphed to Lewis that the omission of his name from the signature of a telegram yesterday was due to inadvertance in transmission and added that "the subject matter is what counts and your political blast is no reply to the serious representation that I made."

The first Ickes telegram asked the miners to refrain from all strikes during the war, referring specifically to several strikes involving mine supervisors.

"Regardless," said Ickes today, "of what the miners are producing, and for my part I have taken pains to praise them for their output, the cold fact is that the miners have not been producing what they are capable of doing even with the reduced number of men."

"What I would like to know is whether you as president of the UMW propose to live up to your long-vaunted role of abiding by your contracts or whether it is your purpose to evade compliance with your contract by beating the devil around the bush in the form of Local No. 50."

Arendtsville

Mr. and Mrs. Calvin Taylor are on a visit with relatives in Illinois and other western states.

Mr. and Mrs. Raymond Mayer, Mrs. Sue Gochnauer and Mrs. Paul Beamer visited in Columbia Sunday.

Mr. and Mrs. Paul Beamer and son, Dickie, were recent visitors in York.

Mrs. George Orner entertained the Missionary society of the Reformed church Tuesday evening.

BRICKER TALKS AT HARRISBURG

Harrisburg, Sept. 20 (AP)—Governor John W. Bricker said today, "The New Deal cannot be trusted" because its 12-year record is one of "broken promises" without parallel in American history.

The Republican candidate for vice president, speaking at the Pennsylvania capitol, said the faith of the people in the present national administration had been so seriously impaired that:

"They have come to the conclusion that the surest way to plan for the future is to observe what the New Deal says it is going to do, or what it is not going to do, and then prepare to meet the opposite alternative."

The Ohio governor, in a prepared speech released by his campaign staff on an eastern tour, asserted the New Deal promised an "abundant life," security, economy and less bureaucracy. Where are they, he asked.

He said only one conclusion could be drawn from the record:

"The New Deal can not be trusted. It will not keep its covenant with the people. This nation needs a change—and the time for change is here."

"RED" CRANE GETS PAROLE

Harrisburg, Sept. 20 (AP)—Samuel B. (Red) Crane, major league baseball player of the '20's, who served 15 years in prison for slaying a former girl friend and her escort, was granted freedom on parole today.

The state board of parole announced the action following Governor Martin's commutation of Crane's 18 to 36 years sentence for second degree murder in the fatal shooting of Della Lyter and John Oren in a Harrisburg taproom in 1929.

"In view of his excellent institutional record and the fact that he has a home, job and sponsors that meet requirements," Parole Board Chairman Henry C. Hill said, "the parole board voted to grant a parole effective September 26."

Hill said Crane will be released from the Graterford Eastern penitentiary at Philadelphia under a parole plan arranged by Connie Mack, Philadelphia Athletics manager.

NEW OXFORD BOY HURT BY TRUCK

Norman Hertz, 18, New Oxford R. 1, is a patient in the Hanover hospital, suffering from injuries received when he was struck by a truck on Baltimore street, Hanover, Monday evening. The accident was the second in which the youth figured this year, having spent a month this summer in the Warner hospital here, recovering from injuries received when he fell from a truck.

According to the report received by Hanover borough police, Hertz was crossing Baltimore street in the 800-block Monday evening at 8:45 o'clock, when he was hit by a truck owned by C. G. Reese, Hanover, and driven by Charles Miller, Abbottstown. He was removed to the hospital by John Murren, Hanover R. 4. At the hospital he was reported to be suffering from shock, a possible fracture of the pelvis, and brush burns of the arms and legs. An X-ray examination was being made to determine the extent of his injuries.

During the afternoon of May 17, the Hertz youth fell from the rear of a truck on which he was riding when the truck crossed the bridge over Marsh Creek, along the Gettysburg-Fairfield road. He received a fractured skull and broken left leg. After being treated by Dr. Ira M. Henderson, Fairfield, he was taken to the Warner hospital, where he remained as a patient until June 16.

Scheiberling Is Likely Winner

Chicago, Sept. 20 (AP)—Edward N. Scheiberling, Albany, N. Y., attorney, who served as an infantry captain in World War I, was regarded by some American Legionnaires as holding the role of favorite in the contest today for the post of national commander.

The election to choose a successor to Warren H. Atherton of Stockton, Calif., will be held at the Legion's concluding session of its 26th annual convention today.

FDR NOMINATES 3 AMBASSADORS

Washington, Sept. 20 (AP)—President Roosevelt today nominated ambassadors to serve in three countries newly liberated from their Nazi invaders and in others on the threshold of freedom.

The President named Charles Sawyer, former Democratic national committeeman of Ohio, to be ambassador to Belgium and minister to Luxembourg.

Stanley K. Hornbeck of Colorado, now special assistant to the secretary of state, was nominated to be ambassador to the Netherlands.

In addition Mr. Roosevelt sent to the Senate the nomination of Arthur Bliss Lane of New York to be ambassador to the Polish government-in-exile now in London, and named Richard C. Patterson of New York to be ambassador to Yugoslavia's London government-in-exile.

Lithgow Osborne of New York, now connected with the United Nation Relief and Rehabilitation administration, was nominated to be ambassador to the Norwegian government-in-exile in London.

FINLAND LOSES HUGE SLICE OF RICHEST AREA

(By The Associated Press)

London, Sept. 20—Stripped of her richest industrial territory and burdened with heavy casn reparations as the price of peace, Finland was dedicated today by Acting Prime Minister Ernst Von Born "to build ing up a new national existence with the opportunities left to us."

Of immediate concern was the probably bloody task of removing German troops remaining in the country—one of the conditions imposed in the 23-point armistice agreement reached in Moscow yesterday with Soviet Russia and Great Britain.

"It is a serious matter that we have to disarm German troops in Finland and hand them over to the Allies," said Von Born in broadcasting details of the armistice to the Finnish people. "We have to prepare hastily for the (Finnish) Army to return to a peace-time footing," he added.

Move Against Nazis

Stockholm reports which lacked immediate official confirmation yesterday said Finnish troops had moved against Nazi forces in northern Finland. Von Born said the south as far as Oulu already was clear. The Germans, if they desire, can withdraw into northern Norway.

The armistice agreement implied at least a certain amount of Allied assistance in case of prolonged German resistance. The pact requires that airfields in southern and southwestern Finland be placed temporarily at the disposal of the Allies.

The loss of territory to Russia was the sorest point to the Finns and the first item mentioned by Von Born in his broadcast review.

Declaring that "September 19, 1944, will be one of the hardest days of our history," the Acting Prime Minister announced that the armistice called for immediate restoration of the Russian-Finnish border fixed after the 104-day winter war of 1939-1940.

Karelia Is Lost

"Thus Karelia is lost," said Von Born.

Karelia, the area northwest of Leningrad and west and north of Lake Ladoga, includes the city of Viipuri and is the most industrially developed region of Finland. In that area lives more than 10 per cent of Finland's pre-1940 population.

The agreement also provided for the outright ceding to Russia of the Petsamo area in the far north, with its port and rich nickel mines, and the leasing for 50 years of the Porkkala peninsula, with its naval base on the Finnish Gulf, for use as a military region.

In cash, Finland must pay reparations totalling $300,000,000 (American) within six years. Von Born disclosed this was only half what the Russians had asked in the futile peace negotiations last spring, but he added that "it is relatively heavier than any demand for reparations made on any country after the last great war."

For the duration of the war the Finnish merchant fleet is placed at the disposal of the Allies for the transportation of war materiel.

None of the other 23 points in the agreement was discussed by Von Born because, he said, "at this stage we have not yet formed an accurate idea of every detail."

23 SCOUTS WIN

(Continued From Page 1)

the principles of airplane flight was shown. A second color film depicting scout activities at Camp Ganoga, near York Haven, also was shown.

A district meeting for the Black Walnut district was held in conjunction with the Court of Honor and it was decided to hold the annual leadership training course for troop committeemen on two days, November 4 and 18. The committeemen present decided to hold the training meetings for two periods of six hours each rather than hold a number of two-hour sessions as has been done in past years. The programs will be held at Sheffer's park, along the Biglerville road, and will begin at 2 o'clock on the Saturday afternoons. The leaders will cook their own suppers and adjourn at 8 o'clock. Dr. Frederick Tilberg, chairman of the Black Walnut district, presided.

Clemency Denied, Negroes Face Chair

Harrisburg, Sept. 20 (AP)—The state pardon board turned down clemency pleas of two Negroes convicted of first degree murder and today they face reath in the electric chair at Rockview penitentiary, scheduled for early next week.

Thomas Mays Elliott, of Harrisburg, had previously pleaded guilty to stabbing to death 50-year-old Lucius Baker during a robbery. His plea for commutation of the death sentence was vigorously opposed by District Attorney Carl B. Shelley.

The other man was George Nelson Gatling, 36, of Philadelphia, convicted of attacking and slaying a five-year-old Negro girl. In opposing his plea James Tracey of the Philadelphia District Attorney's office said, "this is one of the most horrible crimes we have ever had in Philadelphia."

Social Happenings

Phone Gettysburg 640 or Biglerville 8

Mr. and Mrs. LeRoy H. Winebrenner and Mr. and Mrs. Ray M. Hoffman returned Monday from Atlantic City where they spent the week-end.

* * *

A contribution toward the filling of the Christmas boxes to be sent members of the Methodist church who are serving in the armed forces was voted Tuesday evening by the members of Mrs. Tate's Sunday school class at their regular meeting. The ladies met at the Methodist parsonage, Baltimore street.

Mrs. Robert Berkheimer conducted the devotions and Mrs. William Wavell presided at the business session. A social hour followed the meeting with Mrs. C. K. Gibson, Miss Margaret McMillan and Mrs. Grace Decker serving as hostesses.

* * *

Mrs. Keith Burger, Chambersburg street, spent Tuesday in Hanover.

* * *

The Friday Literary club will meet Friday evening at the home of Mrs. H. Milton Roth, Carlisle street, with Mrs. Albert Bachman in charge of the program.

* * *

Mrs. Ralph D. Wickerham entertained the members of the Tuesday Afternoon Bridge club this week at her home on East Broadway. The next meeting will be held at the home of Mrs. John B. Zinn.

* * *

Dr. and Mrs. R. S. Saby, Carlisle street, have returned from a vacation spent with relatives and friends in Akron, Ohio.

* * *

Miss Louise Bender entertained the members of the Wednesday Bridge club Tuesday afternoon at her home on Baltimore street. The club will meet next Tuesday afternoon with Mrs. M. D. DeTar.

* * *

Dr. and Mrs. Thomas L. Cline, Carlisle street, have returned from Culpeper, Va.

* * *

Miss Mary Shaffer, Mercersburg, will spend the winter with her brother, Prof. Fred Shaffer, Carlisle street, while teaching in the schools of Fairfield.

* * *

Mrs. Robert C. Miller, Mrs. William G. Weaver and Miss Patsy Weaver have returned to Washington, D. C., after spending several weeks at their home on Baltimore street.

* * *

Miss Joanne Nye returned to Annville today after a visit with Miss Margaret Saby, Carlisle street. She was accompanied to Harrisburg by Miss Saby and Miss Helen Saby.

* * *

Mrs. Robert J. Weikert has returned to Philadelphia, after a visit with her parents, Mr. and Mrs. William Wavell, Steinwehr avenue. Mr. Weikert, who had been here, returned home a few days ago.

* * *

First Lieut. Ralph Ward, who returned recently from the European war area where he served with the Eighth Army Air Force, spent the week-end with his cousins, Mr. and Mrs. Sidney B. Johnston, Springs avenue.

Cpl. Weikert, USMC, Ill With Malaria

Cpl. Willard E. Weikert, 27, son of Mrs. Mary A. Weikert, Taneytown road and veteran of nearly two years of service with the Marines in the Pacific, has been a patient in a hospital in New Hebrides, between New Caledonia and Australia, since June 8, his mother has learned in a letter just received from her son.

Weikert served in the Guadalcanal campaign, at Tarawa and in the Russell islands.

He has a brother, Pvt. Robert Weikert, who is attached to an A.A.F. base unit at Truax Field, Madison, Wisconsin.

Infant Expires; Father Overseas

Guy Ashley Bream, infant son of Mr. and Mrs. Guy L. Bream, Biglerville, died at the Warner hospital Tuesday afternoon at 5 o'clock from a complication of diseases. Mr. Bream is serving with the Army and is stationed in New Guinea.

Surviving are his parents; maternal grandparents, Mr. and Mrs. R. D. Arnold, Biglerville; paternal grandparents, Mr. and Mrs. Frank Bream, New Oxford, and great-grandmother, Mrs. Mary Arnold, Biglerville.

Graveside services were held this afternoon at 1:30 o'clock at the Biglerville cemetery conducted by the Rev. H. O. Sipe.

DISORDERLY FINES

David McDannel, Salem, N. J., and James Hare, Danville, Va., were committed to the county jail for 10 days each in default of $5 fines on charges of disorderly conduct. They were arrested on Chambersburg street Tuesday night by Borough Officer Paul B. Shealer and arraigned before Justice of the Peace John H. Basehore.

PLAN V-DAY

Philadelphia, Sept. 20 (AP)—Philadelphia business groups are urged by Mayor Bernard Samuel to arrange work schedules for V-day. He said without such planning all business might close at the same time.

DEATHS

Martin Nace

Martin J. Nace, 67, died at 4 o'clock Monday afternoon at the Hanover General hospital of a stroke of paralysis. Mr. Nace had been a resident of Porters Sideling for many years. He was a son of the late Mr. and Mrs. Abraham Nace, Manheim township and was employed by the Western Maryland railroad as a repair worker on the Hanover-York division.

He leaves his widow, Mrs. Tillie Wherley Nace; three sons, Elwood, Lewis and Cletus, all of Porters Sideling; seven grandchildren; a brother, Valentine A. Nace, Hanover R. D. 2; four stepsisters, Mrs. Daniel Palmer, New Oxford R. D. 2; Mrs. Murray Gosnell, York; Mrs. George Richard and Mrs. Hattie Rohrbaugh, Hanover. Another brother, Josiah D. Nace, late of Mt. Wolf, was buried Tuesday afternoon.

Funeral 2 o'clock Thursday afternoon from the Sauter funeral home, North Main street, Spring Grove, concluding services in St. Peter's (Lischey's) Union church, the Rev. Franklin F. Glassmoyer, pastor of the Reformed congregation, officiating. Burial in the cemetery adjoining the church.

Granville L. Reinecker

Granville L. Reinecker, 77, formerly of near Littlestown, died at his home, Camp Hill R. D. 1, Monday morning at 8:45 o'clock. He had been in failing health for some time and seriously ill for one week.

The deceased was a son of the late Benjamin and Mary Elizabeth (Formwalt) Reinecker. He was a member of Trinity Lutheran church, Camp Hill, and a former member of St. Paul's Lutheran church, Littlestown.

Mr. Reinecker was a charter member of the Littlestown P. O. S. of A. camp and the Littlestown I. O. O. F. lodge.

Surviving are his widow, the former Miss Bertie Formwalt; two children, Mrs. N. J. Donaldson, Camp Hill R. D. 1, and J. Howard Reinecker, at home; four sisters, Mrs. Isaac Harbold, Mechanicsburg; Mrs. Annie Peterman, New Oxford; Mrs. Laura Mummert, East Berlin, and Mrs. Ada Buohl, Gettysburg, and a brother, Milton B. Reinecker, Wilkes-Barre.

Funeral Thursday with services at 1:30 o'clock at the J. W. Little and Son funeral home, Littlestown, the Rev. Howard F. Bink, Camp Hill, and the Rev. D. S. Kammerer, Littlestown, officiating. Interment in Mt. Carmel cemetery, Littlestown. Friends may call at the funeral home this evening between 7 and 9 o'clock.

Mrs. Anna J. Florence

Mrs. Anna J. Florence, 76, widow of John T. Florence, died at 3:40 Tuesday morning at her home in Waynesboro. She had been ill for the last two years and had been confined to bed for the last six weeks, suffering from a heart condition. She had lived in Waynesboro for the last 20 years, going there from Rouzerville. At the time of her marriage she was living in Emmitsburg.

She was a member of St. Andrew's Catholic church. Her husband died in 1918.

Surviving are two daughters, Mrs. Josephine Sheldon, at home; Mrs. Oscar Stoner, Washington, D. C.; five grandchildren, eight great-grandchildren, one sister, Mrs. S. L. Allison, Fairfield, and a brother, Oliver McCleaf, Waynesboro.

Funeral service Friday morning at 9 o'clock, with requiem high Mass being celebrated by the Rev. Fr. Carl B. Brady. Burial in St. Andrew's cemetery. Friends may call at the Grove Funeral home Waynesboro, Thursday evening from 7 until 9 o'clock.

The family requests that flowers be omitted.

Mrs. Minnie Logan Carl

Mrs. Minnie Logan Carl, 67, widow of Levi Carl, died Tuesday morning in the Carlisle hospital. She made her home in Boiling Springs, and was a daughter of the late George and Emma Black Logan. For 35 years she taught in the public schools beginning her career in 1895 in Newton Township, and for the last 25 years in the Boiling Springs schools. She was a member of the Otterbein United Brethren church and Sunday school.

She is survived by three sisters, Mrs. Carroll Best, Miss Jennie Logan and Mrs. Leland Edinger, all of Carlisle; three brothers, George Logan, Maplewood, N. J.; Leroy Logan, Westminster, and John Logan, Gardners; two daughters, Mrs. Charles Kennedy, Boiling Springs, and Mrs. John Graham, Williamsport.

Funeral services Friday afternoon at 2:30 in the J. R. Shulenberger funeral home, Carlisle, with interment in Plainfield Church of God cemetery. Friends may call at the funeral home Thursday evening.

FROZEN ON JOBS

Philadelphia, Sept. 20 (AP)—Under a War Manpower Commission order, almost 500,000 workers in 340 Philadelphia area war plants are frozen into their jobs. The order is intended to help eliminate a shortage of 17,000 workers, Carl B. Harr, Area WMC director, said, adding that releases can be obtained only through the WMC.

YANKS SMASH GOTHIC HEART

By NOLAND NORGAARD

Rome, Sept. 20 (AP)—American troops of the Fifth Army have breached the German's Gothic line on a six-mile front above Florence after a week of intensive fighting and struck within three miles of the important road center of Firenzuola, headquarters announced today.

Storming steep mountain slopes, American troops won the heights of Castel Guerrino and Lacroce and penetrated well into the heart of the Gothic defenses 22 miles northeast of Florence.

Front line dispatches to the U. S. Army newspaper Stars and Stripes said the gains through the rugged mountains "cost us an uncomfortable number of losses."

The official announcement said, "although no iargescale breakthrough is apparent, the Fifth Army penetrated against defenses which are stronger than any yet encountered in Italy."

"On the east coast, units of the British Eighth Army battered to within rifle range of Rimini, gateway to the Po valley."

On the flank of the Americans, Brazilian, South African, British and Indian infantry also scaled mountain strongholds and came to grips with the enemy at close quarters.

"The capture of most important hill features within the past 48 hours threatens the whole enemy position," it was commented officially at Fifth Army headquarters.

WAVE RECRUITING WILL STOP SOON

Washington, Sept. 20 (AP)—Now that Navy service women are about to see the world, western segment only, other girls who want to join are likely to find they're too late.

Within two months the WAVES and SPARS will be shutting up recruiting shop. Women Marines already have.

In arguing for the bill permitting Navy, Coast Guard and Marine women to be assigned to western hemisphere outposts Rep. Smith (R-Me), disclosed that by the end of November the WAVES expect to have their quota of 75,000 enlisted women.

The SPARS will celebrate their second birthday November 23 with a full complement of 10,000 enlisted women and 1,000 officers. The Marines had their 17,994 women last June.

The compromise bill permitting assignment of women to western hemisphere outposts passed the House yesterday and went to the White House.

The Army's WAC strength now is over 80,000. Under an executive order the authorized total personnel of the Women's Army Corps, whose members may be assigned anywhere, is 200,000.

Pennsy Acquires Historic Bridge

Lewisburg, Pa., Sept. 20 (AP)—The Pennsylvania railroad today acquired a historic bridge over the Susquehanna river at Lewisburg, which was originally built in 1817 and twice washed out by floods. The bridge carries the railroad's Bellefonte branch across the river.

Representatives of the railroad and the Lewisburg Bridge company signed papers transferring title to the span to the railroad.

The original bridge was washed out in the flood of 1865 and a second span was built the following year. Another flood in 1889 carried away five spans. The present steel bridge was built in 1912 on the original stone piers and abutments.

The Pennsylvania's Bellefonte branch leaves the main line to Williamsport at Montandon. After crossing the Susquehanna at Lewisburg it continues 66 miles to Bellefonte.

Astronomer Finds Two New Stars

Minneapolis, Minn., Sept. 20 (AP)—Dr. Willem J. Luyten, University of Minnesota astronomer from Holland who has spent much of his life hunting the "white dwarf" star, has discovered two more such stars, the university announced today.

Describing the "white dwarfs" as "freaks of the universe, very small, very faint, and so heavy that a cubic inch of them may weigh anywhere from one to 1,000 pounds," Doctor Luyten said the newly discovered pair is located in the constellation Antlia—much too far south to be seen to advantage from the latitude of Minnesota.

HOSPITAL REPORT

Michael S. Webb, 316 East Middle street, was treated at the Warner hospital for a laceration of the forehead received when he was struck by a baseball bat. He was later discharged.

Admissions to the hospital included Mrs. Edward Sheets, Littlestown; Esther Meckley, Hanover R. 1; Mrs. Edward Heiser, Gettysburg R. 2; Mrs. James H. Black, Gardners R. 1; Mrs. John E. Slaybaugh, Aspers R. 1; Mrs. Leo J. Gerrie, Emmitsburg, and Mrs. Glenn S. Bishop, 117 Steinwehr avenue. Those discharged were Mrs. Monroe Smelser, Arendtsville; Mrs. Dale Sheaffer, Aspers R. 1, and Mrs. Florence Lee, 353 York street.

Upper Communities

Alexander Griest, of Flora Dale, entered George school as a student Tuesday. He was accompanied to the school by his father, Frederick E. Griest.

Mr. and Mrs. Robert Maynard, of Lockport, N. Y., were guests today of Mr. and Mrs. Lloyd W. Kleinfelter, of Biglerville.

Mr. and Mrs. Donald Tyson, Gardners R. D., are spending a few days in New York city.

Mr. and Mrs. Richard Corman, who since coming to Biglerville from Mechanicsburg, have been living with Mrs. Corman's parents, Mr. and Mrs. F. Walter Wright, of Biglerville, will move into the apartment of Miss Blanche Deatrick, East York street, in the near future.

Miss Clara Myers, of Biglerville, is spending a few days with friends at the Kutztown State Teachers' college.

Cpl. Fred E. Slaybaugh has suffered an injury to his knee while serving with the U. S. forces in France and is now a patient in a hospital in England according to word received Tuesday by his grandparents, Mr. and Mrs. Albert Slaybaugh, Aspers R. D. The letter which they received from him was dated September 9.

A-S George Baugher, Jr., has resumed his studies at Bucknell university, Lewisburg, after a short visit with his parents at their home in Aspers.

Miss Margaret Tilton, Biglerville, has enrolled as a student at George School. She was accompanied as far as Philadelphia Monday by her sister, Miss Ann Tilton.

Mrs. S. K. Piercy, Macungie, is visiting her son-in-law and daughter, Mr. and Mrs. Robert C. Lott, Aspers R. D. Neil Lott, who had been visiting his grandmother, Mrs. Piercy, returned to his home with her.

A birthday dinner was held Sunday for Esther Arnsberger at the home of Paul Arnsberger, Gardners. Those present were Mr. and Mrs. Paul Arnsberger and children, Charlotte, Joyce and Wayne, Mrs. Harry Arnsberger, Raymond Arnsberger, Esther Arnsberger and Estella Koontz. Visitors were Jeanne Walde and Stanley and Boyd Bream of Aspers.

A dinner was held Sunday at the home of Mr. and Mrs. Leslie Orner, Biglerville, in celebration of the birthday anniversaries of Mrs. Orner, her sister, Mrs. Robert Lentz, Orrtanna R. D., and her brother, John H. Newell, Biglerville R. D., all of which took place within a week. The guests were Mr. and Mrs. Robert Lentz and daughters, Janet and Barbara, Orrtanna R. D.; Mr. and Mrs. John H. Newell and daughter, Virginia and son, Arthur, Biglerville, and Miss Anna Mae Orner, Biglerville.

Urge Probe Of Pearl Harbor Case

Washington, Sept. 20 (AP)—A house naval subcommittee today urged an immediate congressional investigation of the Pearl Harbor attack, declaring any inquiry by the armed forces themselves might be "biased" and that "we should learn for ourselves what happened" at the Pacific base Dec. 7, 1941.

The subcommittee, consisting of Representatives Herbert (D-La), Cole (R-NY) and Hess (R-Ohio), made its recommendations in letters to Naval Chairman Vinson (D-Ga) and Military Committee Chairman May (D-Ky.)

UMW Answers Ickes 'Insult'

Cincinnati, Sept. 20 (AP)—Secretary of the Interior Ickes demanded to know of John L. Lewis today "whether you as president of the United Mine Workers of America propose to live up to your long-vaunted role of abiding by your contracts," and the UMW convention in reply termed Ickes' remark "an insult to every mine worker in the nation."

The second exchange of telegrams started after Ickes telegraphed to Lewis that the omission of his name from the signature of a telegram yesterday was due to inadvertance in transmission and added that "the subject matter is what counts and your political blast is no reply to the serious representation that I made."

The first Ickes telegram asked the miners to refrain from all strikes during the war, referring specifically to several strikes involving mine supervisors.

"Regardless," said Ickes today, "of what the miners are producing, and for my part I have taken pains to praise them for their output, the cold fact is that the miners have not been producing what they are capable of doing even with the reduced number of men."

"What I would like to know is whether you as president of the UMW propose to live up to your long-vaunted role of abiding by your contracts or whether it is your purpose to evade compliance with your contract by beating the devil around the bush in the form of Local No. 50."

Arendtsville

Mr. and Mrs. Calvin Taylor are on a visit with relatives in Illinois and other western states.

Mr. and Mrs. Raymond Mayer, Mrs. Sue Gochnauer and Mrs. Paul Beamer visited in Columbia Sunday.

Mr. and Mrs. Paul Beamer and son, Dickie, were recent visitors in York.

Mrs. George Orner entertained the Missionary society of the Reformed church Tuesday evening.

BRICKER TALKS AT HARRISBURG

Harrisburg, Sept. 20 (AP)—Governor John W. Bricker said today, "The New Deal cannot be trusted" because its 12-year record is one of "broken promises" without parallel in American history.

The Republican candidate for vice president, speaking at the Pennsylvania capitol, said the faith of the people in the present national administration had been so seriously impaired that:

"They have come to the conclusion that the surest way to plan for the future is to observe what the New Deal says it is going to do, or what it is not going to do, and then prepare to meet the opposite alternative."

The Ohio governor, in a prepared speech released by his campaign staff on an eastern tour, asserted the New Deal promised an "abundant life," security, economy and less bureaucracy. Where are they, he asked.

He said only one conclusion could be drawn from the record:

"The New Deal can not be trusted. It will not keep its covenant with the people. This nation needs a change—and the time for change is here."

"RED" CRANE GETS PAROLE

Harrisburg, Sept. 20 (AP)—Samuel B. (Red) Crane, major league baseball player of the '20's, who served 15 years in prison for slaying a former girl friend and her escort, was granted freedom on parole today.

The state board of parole announced the action following Governor Martin's commutation of Crane's 18 to 36 years sentence for second degree murder in the fatal shooting of Della Lyter and John Oren in a Harrisburg taproom in 1929.

"In view of his excellent institutional record and the fact that he has a home, job and sponsors that meet requirements," Parole Board Chairman Henry C. Hill said, "the parole board voted to grant a parole effective September 26."

Hill said Crane will be released from the Graterford Eastern penitentiary at Philadelphia under a parole plan arranged by Connie Mack, Philadelphia Athletics manager.

NEW OXFORD BOY HURT BY TRUCK

Norman Hertz, 18, New Oxford R. 1, is a patient in the Hanover hospital, suffering from injuries received when he was struck by a truck on Baltimore street, Hanover, Monday evening. The accident was the second in which the youth figured this year, having spent a month this summer in the Warner hospital here, recovering from injuries received when he fell from a truck.

According to the report received by Hanover borough police, Hertz was crossing Baltimore street in the 800-block Monday evening at 8:45 o'clock, when he was hit by a truck owned by C. G. Reese, Hanover, and driven by Charles Miller, Abbottstown. He was removed to the hospital by John Murren, Hanover R. 4. At the hospital he was reported to be suffering from shock, a possible fracture of the pelvis, and brush burns of the arms and legs. An X-ray examination was being made to determine the extent of his injuries.

During the afternoon of May 17, the Hertz youth fell from the rear of a truck on which he was riding when the truck crossed the bridge over Marsh Creek, along the Gettysburg-Fairfield road. He received a fractured skull and broken left leg. After being treated by Dr. Ira M. Henderson, Fairfield, he was taken to the Warner hospital, where he remained as a patient until June 16.

Scheiberling Is Likely Winner

Chicago, Sept. 20 (AP)—Edward N. Scheiberling, Albany, N. Y., attorney, who served as an infantry captain in World War I, was regarded by some American Legionnaires as holding the role of favorite in the contest today for the post of national commander.

The election to choose a successor to Warren H. Atherton of Stockton, Calif, will be held at the Legion's concluding session of its 26th annual convention today.

FDR NOMINATES 3 AMBASSADORS

Washington, Sept. 20 (AP)—President Roosevelt today nominated ambassadors to serve in three countries newly liberated from their Nazi invaders and in others on the threshold of freedom.

The President named Charles Sawyer, former Democratic national committeeman of Ohio, to be ambassador to Belgium and minister to Luxembourg.

Stanley K. Hornbeck of Colorado, now special assistant to the secretary of state, was nominated to be ambassador to the Netherlands.

In addition Mr. Roosevelt sent to the Senate the nomination of Arthur Bliss Lane of New York to be ambassador to the Polish government-in-exile now in London, and named Richard C. Patterson of New York to be ambassador to Yugoslavia's London government-in-exile.

Lithgow Osborne of New York, now connected with the United Nation Relief and Rehabilitation administration, was nominated to be ambassador to the Norwegian government-in-exile in London.

FINLAND LOSES HUGE SLICE OF RICHEST AREA

(By The Associated Press)

London, Sept. 20—Stripped of her richest industrial territory and burdened with heavy casn reparations as the price of peace, Finland was dedicated today by Acting Prime Minister Ernst Von Born "to build ing up a new national existence with the opportunities left to us."

Of immediate concern was the probably bloody task of removing German troops remaining in the country—one of the conditions imposed in the 23-point armistice agreement reached in Moscow yesterday with Soviet Russia and Great Britain.

"It is a serious matter that we have to disarm German troops in Finland and hand them over to the Allies," said Von Born in broadcasting details of the armistice to the Finnish people. "We have to prepare hastily for the (Finnish) Army to return to a peace-time footing," he added.

Move Against Nazis

Stockholm reports which lacked immediate official confirmation yesterday said Finnish troops had moved against Nazi forces in northern Finland. Von Born said the south as far as Oulu already was clear. The Germans, if they desire, can withdraw into northern Norway.

The armistice agreement implied at least a certain amount of Allied assistance in case of prolonged German resistance. The pact requires that airfields in southern and southwestern Finland be placed temporarily at the disposal of the Allies.

The loss of territory to Russia was the sorest point to the Finns and the first item mentioned by Von Born in his broadcast review.

Declaring that "September 19, 1944, will be one of the hardest days of our history," the Acting Prime Minister announced that the armistice called for immediate restoration of the Russian-Finnish border fixed after the 104-day winter war of 1939-1940.

Karelia Is Lost

"Thus Karelia is lost," said Von Born.

Karelia, the area northwest of Leningrad and west and north of Lake Ladoga, includes the city of Viipuri and is the most industrially developed region of Finland. In that area lives more than 10 per cent of Finland's pre-1940 population.

The agreement also provided for the outright ceding to Russia of the Petsamo area in the far north, with its port and rich nickel mines, and the leasing for 50 years of the Porkkala peninsula, with its naval base on the Finnish Gulf, for use as a military region.

In cash, Finland must pay reparations totalling $300,000,000 (American) within six years. Von Born disclosed this was only half what the Russians had asked in the futile peace negotiations last spring, but he added that "it is relatively heavier than any demand for reparations made on any country after the last great war."

For the duration of the war the Finnish merchant fleet is placed at the disposal of the Allies for the transportation of war materiel.

None of the other 23 points in the agreement was discussed by Von Born because, he said, "at this stage we have not yet formed an accurate idea of every detail."

23 SCOUTS WIN

(Continued From Page 1)

the principles of airplane flight was shown. A second color film depicting scout activities at Camp Ganoga, near York Haven, also was shown.

A district meeting for the Black Walnut district was held in conjunction with the Court of Honor and it was decided to hold the annual leadership training course for troop committeemen on two days, November 4 and 18. The committeemen present decided to hold the training meetings for two periods of six hours each rather than hold a number of two-hour sessions as has been done in past years. The programs will be held at Sheffer's park, along the Biglerville road, and will begin at 2 o'clock on the Saturday afternoons. The leaders will cook their own suppers and adjourn at 8 o'clock. Dr. Frederick Tilberg, chairman of the Black Walnut district, presided.

Clemency Denied, Negroes Face Chair

Harrisburg, Sept. 20 (AP)—The state pardon board turned down clemency pleas of two Negroes convicted of first degree murder and today they face reath in the electric chair at Rockview penitentiary, scheduled for early next week.

Thomas Mays Elliott, of Harrisburg, had previously pleaded guilty to stabbing to death 50-year-old Lucius Baker during a robbery. His plea for commutation of the death sentence was vigorously opposed by District Attorney Carl B. Shelley.

The other man was George Nelson Gatling, 38, of Philadelphia, convicted of attacking and slaying a five-year-old Negro girl. In opposing his plea James Tracey of the Philadelphia District Attorney's office said, "this is one of the most horrible crimes we have ever had in Philadelphia."

Social Happenings

Phone Gettysburg 640 or Biglerville 8

Mr. and Mrs. LeRoy H. Winebrenner and Mr. and Mrs. Ray M. Hoffman returned Monday from Atlantic City where they spent the week-end.

* * *

A contribution toward the filling of the Christmas boxes to be sent members of the Methodist church who are serving in the armed forces was voted Tuesday evening by the members of Mrs. Tate's Sunday school class at their regular meeting. The ladies met at the Methodist parsonage, Baltimore street.

Mrs. Robert Berkheimer conducted the devotions and Mrs. William Wavell presided at the business session. A social hour followed the meeting with Mrs. C. K. Gibson, Miss Margaret McMillan and Mrs. Grace Decker serving as hostesses.

* * *

Mrs. Keith Burger, Chambersburg street, spent Tuesday in Hanover.

* * *

The Friday Literary club will meet Friday evening at the home of Mrs. H. Milton Roth, Carlisle street, with Mrs. Albert Bachman in charge of the program.

* * *

Mrs. Ralph D. Wickerham entertained the members of the Tuesday Afternoon Bridge club this week at her home on East Broadway. The next meeting will be held at the home of Mrs. John B. Zinn.

* * *

Dr. and Mrs. R. S. Saby, Carlisle street, have returned from a vacation spent with relatives and friends in Akron, Ohio.

* * *

Miss Louise Bender entertained the members of the Wednesday Bridge club Tuesday afternoon at her home on Baltimore street. The club will meet next Tuesday afternoon with Mrs. M. D. DeTar.

* * *

Dr. and Mrs. Thomas L. Cline, Carlisle street, have returned from Culpeper, Va.

* * *

Miss Mary Shaffer, Mercersburg, will spend the winter with her brother, Prof. Fred Shaffer, Carlisle street, while teaching in the schools of Fairfield.

* * *

Mrs. Robert C. Miller, Mrs. William G. Weaver and Miss Patsy Weaver have returned to Washington, D. C., after spending several weeks at their home on Baltimore street.

* * *

Miss Joanne Nye returned to Annville today after a visit with Miss Margaret Saby, Carlisle street. She was accompanied to Harrisburg by Miss Saby and Miss Helen Saby.

* * *

Mrs. Robert J. Weikert has returned to Philadelphia, after a visit with her parents, Mr. and Mrs. William Wavell, Steinwehr avenue. Mr. Weikert, who had been here, returned home a few days ago.

* * *

First Lieut. Ralph Ward, who returned recently from the European war area where he served with the Eighth Army Air Force, spent the week-end with his cousins, Mr. and Mrs. Sidney B. Johnston, Springs avenue.

Cpl. Weikert, USMC, Ill With Malaria

Cpl. Willard E. Weikert, 27, son of Mrs. Mary A. Weikert, Taneytown road and veteran of nearly two years of service with the Marines in the Pacific, has been a patient in a hospital in New Hebrides, between New Caledonia and Australia, since June 8, his mother has learned in a letter just received from her son.

Weikert served in the Guadalcanal campaign, at Tarawa and in the Russell islands.

He has a brother, Pvt. Robert Weikert, who is attached to an A.A.F. base unit at Truax Field, Madison, Wisconsin.

Infant Expires; Father Overseas

Guy Ashley Bream, infant son of Mr. and Mrs. Guy L. Bream, Biglerville, died at the Warner hospital Tuesday afternoon at 5 o'clock from a complication of diseases. Mr. Bream is serving with the Army and is stationed in New Guinea.

Surviving are his parents; maternal grandparents, Mr. and Mrs. R. D. Arnold, Biglerville; paternal grandparents, Mr. and Mrs. Frank Bream, New Oxford, and great-grandmother, Mrs. Mary Arnold, Biglerville.

Graveside services were held this afternoon at 1:30 o'clock at the Biglerville cemetery conducted by the Rev. H. O. Sipe.

DISORDERLY FINES

David McDannel, Salem, N. J., and James Hare, Danville, Va., were committed to the county jail for 10 days each in default of $5 fines on charges of disorderly conduct. They were arrested on Chambersburg street Tuesday night by Borough Officer Paul B. Shealer and arraigned before Justice of the Peace John H. Basehore.

PLAN V-DAY

Philadelphia, Sept. 20 (AP)—Philadelphia business groups are urged by Mayor Bernard Samuel to arrange work schedules for V-day. He said without such planning all business might close at the same time.

DEATHS

Martin Nace

Martin J. Nace, 67, died at 4 o'clock Monday afternoon at the Hanover General hospital of a stroke of paralysis. Mr. Nace had been a resident of Porters Sideling for many years. He was a son of the late Mr. and Mrs. Abraham Nace, Manheim township and was employed by the Western Maryland railroad as a repair worker on the Hanover-York division.

He leaves his widow, Mrs. Tillie Wherley Nace; three sons, Elwood, Lewis and Cletus, all of Porters Sideling; seven grandchildren; a brother, Valentine A. Nace, Hanover R. D. 2; four stepsisters, Mrs. Daniel Palmer, New Oxford R. D. 2; Mrs. Murray Gosnell, York; Mrs. George Richard and Mrs. Hattie Rohrbaugh, Hanover. Another brother, Josiah D. Nace, late of Mt. Wolf, was buried Tuesday afternoon.

Funeral 2 o'clock Thursday afternoon from the Sauter funeral home, North Main street, Spring Grove, concluding services in St. Peter's (Lischey's) Union church, the Rev. Franklin F. Glassmoyer, pastor of the Reformed congregation, officiating. Burial in the cemetery adjoining the church.

Granville L. Reinecker

Granville L. Reinecker, 77, formerly of near Littlestown, died at his home, Camp Hill R. D. 1, Monday morning at 8:45 o'clock. He had been in failing health for some time and seriously ill for one week.

The deceased was a son of the late Benjamin and Mary Elizabeth (Formwalt) Reinecker. He was a member of Trinity Lutheran church, Camp Hill, and a former member of St. Paul's Lutheran church, Littlestown.

Mr. Reinecker was a charter member of the Littlestown P. O. S. of A. camp and the Littlestown I. O. O. F. lodge.

Surviving are his widow, the former Miss Bertie Formwalt; two children, Mrs. N. J. Donaldson, Camp Hill R. D. 1, and J. Howard Reinecker, at home; four sisters, Mrs. Isaac Harbold, Mechanicsburg; Mrs. Annie Peterman, New Oxford; Mrs. Laura Mummert, East Berlin, and Mrs. Ada Buohl, Gettysburg, and a brother, Milton B. Reinecker, Wilkes-Barre.

Funeral Thursday with services at 1:30 o'clock at the J. W. Little and Son funeral home, Littlestown, the Rev. Howard F. Bink, Camp Hill, and the Rev. D. S. Kammerer, Littlestown, officiating. Interment in Mt. Carmel cemetery, Littlestown. Friends may call at the funeral home this evening between 7 and 9 o'clock.

Mrs. Anna J. Florence

Mrs. Anna J. Florence, 76, widow of John T. Florence, died at 3:40 Tuesday morning at her home in Waynesboro. She had been ill for the last two years and had been confined to bed for the last six weeks, suffering from a heart condition. She had lived in Waynesboro for the last 20 years, going there from Rouzerville. At the time of her marriage she was living in Emmitsburg.

She was a member of St. Andrew's Catholic church. Her husband died in 1918.

Surviving are two daughters, Mrs. Josephine Sheldon, at home; Mrs. Oscar Stoner, Washington, D. C.; five grandchildren, eight great-grandchildren, one sister, Mrs. S. L. Allison, Fairfield, and a brother, Oliver McCleaf, Waynesboro.

Funeral service Friday morning at 9 o'clock, with requiem high Mass being celebrated by the Rev. Fr. Carl B. Brady. Burial in St. Andrew's cemetery. Friends may call at the Grove Funeral home Waynesboro, Thursday evening from 7 until 9 o'clock.

The family requests that flowers be omitted.

Mrs. Minnie Logan Carl

Mrs. Minnie Logan Carl, 67, widow of Levi Carl, died Tuesday morning in the Carlisle hospital. She made her home in Boiling Springs, and was a daughter of the late George and Emma Black Logan. For 35 years she taught in the public schools beginning her career in 1895 in Newton Township, and for the last 25 years in the Boiling Springs schools. She was a member of the Otterbein United Brethren church and Sunday school.

She is survived by three sisters, Mrs. Carroll Best, Miss Jennie Logan and Mrs. Leland Edinger, all of Carlisle; three brothers, George Logan, Maplewood, N. J.; Leroy Logan, Westminster, and John Logan, Gardners; two daughters, Mrs. Charles Kennedy, Boiling Springs, and Mrs. John Graham, Williamsport.

Funeral services Friday afternoon at 2:30 in the J. R. Shulenberger funeral home, Carlisle, with interment in Plainfield Church of God cemetery. Friends may call at the funeral home Thursday evening.

FROZEN ON JOBS

Philadelphia, Sept. 20 (AP)—Under a War Manpower Commission order, almost 500,000 workers in 340 Philadelphia area war plants are frozen into their jobs. The order is intended to help eliminate a shortage of 17,000 workers, Carl B. Harr, Area WMC director, said, adding that releases can be obtained only through the WMC.

YANKS SMASH GOTHIC HEART

By NOLAND NORGAARD

Rome, Sept. 20 (AP)—American troops of the Fifth Army have breached the German's Gothic line on a six-mile front above Florence after a week of intensive fighting and struck within three miles of the important road center of Firenzuola, headquarters announced today.

Storming steep mountain slopes, American troops won the heights of Castel Guerrino and Lacroce and penetrated well into the heart of the Gothic defenses 22 miles northeast of Florence.

Front line dispatches to the U. S. Army newspaper Stars and Stripes said the gains through the rugged mountains "cost us an uncomfortable number of losses."

The official announcement said, "although no largescale breakthrough is apparent, the Fifth Army penetrated against defenses which are stronger than any yet encountered in Italy."

"On the east coast, units of the British Eighth Army battered to within rifle range of Rimini, gateway to the Po valley."

On the flank of the Americans, Brazilian, South African, British and Indian infantry also scaled mountain strongholds and came to grips with the enemy at close quarters.

"The capture of most important hill features within the past 48 hours threatens the whole enemy position," it was commented officially at Fifth Army headquarters.

WAVE RECRUITING WILL STOP SOON

Washington, Sept. 20 (AP)—Now that Navy service women are about to see the world, western segment only, other girls who want to join are likely to find they're too late.

Within two months the WAVES and SPARS will be shutting up recruiting shop. Women Marines already have.

In arguing for the bill permitting Navy, Coast Guard and Marine women to be assigned to western hemisphere outposts Rep. Smith (R-Me), disclosed that by the end of November the WAVES expect to have their quota of 75,000 enlisted women.

The SPARS will celebrate their second birthday November 23 with a full complement of 10,000 enlisted women and 1,000 officers. The Marines had their 17,994 women last June.

The compromise bill permitting assignment of women to western hemisphere outposts passed the House yesterday and went to the White House.

The Army's WAC strength now is over 80,000. Under an executive order the authorized total personnel of the Women's Army Corps, whose members may be assigned anywhere, is 200,000.

Pennsy Acquires Historic Bridge

Lewisburg, Pa., Sept. 20 (AP)—The Pennsylvania railroad today acquired a historic bridge over the Susquehanna river at Lewisburg, which was originally built in 1817 and twice washed out by floods. The bridge carries the railroad's Bellefonte branch across the river.

Representatives of the railroad and the Lewisburg Bridge company signed papers transferring title to the span to the railroad.

The original bridge was washed out in the flood of 1865 and a second span was built the following year. Another flood in 1889 carried away five spans. The present steel bridge was built in 1912 on the original stone piers and abutments.

The Pennsylvania's Bellefonte branch leaves the main line to Williamsport at Montandon. After crossing the Susquehanna at Lewisburg it continues 66 miles to Bellefonte.

Astronomer Finds Two New Stars

Minneapolis, Minn., Sept. 20 (AP)—Dr. Willem J. Luyten, University of Minnesota astronomer from Holland who has spent much of his life hunting the "white dwarf" star, has discovered two more such stars, the university announced today.

Describing the "white dwarfs" as "freaks of the universe, very small, very faint, and so heavy that a cubic inch of them may weigh anywhere from one to 1,000 pounds," Doctor Luyten said the newly discovered pair is located in the constellation Antlia—much too far south to be seen to advantage from the latitude of Minnesota.

HOSPITAL REPORT

Michael S. Webb, 316 East Middle street, was treated at the Warner hospital for a laceration of the forehead received when he was struck by a baseball bat. He was later discharged.

Admissions to the hospital included Mrs. Edward Sheets, Littlestown; Esther Meckley, Hanover R. 1; Mrs. Edward Heiser, Gettysburg R. 2; Mrs. James H. Black, Gardners R. 1; Mrs. John E. Slaybaugh, Aspers R. 1; Mrs. Leo J. Gerrie, Emmitsburg, and Mrs. Glenn S. Bishop, 117 Steinwehr avenue. Those discharged were Mrs. Monroe Smelser, Arendtsville; Mrs. Dale Sheaffer, Aspers R. 1, and Mrs. Florence Lee, 353 York street.

Upper Communities

Arendtsville

Mr. and Mrs. Calvin Taylor are on a visit with relatives in Illinois and other western states.

Mr. and Mrs. Raymond Mayer, Mrs. Sue Gochnauer and Mrs. Paul Beamer visited in Columbia Sunday.

Mr. and Mrs. Paul Beamer and son, Dickie, were recent visitors in York.

Mrs. George Orner entertained the Missionary society of the Reformed church Tuesday evening.

Alexander Griest, of Flora Dale, entered George schoo1 as a student Tuesday. He was accompanied to the school by his father, Frederick E. Griest.

Mr. and Mrs. Robert Maynard, of Lockport, N. Y., were guests today of Mr. and Mrs. Lloyd W. Kleinfelter, of Biglerville.

Mr. and Mrs. Donald Tyson, Gardners R. D., are spending a few days in New York city.

Mr. and Mrs. Richard Corman, who since coming to Biglerville from Mechanicsburg, have been living with Mrs. Corman's parents, Mr. and Mrs. F. Walter Wright, of Biglerville, will move into the apartment of Miss Blanche Deatrick, East York street, in the near future.

Miss Clara Myers, of Biglerville, is spending a few days with friends at the Kutztown State Teachers' college.

Cpl. Fred E. Slaybaugh has suffered an injury to his knee while serving with the U. S. forces in France and is now a patient in a hospital in England according to word received Tuesday by his grandparents, Mr. and Mrs. Albert Slaybaugh, Aspers R. D. The letter which they received from him was dated September 9.

A-S George Baugher, Jr., has resumed his studies at Bucknell university, Lewisburg, after a short visit with his parents at their home in Aspers.

Miss Margaret Tilton, Biglerville, has enrolled as a student at George School. She was accompanied as far as Philadelphia Monday by her sister, Miss Ann Tilton.

Mrs. S. K. Piercy, Macungie, is visiting her son-in-law and daughter, Mr. and Mrs. Robert C. Lott, Aspers R. D. Neil Lott, who had been visiting his grandmother, Mrs. Piercy, returned to his home with her.

A birthday dinner was held Sunday for Esther Arnsberger at the home of Paul Arnsberger, Gardners. Those present were Mr. and Mrs. Paul Arnsberger and children, Charlotte, Joyce and Wayne, Mrs. Harry Arnsberger, Raymond Arnsberger, Esther Arnsberger and Estella Koontz. Visitors were Jeanne Walde and Stanley and Boyd Bream of Aspers.

A dinner was held Sunday at the home of Mr. and Mrs. Leslie Orner, Biglerville, in celebration of the birthday anniversaries of Mrs. Orner, her sister, Mrs. Robert Lentz, Orrtanna R. D., and her brother, John H. Newell, Biglerville R. D., all of which took place within a week. The guests were Mr. and Mrs. Robert Lentz and daughters, Janet and Barbara, Orrtanna R. D.; Mr. and Mrs. John H. Newell and daughter, Virginia and son, Arthur, Biglerville, and Miss Anna Mae Orner, Biglerville.

Urge Probe Of Pearl Harbor Case

Washington, Sept. 20 (AP)—A house naval subcommittee today urged an immediate congressional investigation of the Pearl Harbor attack, declaring any inquiry by the armed forces themselves might be "biased" and that "we should learn for ourselves what happened" at the Pacific base Dec. 7, 1941.

The subcommittee, consisting of Representatives Herbert (D-La), Cole (R-NY) and Hess (R-Ohio), made its recommendations in letters to Naval Chairman Vinson (D-Ga) and Military Committee Chairman May (D-Ky.)

UMW Answers Ickes 'Insult'

Cincinnati, Sept. 20 (AP)—Secretary of the Interior Ickes demanded to know of John L. Lewis today "whether you as president of the United Mine Workers of America propose to live up to your long-vaunted role of abiding by your contracts," and the UMW convention in reply termed Ickes' remark "an insult to every mine worker in the nation."

The second exchange of telegrams started after Ickes telegraphed to Lewis that the omission of his name from the signature of a telegram yesterday was due to inadvertance in transmission and added that "the subject matter is what counts and your political blast is no reply to the serious representation that I made."

The first Ickes telegram asked the miners to refrain from all strikes during the war, referring specifically to several strikes involving mine supervisors.

"Regardless," said Ickes today, "of what the miners are producing, and for my part I have taken pains to praise them for their output, the cold fact is that the miners have not been producing what they are capable of doing even with the reduced number of men."

"What I would like to know is whether you as president of the UMW propose to live up to your long-vaunted role of abiding by your contracts or whether it is your purpose to evade compliance with your contract by beating the devil around the bush in the form of Local No. 50."

BRICKER TALKS AT HARRISBURG

Harrisburg, Sept. 20 (AP)—Governor John W. Bricker said today, "The New Deal cannot be trusted" because its 12-year record is one of "broken promises" without parallel in American history.

The Republican candidate for vice president, speaking at the Pennsylvania capitol, said the faith of the people in the present national administration had been so seriously impaired that:

"They have come to the conclusion that the surest way to plan for the future is to observe what the New Deal says it is going to do, or what it is not going to do, and then prepare to meet the opposite alternative."

The Ohio governor, in a prepared speech released by his campaign staff on an eastern tour, asserted the New Deal promised an "abundant life," security, economy and less bureaucracy. Where are they, he asked.

He said only one conclusion could be drawn from the record:

"The New Deal can not be trusted. It will not keep its covenant with the people. This nation needs a change—and the time for change is here."

"RED" CRANE GETS PAROLE

Harrisburg, Sept. 20 (AP)—Samuel B. (Red) Crane, major league baseball player of the '20's, who served 15 years in prison for slaying a former girl friend and her escort, was granted freedom on parole today.

The state board of parole announced the action following Governor Martin's commutation of Crane's 18 to 36 years sentence for second degree murder in the fatal shooting of Della Lyter and John Oren in a Harrisburg taproom in 1929.

"In view of his excellent institutional record and the fact that he has a home, job and sponsors that meet requirements," Parole Board Chairman Henry C. Hill said, "the parole board voted to grant a parole effective September 26."

Hill said Crane will be released from the Graterford Eastern penitentiary at Philadelphia under a parole plan arranged by Connie Mack, Philadelphia Athletics manager.

NEW OXFORD BOY HURT BY TRUCK

Norman Hertz, 18, New Oxford R. 1, is a patient in the Hanover hospital, suffering from injuries received when he was struck by a truck on Baltimore street, Hanover, Monday evening. The accident was the second in which the youth figured this year, having spent a month this summer in the Warner hospital here, recovering from injuries received when he fell from a truck.

According to the report received by Hanover borough police, Hertz was crossing Baltimore street in the 800-block Monday evening at 8:45 o'clock, when he was hit by a truck owned by C. G. Reese, Hanover, and driven by Charles Miller, Abbottstown. He was removed to the hospital by John Murren, Hanover R. 4. At the hospital he was reported to be suffering from shock, a possible fracture of the pelvis, and brush burns of the arms and legs. An X-ray examination was being made to determine the extent of his injuries.

During the afternoon of May 17, the Hertz youth fell from the rear of a truck on which he was riding when the truck crossed the bridge over Marsh Creek, along the Gettysburg-Fairfield road. He received a fractured skull and broken left leg. After being treated by Dr. Ira M. Henderson, Fairfield, he was taken to the Warner hospital, where he remained as a patient until June 16.

Scheiberling Is Likely Winner

Chicago, Sept. 20 (AP)—Edward N. Scheiberling, Albany, N. Y., attorney, who served as an infantry captain in World War I, was regarded by some American Legionnaires as holding the role of favorite in the contest today for the post of national commander.

The election to choose a successor to Warren H. Atherton of Stockton, Calif, will be held at the Legion's concluding session of its 26th annual convention today.

FDR NOMINATES 3 AMBASSADORS

Washington, Sept. 20 (AP)—President Roosevelt today nominated ambassadors to serve in three countries newly liberated from their Nazi invaders and in others on the threshold of freedom.

The President named Charles Sawyer, former Democratic national committeeman of Ohio, to be ambassador to Belgium and minister to Luxembourg.

Stanley K. Hornbeck of Colorado, now special assistant to the secretary of state, was nominated to be ambassador to the Netherlands.

In addition Mr. Roosevelt sent to the Senate the nomination of Arthur Bliss Lane of New York to be ambassador to the Polish government-in-exile now in London, and named Richard C. Patterson of New York to be ambassador to Yugoslavia's London government-in-exile.

Lithgow Osborne of New York, now connected with the United Nation Relief and Rehabilitation administration, was nominated to be ambassador to the Norwegian government-in-exile in London.

MAY BRING U. S. DEAD TO STATES AFTER VICTORY

By JAMES MARLOW

Washington, Sept. 20 (AP)—This is just a starter. You'll hear more about it but probably not until after the war is over.

1. Should the government pay the expenses of relatives who wish to visit the graves of their military dead overseas?

2. Should the government bring back the bodies of the servicemen who died in this war and bury them here?

The question was brought up by Rep McCormack of Massachusetts, Democratic leader of the House.

Mother's Idea

A woman in his Congressional District wrote to him asking whether the government might consider financing visits of near relatives of servicemen killed and buried on foreign soil.

McCormack thought the idea good. He wrote a letter to the President, asking what he thought. The President replied, saying he would back such a proposal.

The President said: "It would be desirable for Congress to consider at an appropriate time legislation permitting families who wish to do so to visit the graves of their relatives overseas after the war at government expense."

Huge Cost Involved

Before going any further note that the President used the word "families."

After the last war—years after—Congress provided $5,386,367 to pay the expenses of gold star mothers and widows who wished to visit the graves of their loved ones overseas.

They were taken to France in pilgrimages, starting in 1930 and ending in 1933. The total number who went was 6,674. The average cost to the government for each of them was $791.53.

In the first World War our dead totaled about 50,000. More than 62,000 soldiers have been killed so far in this war. Add to that thousands of Marines and sailors and the total swells toward the 100,000 mark.

If the government had to spend an average of $791 on each mother or widow after the first World War you could probably multiply that total many times if the government started paying for "families" to go overseas.

May Return Bodies

The gold star mothers and widows of the first World War could be taken directly to Europe for their visit to the graves. There were 8 American cemeteries: Six in France, one in Belgium and one in England.

After this war a visit to the graves of the American military dead would mean trips to Guadalcanal, Australia, New Guinea, Tarawa, Burma, the Philippines, Hawaii the Aleutians, Saipan, China (and before it's over, probably Japan), Africa, Italy, France, Holland, Belgium, England, middle Europe, the Middle East, and Germany.

But there is this other side of the picture:

There is talk in the War Department:

That, if 70 per cent of the close relatives of men buried overseas want the bodies brought back from any one theater of war, all bodies from that theater will be brought back.

MARQUISE ASKS OPPORTUNITY TO CLEAR HER NAME

By RUTH COWAN

Paris, Sept. 19 (Delayed (AP)—The Marquise de Polignac, the former Nina Crosby of New York who married into the wealthy French champagne family, sat on a cot in Drancy stockade today and said she welcomed arrest as a way to clear her name of rumors that she was a collaborationist.

The Marquise said the first tip she had that she was to be held for investigation was a French newspaper article attacking her. She has been held now for three weeks.

"I stayed home awaiting arrest," she said.

Her preparations for incarceration in the stockade, made notorious by the Germans as a concentration camp and now holding more than 5,000 prisoners, make her life there seem luxurious to her fellow prisoners.

The Marquise said the first tip ress on her bed in a corner of the second floor of the former gendrame barracks, and a supply of expensive beauty preparations She shares the section with several other women of position in French life, including, until yesterday, she said, the Duchess de Brissac.

Despite hardships, she was beautifully groomed and elegantly dressed in a black wool suit trimmed with gold buttons and wore gold earrings to match.

"I never was a collaborationist," the Marquise declared. She said she thought France and Germany should have come to an agreement to prevent the war, but when the war began she worked for the French and could produce evidence of her efforts

Freed Seven Others

"I never saw any German army Gestapo or SS people," she added "I knew only embassy people."

Through her acquaintance with the German embassy people, she related, she was able to obtain freedom for seven persons—including one American and her son by her first marriage to a New York broker, James Biddle Eustis, Sr.

Young Eustis was arrested after the United States entered the war but was released on parole, reporting to the Germans weekly.

Son in FFI

The Marquise produced an identification card showing that she had driven ambulances for the American hospital of Paris when the war began, as well as a letter signed by Robert D. Murphy, then U. S. consul in Paris.

She said she had converted her own car into an ambulance and was driving it up to the time of the liberation of Paris

Her son by her French marriage is a "high officer" in the FFI, she added.

Soldiers' Wife Given Six Months

Erie, Pa., Sept. 20 (AP)—A six-month jail sentence began today for red-haired Mrs. Lillian L. Koch, 39, of Ridgway, who pleaded guilty in federal court to a charge of unlawfully receiving a dependency allotment from the second of her two Army husbands.

Judge F. P. Schoonmaker, in denying a plea by Mrs. Koch's counsel for leniency, asserted.

"There is not a chance in the world for this woman to be rehabilitated."

He also denied a plea for a suspended sentence on the woman's promise to make restitution, saying:

"This would not be a sufficient penalty."

The government charged Mrs Koch received $550 fraudulently from Robert Amocher of Ridgway whom she married in Louisville, Ky., February 6, 1943, when she already was the wife of another soldier, Bernard Koch.

Attacks Socialized Medicine Proposal

Pittsburgh, Sept. 20 (AP) — Advocacy of socialized medicine, asserts Dr. William Bates, new president of the Pennsylvania Medical Society, "is a part of a distorted ideology which has been effecive in every phase of our lives."

Speaking at opening sessions of the society's 94th annual meeting last night, Dr. Bates said the present plan of socialized medicine "would cost the nation four times the exorbitant figure originally given for medical costs to the public."

INSPECTORS MEET

Bradford, Pa., Sept. 20 (AP) — Addresses by representatives of weighing machine firms, followed by a Seminar conducted by the President, Irving R. Schultz of York, filled the program today for the 29th annual convention of the Pennsylvania Association of Weights and Measures Inspectors. The convention will close tomorrow with election of officers.

DRAFT BOARDS' JOB ONLY HALF COMPLETED NOW

Hershey, Pa., Sept 20 (AP)—Pennsylvania's Selective Service task is only half completed said Col. Richard K. Mellon, state director today as he attended a regional meeting of draft officials from New Jersey, Delaware, New York, Ohio, and Washington, D. C.

The meeting, called by Col. A. J. Lewis, regional field director, will be attended by Maj. Gen. Lewis B Hershey, national director of Selective Service. Problems arising from the reemployment of returning veterans will be up for discussion by the draft officials.

Col. Mellon said that Pennsylvania's 422 local draft boards have inducted nearly 1,000,000 men into the armed forces in the past four years as their part in raising the largest army and navy in the history of this country.

Are Finding Jobs

The "other half" of the job—that of assisting returning servicemen in every possible manner—remains, he added.

Col. Mellon said Selective Service is cooperating fully with the war manpower commission and the veterans' administration to help veterans obtain employment and other assistance to which they are entitled under the "G. I. Bill of Rights."

Each local board now has at least one re-employment committeeman assigned to it, and each man discharged from military service is instructed by his commanding officer to report back to his local board.

Selective Service reports show that around 65,000 Pennsylvanians have been honorably discharged from military service, and that four out of five of these are gainfully employed. The others have either failed to contact their boards, or are undergoing hospitalization or rehabilitation.

U. S., Britain To Recognize DeGaulle

Washington, Sept. 20 (AP) — Diplomatic sources indicated today that the United States and Britain soon may recognize the national committee of General Charles de Gaulle as a provisional government.

It is believed that the question was brought up by the British at the Quebec conference of Prime Minister Churchill, British Foreign Minister Anthony Eden and President Roosevelt.

General De Gaulle now calls his administration the government of France, but it is unlikely that Britain and this country will go beyond provisional recognition until elections can be held in France and a regular constitutional government established.

The progress with which the national committee in France has taken in underground leaders and adapted itself to the desires of the French people, as reported from the scene, has met with considerable satisfaction here.

CIRCUS CROWDS

Kansas City, Sept. 20 (AP)—The biggest crowd in Ringling Brothers-Barnum and Bailey circus history—16,604 customers—saw last night's performances in Ruppert stadium, home of the American Association baseball club. Best previous attendance record: Just under 16,000 twenty years ago at Concordia, Kansas.

Opium was administered by the ancient Chinese before operations.

Four Years Ago

(By The Associated Press)

Sept. 20, 1940—Brig. Gen. George Strong of U. S. Army, returning from London, says German air raids have failed to do serious military damage; both British and Nazis exchange new night blows in air.

Admits Shooting Man Who 'Called Names'

Trafford, Pa., Sept. 20 (AP) — A 54-year-old Turtle Creek man was held on a district attorney's detainer today after telling Trafford Police Chief C. G. Brandt he shot another man because "he called me names."

Pasquale D'Erico was arrested after someone reported to Brandt he had overheard D'Erico claim in a saloon he shot Christian Argirios, 61, of Universal. Argirios' body had been found on a Penn Township road, apparently the victim of a motorist who failed to stop.

An autopsy followed D'Erico's arrest, confirming that Argirios died from two bullet wounds in the head.

Brandt quoted D'Erico as saying that he and Argirios "didn't like each other" and that Argirios, a Greek, derided Italians and "called me names, so I shot him on a country road and threw the gun away."

Congress Prepares For Nazi Collapse

Washington, Sept. 20 (AP)—Congress claimed victory today in its race against time to prepare for the collapse of Germany, polishing off the last of four major pieces of legislation marking out the road to peace.

Leaders said the lawmakers probably will recess late this week and return home until after the November elections.

Chairman George (D-Ga) of the Senate Postwar Committee said "we have done everything we can now to prepare for the collapse of Germany," and added:

"We have drawn a general program for the release of wartime economic controls and a return to our free enterprise system and the American ways of life. We shall supplement and improve this program to meet developments, and as additional facts are clear to us."

ROME POLICE CHIEF ON TRIAL; BLAMES NAZIS

Rome, Sept. 20 (AP)—His hands trembling, former Police Chief Pietro Caruso testified at the trial for his life today that Field Marshal Gen. Albert Kesselring, Nazi commander in Italy, had ordered him to furnish 50 Italian hostages for execution in reprisal for the bombing of an SS column.

The trial, delayed Monday by the lynching of the chief state witness, started today while Allied police stood watchfully by.

Caruso was Rome's police chief during the last four months of German occupation. He said Kesselring's order was transmitted through the former German SS commander in Rome, one Kappler. The 50 were to be executed with hundreds of others, he said. Testifying that he was aware of the gravity of the request, Caruso asserted that he sought guidance from former Fascist Minister of the Interior Buffarini-Guidi.

Played Both Sides

"You had better turn them over, otherwise who knows what will happen to us," he quoted the official as saying. Caruso said he complied with the order after cutting down the number to 50.

The witness also blamed the Germans for the raid on St. Paul's church last February, when Caruso's police broke into the sanctuary and seized Italian officers and civilians. He said he did not know that the action violated the Vatican's extra-territorial rights.

A tall and handsome co-defendant, Robert Occhietto, secretary to Caruso, testified that he played both sides of the street during the German occupation, obtaining information from the Nazis which he asserted he turned over to Lt. Gen. Mark Clark's Fifth Army.

Col. Charles Poletti, Allied military government official and former New York governor, attended the trial.

The hearing began quietly in contrast to the violence which marked the original effort to begin the trial Monday when one of the key witnesses, Donato Carretta, former vice director of the Regina Coeli jail of Rome, was beaten to death by a mob.

The new choice of a courtroom was kept secret until the trial started. Many lines of police blocked the streets leading to the palace and patrolled all the building's corridors.

Caruso, on crutches as a result of injuries received in an auto wreck when he attempted to flee north ahead of the Allied armies, was helped to a chair near his secretary and co-defendant, Roberto Occhietto.

Specific charges read against Caruso were that he turned over to the Germans 50 hostages for execution, seized citizens for labor battalions, violated the extraterritoriality of St. Paul's church and authorized his secretary and others to attend a German sabotage school in the Netherlands.

To Bombard Axis Citizens By Radio

Cincinnati, Sept. 20 (AP)—News of Allied successes will bombard Axis citizens on a 24-hour basis from the most powerful short wave transmitters in the world, the Office of War Information disclosed today.

Three new short wave stations, WLWL, WLWS and WLWR, each capable of an output of more than 200,000 watts, have gone into operation 20 miles north of here to disseminate news and entertainment to all parts of Europe and to Africa and South America.

Formal dedication of the stations will take place simultaneously in Cincinnati and Washington Saturday night.

DENMARK RIOTS REPORTED QUIET

Stockholm, Sept. 20 (AP)—Street fighting and disorders which erupted in Denmark yesterday as Danes demonstrated against German seizure of government buildings and police stations were reported to have abated last night and latest advices from Copenhagen indicated that calm once more prevailed in the city.

The Free Danish press service said the Free Danish Council had asked all Danes to stop fighting but to continue a general strike until Thursday in protest against the dissolution of the Danish police force of 12,000 men.

Free Danes said some trains already had stopped last evening and predicted the strike would be universal except for gas, water and electric services.

Earlier reports from Denmark said Danish constabulary had fought a fierce but unequal battle yesterday in defense of the Royal Palace at Amalienborg in Copenhagen, where aging King Christian X and his family were besieged.

The Danish officers finally were subdued after killing at least 14 Nazis, these advices said. Some members of the constabulary were reported to have fled to Sweden.

Production of lumber for military purposes in 1943 was estimated to be short by four billion feet.

MERCHANT SHIP BUILDING IS FOR USE IN PACIFIC

Washington, Sept. 20 (AP)—Construction of merchant ships for the war in Europe is rapidly drawing to an end as emphasis shifts to types wanted for the war in the Pacific and for post-war trade routes.

The output of the Liberty ship, which started life as an ugly duckling but became a workhouse of the seas, already is being tapered off in favor of faster vessels to span the vast Pacific.

When the war in Europe ends, it was learned today, some contracts for Liberty ships will be cancelled, with a possibility that no more keels will be laid.

P-2 Is New Ship

As more of the bigger, faster ships come off the ways and the number of Liberty ships continues to decrease, the monthly tonnage delivered will decline, at least for the next several months

Present indications for 1944 construction in shipyards under the jurisdiction of the Maritime Commission are about 16,000,000 deadweight tons (carrying capacity), as compared with last year's record of 19,238,626 tons

A new ship coming into production is the P-2, about the size of the peacetime liners Washington and Manhattan. During the war, the P-2 will be used as a troop carrier, after the war as an ocean liner.

The Office of Civilian Defense recruited more than 125,000 volunteers during 1943 to aid forest rangers on a part-time basis.

MAY BRING U. S. DEAD TO STATES AFTER VICTORY

By JAMES MARLOW

Washington, Sept. 20 (AP)—This is just a starter. You'll hear more about it but probably not until after the war is over.

1. Should the government pay the expenses of relatives who wish to visit the graves of their military dead overseas?

2. Should the government bring back the bodies of the servicemen who died in this war and bury them here?

The question was brought up by Rep. McCormack of Massachusetts, Democratic leader of the House.

Mother's Idea

A woman in his Congressional District wrote to him asking whether the government might consider financing visits of near relatives of servicemen killed and buried on foreign soil.

McCormack thought the idea good. He wrote a letter to the President, asking what he thought. The President replied, saying he would back such a proposal.

The President said: "It would be desirable for Congress to consider at an appropriate time legislation permitting families who wish to do so to visit the graves of their relatives overseas after the war at government expense."

Huge Cost Involved

Before going any further note that the President used the word "families."

After the last war—years after—Congress provided $5,386,367 to pay the expenses of gold star mothers and widows who wished to visit the graves of their loved ones overseas.

They were taken to France in pilgrimages, starting in 1930 and ending in 1933. The total number who went was 6,674. The average cost to the government for each of them was $791.53.

In the first World War our dead totaled about 50,000. More than 62,000 soldiers have been killed so far in this war. Add to that thousands of Marines and sailors and the total swells toward the 100,000 mark.

If the government had to spend an average of $791 on each mother or widow after the first World War you could probably multiply that total many times if the government started paying for "families" to go overseas.

May Return Bodies

The gold star mothers and widows of the first World War could be taken directly to Europe for their visit to the graves. There were 8 American cemeteries: Six in France, one in Belgium and one in England.

After this war a visit to the graves of the American military dead would mean trips to Guadalcanal, Australia, New Guinea, Tarawa, Burma, the Philippines, Hawaii, the Aleutians, Saipan, China (and before it's over, probably Japan), Africa, Italy, France, Holland, Belgium, England, middle Europe, the Middle East, and Germany.

But there is this other side of the picture:

There is talk in the War Department:

That, if 70 per cent of the close relatives of men buried overseas want the bodies brought back from any one theater of war, all bodies from that theater will be brought back.

Soldiers' Wife Given Six Months

Erie, Pa., Sept. 20 (AP)—A six-month jail sentence began today for red-haired Mrs. Lillian L. Koch, 39, of Ridgway, who pleaded guilty in federal court to a charge of unlawfully receiving a dependency allotment from the second of her two Army husbands.

Judge F. P. Schoonmaker, in denying a plea by Mrs. Koch's counsel for leniency, asserted:

"There is not a chance in the world for this woman to be rehabilitated."

He also denied a plea for a suspended sentence on the woman's promise to make restitution, saying:

"This would not be a sufficient penalty."

The government charged Mrs. Koch received $550 fraudulently from Robert Amocher of Ridgway whom she married in Louisville, Ky., February 6, 1943, when she already was the wife of another soldier, Bernard Koch.

Attacks Socialized Medicine Proposal

Pittsburgh, Sept. 20 (AP) — Advocacy of socialized medicine, asserts Dr. William Bates, new president of the Pennsylvania Medical Society, "is a part of a distorted ideology which has been effective in every phase of our lives."

Speaking at opening sessions of the society's 94th annual meeting last night, Dr. Bates said the present plan of socialized medicine "would cost the nation four times the exorbitant figure originally given for medical costs to the public."

INSPECTORS MEET

Bradford, Pa., Sept. 20 (AP) — Addresses by representatives of weighing machine firms, followed by a Seminar conducted by the President, Irving R. Schultz of York, filled the program today for the 29th annual convention of the Pennsylvania Association of Weights and Measures inspectors. The convention will close tomorrow with election of officers.

MARQUISE ASKS OPPORTUNITY TO CLEAR HER NAME

By RUTH COWAN

Paris, Sept. 19 (Delayed) (AP)—The Marquise de Polignac, the former Nina Crosby of New York who married into the wealthy French champagne family, sat on a cot in Drancy stockade today and said she welcomed arrest as a way to clear her name of rumors that she was a collaborationist.

The Maruise said the first tip she had that she was to be held for investigation was a French newspaper article attacking her. She has been held now for three weeks.

"I stayed home awaiting arrest," she said.

Her preparations for incarceration in the stockade, made notorious by the Germans as a concentration camp and now holding more than 5,000 prisoners, make her life there seem luxurious to her fellow prisoners.

The Marquise said the first tip tress on her bed in a corner of the second floor of the former gendrame barracks, and a supply of expensive beauty preparations. She shares the section with several other women of position in French life, including, until yesterday, she said, the Duchess de Brissac.

Despite hardships, she was beautifully groomed and elegently dressed in a black wool suit trimmed with gold buttons and wore gold earrings to match.

"I never was a collaborationist," the Marquise declared. She said she thought France and Germany should have come to an agreement to prevent the war, but when the war began she worked for the French and could produce evidence of her efforts.

Freed Seven Others

"I never saw any German army, Gestapo or SS people," she added. "I knew only embassy people."

Through her acquaintance with the German embassy people, she related, she was able to obtain freedom for seven persons—including one American and her son by her first marriage to a New York broker, James Biddle Eustis, Sr.

Young Eustis was arrested after the United States entered the war but was released on parole, reporting to the Germans weekly.

Son in FFI

The Marquise produced an identification card showing that she had driven ambulances for the American hospital of Paris when the war began, as well as a letter signed by Robert D. Murphy, then U. S. consul in Paris.

She said she had converted her own car into an ambulance and was driving it up to the time of the liberation of Paris.

Her son by her French marriage is a "high officer" in the FFI, she added.

DRAFT BOARDS' JOB ONLY HALF COMPLETED NOW

Hershey, Pa., Sept 20 (AP)—Pennsylvania's Selectice Service task is only half completed said Col. Richard K. Mellon, state director today as he attended a regional meeting of draft officials from New Jersey, Delaware, New York, Ohio, and Washington, D. C.

The meeting, called by Col. A. J. Lewis, regional field director, will be attended by Maj. Gen. Lewis B. Hershey, national director of Selective Service. Problems arising from the reemployment of returning veterans will be up for discussion by the draft officials.

Col. Mellon said that Pennsylvania's 422 local draft boards have inducted nearly 1,000,000 men into the armed forces in the past four years as their part in raising the largest army and navy in the history of this country.

Are Finding Jobs

The "other half" of the job—that of assisting returning servicemen in every possible manner—remains, he added.

Col. Mellon said Selective Service is cooperating fully with the war manpower commission and the veterans' administration to help veterans obtain employment and other assistance to which they are entitled under the "G. I. Bill of Rights."

Each local board now has at least one re-employment committeeman assigned to it, and each man discharged from military service is instructed by his commanding officer to report back to his local board.

Selectice Service reports show that around 65,000 Pennsylvanians have been honorably discharged from military service, and that four out of five of these are gainfully employed. The others have either failed to contact their boards, or are undergoing hospitalization or rehabilitation.

U. S., Britain To Recognize DeGaulle

Washington, Sept. 20 (AP) — Diplomatic sources indicated today that the United States and Britain soon may recognize the national committee of General Charles de Gaulle as a provisional government.

It is believed that the question was brought up by the British at the Quebec conference of Prime Minister Churchill, British Foreign Minister Anthony Eden and President Roosevelt.

General De Gaulle now calls his administration the government of France, but it is unlikely that Britain and this country will go beyond provisional recognition until elections can be held in France and a regular constitutional government established.

The progress with which the national committee in France has taken in underground leaders and adapted itself to the desires of the French people, as reported from the scene, has met with considerable satisfaction here.

Congress Prepares For Nazi Collapse

Washington, Sept. 20 (AP)—Congress claimed victory today in its race against time to prepare for the collapse of Germany, polishing off the last of four major pieces of legislation marking out the road to peace.

Leaders said the lawmakers probably will recess late this week and return home until after the November elections.

Chairman George (D-Ga) of the Senate Postwar Committee said "we have done everything we can now to prepare for the collapse of Germany," and added:

"We have drawn a general program for the release of wartime economic controls and a return to our free enterprise system and the American ways of life. We shall supplement and improve this program to meet developments, and as additional facts are clear to us."

ROME POLICE CHIEF ON TRIAL; BLAMES NAZIS

Rome, Sept. 20 (AP)—His hands trembling, former Police Chief Pietro Caruso testified at the trial for his life today that Field Marshal Gen. Albert Kesselring, Nazi commander in Italy, had ordered him to furnish 80 Italian hostages for execution in reprisal for the bombing of an SS column.

The trial, delayed Monday by the lynching of the chief state witness, started today while Allied police stood watchfully by.

Caruso was Rome's police chief during the last four months of German occupation. He said Kesselring's order was transmitted through the former German SS commander in Rome, one Kappler. The 80 were to be executed with hundreds of others, he said. Testifying that he was aware of the gravity of the request, Caruso asserted that he sought guidance from former Fescist Minister of the Interior Buffarini-Guidi.

Played Both Sides

"You had better turn them over, otherwise who knows what will happen to us," he quoted the official as saying. Caruso said he complied with the order aftre cutting down the number to 50.

The witness also blamed the Germans for the raid on St. Paul's church last February, when Caruso's police broke into the sanctuary and seized Italian officers and civilians. He said he did not know that the action violated the Vatican's extra-territorial rights.

A tall and handsome co-defendant, Robert Occhietto, secretary to Caruso, testified that he played both sides of the street during the German occupation, obtaining information from the Nazis which he asserted he turned over to Lt. Gen. Mark Clark's Fifth Army.

Col. Charles Poletti, Allied military government official and former New York governor, attended the trial.

The hearing began quietly in contrast to the violence which marked the original effort to begin the trial Monday when one of the key witnesses, Donato Carretta, former vice director of the Regina Coeli jail of Rome, was beaten to death by a mob.

The new choice of a courtroom was kept secret until the trial started. Many lines of police blocked the streets leading to the palace and patrolled all the building's corridors.

Caruso, on crutches as a result of injuries received in an auto wreck when he attempted to flee north ahead of the Allied armies, was helped to a chair near his secretary and co-defendant, Roberto Occhietto.

Specific charges read against Caruso were that he turned over to the Germans 50 hostages for execution, seized citizens for labor battalions, violated the extraterritoriality of St. Paul's church and authorized his secretary and others to attend a German sabotage school in the Netherlands.

To Bombard Axis Citizens By Radio

Cincinnati, Sept. 20 (AP)—News of Allied successes will bombard Axis citizens on a 24-hour basis from the most powerful short wave transmitters in the world, the Office of War Information disclosed today.

Three new short wave stations, WLWL, WLWS and WLWR, each capable of an output of more than 200,000 watts, have gone into operation 20 miles north of here to disseminate news and entertainment to all parts of Europe and to Africa and South America.

Formal dedication of the stations will take place simultaneously in Cincinnati and Washington Saturday night.

DENMARK RIOTS REPORTED QUIET

Stockholm, Sept. 20 (AP)—Street fighting and disorders which erupted in Denmark yesterday as Danes demonstrated against German seizure of government buildings and police stations were reported to have abated last night and latest advices from Copenhagen indicated that calm once more prevailed in the city.

The Free Danish press service said the Free Danish Council had asked all Danes to stop fighting but to continue a general strike until Thursday in protest against the dissolution of the Danish police force of 12,000 men.

Free Danes said some trains already had stopped last evening and predicted the strike would be universal except for gas, water and electric services.

Earlier reports from Denmark said Danish constabulary had fought a fierce but unequal battle yesterday in defense of the Royal Palace at Amalienborg in Copenhagen, where aging King Christian X and his family were besieged.

The Danish officers finally were subdued after killing at least 14 Nazis, these advices said. Some members of the constabulary were reported to have fled to Sweden.

Production of lumber for military purposes in 1943 was estimated to be short by four billion feet.

MERCHANT SHIP BUILDING IS FOR USE IN PACIFIC

Washington, Sept. 20 (AP)—Construction of merchant ships for the war in Europe is rapidly drawing to an end as emphasis shifts to types wanted for the war in the Pacific and for post-war trade routes.

The output of the Liberty ship, which started life as an ugly duckling but became a workhouse of the seas, already is being tapered off in favor of faster vessels to span the vast Pacific.

When the war in Europe ends, it was learned today, some contracts for Liberty ships will be cancelled, with a possibility that no more keels will be laid.

P-2 Is New Ship

As more of the bigger, faster ships come off the ways and the number of Liberty ships continues to decrease, the monthly tonnage delivered will decline, at least for the next several months.

Present indications for 1944 construction in shipyards under the jurisdiction of the Maritime Commission are about 16,000,000 deadweight tons (carrying capacity), as compared with last year's record of 19,238,626 tons.

A new ship coming into production is the P-2, about the size of the peacetime liners Washington and Manhattan. During the war, the P-2 will be used as a troop carrier, after the war as an ocean liner.

The Office of Civilian Defense recruited more than 185,000 volunteers during 1943 to aid forest ranges on a part-time basis.

MAY BRING U. S. DEAD TO STATES AFTER VICTORY

By JAMES MARLOW

Washington, Sept. 20 (AP)—This is just a starter. You'll hear more about it but probably not until after the war is over.

1. Should the government pay the expenses of relatives who wish to visit the graves of their military dead overseas?

2. Should the government bring back the bodies of the servicemen who died in this war and bury them here?

The question was brought up by Rep. McCormack of Massachusetts, Democratic leader of the House.

Mother's Idea

A woman in his Congressional District wrote to him asking whether the government might consider financing visits of near relatives of servicemen killed and buried on foreign soil.

McCormack thought the idea good. He wrote a letter to the President, asking what he thought. The President replied, saying he would back such a proposal.

The President said: "It would be desirable for Congress to consider at an appropriate time legislation permitting families who wish to do so to visit the graves of their relatives overseas after the war at government expense."

Huge Cost Involved

Before going any further note that the President used the word "families."

After the last war—years after—Congress provided $5,386,367 to pay the expenses of gold star mothers and widows who wished to visit the graves of their loved ones overseas.

They were taken to France in pilgrimages, starting in 1930 and ending in 1933. The total number who went was 6,674. The average cost to the government for each of them was $791.53.

In the first World War our dead totaled about 50,000. More than 62,000 soldiers have been killed so far in this war. Add to that thousands of Marines and sailors and the total swells toward the 100,000 mark.

If the government had to spend an average of $791 on each mother or widow after the first World War you could probably multiply that total many times if the government started paying for "families" to go overseas.

May Return Bodies

The gold star mothers and widows of the first World War could be taken directly to Europe for their visit to the graves. There were 8 American cemeteries: Six in France, one in Belgium and one in England.

After this war a visit to the graves of the American military dead would mean trips to Guadalcanal, Australia, New Guinea, Tarawa, Burma, the Philippines, Hawaii, the Aleutians, Saipan, China (and before it's over, probably Japan), Africa, Italy, France, Holland, Belgium, England, middle Europe, the Middle East, and Germany.

But there is this other side of the picture:

There is talk in the War Department:

That, if 70 per cent of the close relatives of men buried overseas want the bodies brought back from any one theater of war, all bodies from that theater will be brought back.

Soldiers' Wife Given Six Months

Erie, Pa., Sept. 20 (AP)—A six-month jail sentence began today for red-haired Mrs. Lillian L. Koch, 39, of Ridgway, who pleaded guilty in federal court to a charge of unlawfully receiving a dependency allotment from the second of her two Army husbands.

Judge F. P. Schoonmaker, in denying a plea by Mrs. Koch's counsel for leniency, asserted:

"There is not a chance in the world for this woman to be rehabilitated."

He also denied a plea for a suspended sentence on the woman's promise to make restitution, saying:

"This would not be a sufficient penalty."

The government charged Mrs. Koch received $550 fraudulently from Robert Amocher of Ridgway whom she married in Louisville, Ky., February 6, 1943, when she already was the wife of another soldier, Bernard Koch.

Attacks Socialized Medicine Proposal

Pittsburgh, Sept. 20 (AP) — Advocacy of socialized medicine, asserts Dr. William Bates, new president of the Pennsylvania Medical Society, "is a part of a distorted ideology which has been effective in every phase of our lives."

Speaking at opening sessions of the society's 94th annual meeting last night, Dr. Bates said the present plan of socialized medicine "would cost the nation four times the exorbitant figure originally given for medical costs to the public."

INSPECTORS MEET

Bradford, Pa., Sept. 20 (AP) — Addresses by representatives of weighing machine firms, followed by a Seminar conducted by the President, Irving R. Schultz of York, filled the program today for the 29th annual convention of the Pennsylvania Association of Weights and Measures inspectors. The convention will close tomorrow with election of officers.

MARQUISE ASKS OPPORTUNITY TO CLEAR HER NAME

By RUTH COWAN

Paris, Sept. 19 (Delayed (AP)—The Marquise de Polignac, the former Nina Crosby of New York who married into the wealthy French champagne family, sat on a cot in Drancy stockade today and said she welcomed arrest as a way to clear her name of rumors that she was a collaborationist.

The Maruise said the first tip she had that she was to be held for investigation was a French newspaper article attacking her. She has been held now for three weeks.

"I stayed home awaiting arrest," she said.

Her preparations for incarceration in the stockade, made notorious by the Germans as a concentration camp and now holding more than 5,000 prisoners, make her life there seem luxurious to her fellow prisoners.

The Marquise said the first tip tress on her bed in a corner of the second floor of the former gendrame barracks, and a supply of expensive beauty preparations. She shares the section with several other women of position in French life, including, until yesterday, she said, the Duchess de Brissac.

Despite hardships, she was beautifully groomed and elegently dressed in a black wool suit trimmed with gold buttons and wore gold earrings to match.

"I never was a collaborationist," the Marquise declared. She said she thought France and Germany should have come to an agreement to prevent the war, but when the war began she worked for the French and could produce evidence of her efforts.

Freed Seven Others

"I never saw any German army, Gestapo or SS people," she added. "I knew only embassy people."

Through her acquaintance with the German embassy people, she related, she was able to obtain freedom for seven persons—including one American and her son by her first marriage to a New York broker, James Biddle Eustis, Sr.

Young Eustis was arrested after the United States entered the war but was released on parole, reporting to the Germans weekly.

Son in FFI

The Marquise produced an identification card showing that she had driven ambulances for the American hospital of Paris when the war began, as well as a letter signed by Robert D. Murphy, then U. S. consul in Paris.

She said she had converted her own car into an ambulance and was driving it up to the time of the liberation of Paris.

Her son by her French marriage is a "high officer" in the FFI, she added.

DRAFT BOARDS' JOB ONLY HALF COMPLETED NOW

Hershey, Pa., Sept 20 (AP)—Pennsylvania's Selectice Service task is only half completed said Col. Richard K. Mellon, state director today as he attended a regional meeting of draft officials from New Jersey, Delaware, New York, Ohio, and Washington, D. C.

The meeting, called by Col. A. J. Lewis, regional field director, will be attended by Maj. Gen. Lewis B. Hershey, national director of Selective Service. Problems arising from the reemployment of returning veterans will be up for discussion by the draft officials.

Col. Mellon said that Pennsylvania's 422 local draft boards have inducted nearly 1,000,000 men into the armed forces in the past four years as their part in raising the largest army and navy in the history of this country.

Are Finding Jobs

The "other half" of the job—that of assisting returning servicemen in every possible manner—remains, he added.

Col. Mellon said Selective Service is cooperating fully with the war manpower commission and the veterans' administration to help veterans obtain employment and other assistance to which they are entitled under the "G. I. Bill of Rights."

Each local board now has at least one re-employment committeeman assigned to it, and each man discharged from military service is instructed by his commanding officer to report back to his local board.

Selectice Service reports show that around 65,000 Pennsylvanians have been honorably discharged from military service, and that four out of five of these are gainfully employed. The others have either failed to contact their boards, or are undergoing hospitalization or rehabilitation.

U. S., Britain To Recognize DeGaulle

Washington, Sept. 20 (AP) — Diplomatic sources indicated today that the United States and Britain soon may recognize the national committee of General Charles de Gaulle as a provisional government.

It is believed that the question was brought up by the British at the Quebec conference of Prime Minister Churchill, British Foreign Minister Anthony Eden and President Roosevelt.

General De Gaulle now calls his administration the government of France, but it is unlikely that Britain and this country will go beyond provisional recognition until elections can be held in France and a regular constitutional government established.

The progress with which the national committee in France has taken in underground leaders and adapted itself to the desires of the French people, as reported from the scene, has met with considerable satisfaction here.

CIRCUS CROWDS

Kansas City, Sept. 20 (AP)—The biggest crowd in Ringling Brothers-Barnum and Bailey circus history—16,604 customers—saw last night's performances in Ruppert stadium, home of the American Association baseball club. Best previous attendance record: Just under 16,000 twenty years ago at Concordia, Kansas.

Opium was administered by the ancient Chinese before operations.

Four Years Ago

(By The Associated Press)

Sept. 20, 1940—Brig. Gen. George Strong of U. S. Army, returning from London, says German air raids have failed to do serious military damage; both British and Nazis exchange new night blows in air.

Admits Shooting Man Who 'Called Names'

Trafford, Pa., Sept. 20 (AP) — A 54-year-old Turtle Creek man was held on a district attorney's detainer today after telling Trafford Police Chief C. G. Brandt he shot another man because "he called me names."

Pasquale D'Erico was arrested after someone reported to Brandt he had overheard D'Erico claim in a saloon he shot Christian Argirios, 61, of Universal. Argirios' body had been found on a Penn Township road, apparently the victim of a motorist who failed to stop.

An autopsy followed D'Erico's arrest, confirming that Argirios died from two bullet wounds in the head.

Brandt quoted D'Erico as saying that he and Argirios "didn't like each other" and that Argirios, a Greek, derided Italians and "called me names, so I shot him on a country road and threw the gun away."

Congress Prepares For Nazi Collapse

Washington, Sept. 20 (AP)—Congress claimed victory today in its race against time to prepare for the collapse of Germany, polishing off the last of four major pieces of legislation marking out the road to peace.

Leaders said the lawmakers probably will recess late this week and return home until after the November elections.

Chairman George (D-Ga) of the Senate Postwar Committee said "we have done everything we can now to prepare for the collapse of Germany," and added:

"We have drawn a general program for the release of wartime economic controls and a return to our free enterprise system and the American ways of life. We shall supplement and improve this program to meet developments, and as additional facts are clear to us."

ROME POLICE CHIEF ON TRIAL; BLAMES NAZIS

Rome, Sept. 20 (AP)—His hands trembling, former Police Chief Pietro Caruso testified at the trial for his life today that Field Marshal Gen. Albert Kesselring, Nazi commander in Italy, had ordered him to furnish 80 Italian hostages for execution in reprisal for the bombing of an SS column.

The trial, delayed Monday by the lynching of the chief state witness, started today while Allied police stood watchfully by.

Caruso was Rome's police chief during the last four months of German occupation. He said Kesselring's order was transmitted through the former German SS commander in Rome, one Kappler. The 80 were to be executed with hundreds of others, he said. Testifying that he was aware of the gravity of the request, Caruso asserted that he sought guidance from former Fescist Minister of the Interior Buffarini-Guidi.

Played Both Sides

"You had better turn them over, otherwise who knows what will happen to us," he quoted the official as saying. Caruso said he complied with the order aftre cutting down the number to 50.

The witness also blamed the Germans for the raid on St. Paul's church last February, when Caruso's police broke into the sanctuary and seized Italian officers and civilians. He said he did not know that the action violated the Vatican's extra-territorial rights.

A tall and handsome co-defendant, Robert Occhietto, secretary to Caruso, testified that he played both sides of the street during the German occupation, obtaining information from the Nazis which he asserted he turned over to Lt. Gen. Mark Clark's Fifth Army.

Col. Charles Poletti, Allied military government official and former New York governor, attended the trial.

The hearing began quietly in contrast to the violence which marked the original effort to begin the trial Monday when one of the key witnesses, Donato Carretta, former vice director of the Regina Coeli jail of Rome, was beaten to death by a mob.

The new choice of a courtroom was kept secret until the trial started. Many lines of police blocked the streets leading to the palace and patrolled all the building's corridors.

Caruso, on crutches as a result of injuries received in an auto wreck when he attempted to flee north ahead of the Allied armies, was helped to a chair near his secretary and co-defendant, Roberto Occhietto.

Specific charges read against Caruso were that he turned over to the Germans 50 hostages for execution, seized citizens for labor battalions, violated the extraterritoriality of St. Paul's church and authorized his secretary and others to attend a German sabotage school in the Netherlands.

To Bombard Axis Citizens By Radio

Cincinnati, Sept. 20 (AP)—News of Allied successes will bombard Axis citizens on a 24-hour basis from the most powerful short wave transmitters in the world, the Office of War Information disclosed today.

Three new short wave stations, WLWL, WLWS and WLWR, each capable of an output of more than 200,000 watts, have gone into operation 20 miles north of here to disseminate news and entertainment to all parts of Europe and to Africa and South America.

Formal dedication of the stations will take place simultaneously in Cincinnati and Washington Saturday night.

DENMARK RIOTS REPORTED QUIET

Stockholm, Sept. 20 (AP)—Street fighting and disorders which erupted in Denmark yesterday as Danes demonstrated against German seizure of government buildings and police stations were reported to have abated last night and latest advices from Copenhagen indicated that calm once more prevailed in the city.

The Free Danish press service said the Free Danish Council had asked all Danes to stop fighting but to continue a general strike until Thursday in protest against the dissolution of the Danish police force of 12,000 men.

Free Danes said some trains already had stopped last evening and predicted the strike would be universal except for gas, water and electric services.

Earlier reports from Denmark said Danish constabulary had fought a fierce but unequal battle yesterday in defense of the Royal Palace at Amalienborg in Copenhagen, where aging King Christian X and his family were besieged.

The Danish officers finally were subdued after killing at least 14 Nazis, these advices said. Some members of the constabulary were reported to have fled to Sweden.

Production of lumber for military purposes in 1943 was estimated to be short by four billion feet.

MERCHANT SHIP BUILDING IS FOR USE IN PACIFIC

Washington, Sept. 20 (AP)—Construction of merchant ships for the war in Europe is rapidly drawing to an end as emphasis shifts to types wanted for the war in the Pacific and for post-war trade routes.

The output of the Liberty ship, which started life as an ugly duckling but became a workhouse of the seas, already is being tapered off in favor of faster vessels to span the vast Pacific.

When the war in Europe ends, it was learned today, some contracts for Liberty ships will be cancelled, with a possibility that no more keels will be laid.

P-2 Is New Ship

As more of the bigger, faster ships come off the ways and the number of Liberty ships continues to decrease, the monthly tonnage delivered will decline, at least for the next several months.

Present indications for 1944 construction in shipyards under the jurisdiction of the Maritime Commission are about 16,000,000 deadweight tons (carrying capacity), as compared with last year's record of 19,238,626 tons.

A new ship coming into production is the P-2, about the size of the peacetime liners Washington and Manhattan. During the war, the P-2 will be used as a troop carrier, after the war as an ocean liner.

The Office of Civilian Defense recruited more than 185,000 volunteers during 1943 to aid forest ranges on a part-time basis.

MIGRATION MAGIC

They never call to say goodbye
Or tell us they'll be back in spring,
As silently as minutes fly
The purple martins take to wing.

One day the house with life is gay
And high above they wheel and soar;
The next they've packed and gone away,
And vacant every room once more.

What signal struck no man can tell;
What beacon flashed no man can say,
But by some art they've mastered well
They mark the hour to go away.

And by that magic, past the power
Of mankind's cleverest to learn,
On April twentieth, to the hour,
The purple martins will return.

Today's Talk

WOOD MAGIC

I have been reading a book by Richard Jeffries called "Wood Magic." It is a fantastic story of a boy, named Bevis, who loved everything in Nature and who made friends with every moving and immovable creature and thing. A commentator says that he "found a meaning in the melody" that was ever present there.

I can well understand, for during the Summer weeks that I spent at my island retreat in Nova Scotia this year, more than ever before did I come to realize the significance of every thing in Nature, whether of beast, bird, tree, shrub or flower. Even in the great rocks that edged the island, there was interesting history hidden away, yet unrevealed. And every acre a mass of broken and jumbled rocks, but now covered with earth sufficient only to nourish the great pines, birches, and maples that cover it like a great blanket.

Every day something new is revealed in Nature if you will but move close to it, and listen to its whispers. A friend called one day and we walked along the shore. He knew every flower and tree by name and told me the names of many a one that I had never heard told. He showed me, near the path that I have trod for years, a maple with striped bark and great leaves. And he pointed out to me a tiny plant at the edge of the shore that catches flies in the centre of a spiral of filmy shoots, that close in on the fly and make him a prisoner! Why?

Certainly there is magic in every foot of woodland, water-path, lake shore and copse. Even the desert at Springtime, is a tapestry of ravishing color and fragrance. And at Autumn, what a festival of beauty as Nature goes about her its final cleaning, to get the gifts of the Creator during the preceding months of Spring and Summer. One glorious period of thanksgiving for harvest home and rest and beauty for so long.

Too many people never wake up in life. They need Nature to explain many of the purposes of life itself for in her do things are revealed—though but few of us ever have time to study that book of the [illegible]

Out Of The Past

From the Files of the Star and Sentinel and The Gettysburg Times

TWENTY-FIVE YEARS AGO

Father Stock to Direct Schools: Rev. Father Mark E. Stock, Gettysburg, who resigned as pastor of the Immaculate Conception church, New Oxford to enter the U. S. Army as a chaplain, and who served overseas in that capacity, has been appointed as Superintendent of the parochial schools of the Harrisburg diocese. The appointment to the position was made by Bishop McDevitt and will be for one year.

Father Stock is now enrolled at a Catholic university at Washington, where he is taking a special course.

* * *

Baker—Wingert: Lloyd Baker, son of Mr. and Mrs. Emmanuel Baker, and Miss Vergie Wingert, daughter of Mr. and Mrs. W. M. Wingert, both of Buckman Valley, were married Tuesday evening, at the St. Ignatius rectory, by Fr. W. W. Whalen.

* * *

S. M. Keeny in Town: Spurgeon Milton Keeny, a graduate of Gettysburg in 1914 and a Rhodes Scholarship student, is in Gettysburg. Mr. Keeny has been traveling in Europe and Asia and probably covered more territory as a Y. M. C. A. worker than any man who served in the war.

* * *

Mrs. Weaver Leaves: Mrs. Maurice S. Weaver, who has been visiting Mr. and Mrs. H. T. Weaver for the past week, left for her home at Washington, Penna., preparatory to sailing for France to join her husband, Captain Weaver, who is detained at Brest on the disability board. She will sail from New York on the 24th of this month.

Garvin—Burgee: Announcement has been made of the marriage of Henry Garvin, son of Mr. and Mrs. Madison Garvin, Chambersburg street, to Miss Helen Burgee, of Baltimore, on July third.

On March 30th Lieut. Garvin was discharged from the service but later returned to Camp Meade to be employed as a civilian clerk.

Mr. and Mrs. Garvin will reside at the residence of the former's parents in Gettysburg.

* * *

Thirteenth Child: A baby girl, the thirteenth child of Mr. and Mrs. Frank Walter, High street, was born on Saturday, the thirteenth day of September.

* * *

Will Study Nursing: Miss Margaret Felix, daughter of Mr. and Mrs. Joseph Felix, of Fairplay, has gone to Baltimore where she will enter St. Agnes hospital to take a three-year course in trained nursing.

* * *

All Attendance Records Broken: A present enrollment of three hundred and sixty men with prospects of about forty more is conclusive evidence that Gettysburg college attendance records will be broken at the institution this year.

* * *

County Boys In Pershing's Band: Edgar Sandoe and Lloyd Garrettson, of Biglerville, served along the front lines with the Third Division until September when they were recalled to join the Fourth Infantry band.

Later they were assigned to places in the great band of General Pershing and on Wednesday when the mammouth procession swung down Pennsylvania avenue in Washington, these two Biglerville boys were seen by Mr. and Mrs. Paxton Bigham of Gettysburg, and Mr. and Mrs. Grat Bigham of Biglerville.

* * *

Mock Sing Leaves: Mock Sing, the Chinese laundryman, who has applied his trade in Gettysburg for many years has gone and all whereabouts are unknown.

Chief of Police Smith, noticing the shop near the City Hotel was closed broke into his room to find a letter and money for a month's rent but nothing else.

The letter said:

"I go away. Me come back no more."

Stroup—Weigle: Florence Gretta Weigle, daughter of Mr. and Mrs. Charles Weigle, of Chambersburg street, and George Earl Stroup, son of Mr. and Mrs. William F. Stroup, Menallen township, were married by Rev. F. H. Brunstetter on Saturday.

CHECK FARM MACHINERY FOR REPAIRS

Every farm implement, machine or piece of equipment should be thoroughly inspected and lubricated before it is placed in storage for the fall and winter months, Robert J. McCall, extension agricultural engineer at the Pennsylvania State college reminded county farmers today.

A complete inspection at this time will permit all necessary repairs to be made before that particular item is needed in the field, the engineer points out. He also urges purchase of any new parts at this time, rather than delay operations next spring when one part may keep an entire implement or machine idle.

Examination of bearings at this time will permit any needed adjustments or replacements, as well as lubricating in such manner as to protect moving parts during the storage period. Gears, sprockets chains and other items that are necessary for transfer of power within each machine should be given careful attention, he points out.

Insure Better Service

Equipment with motors and engines should be completely checked, or overhauled, and new oil placed in reservoirs at the same time every grease cup is filled.

Those implements equipped with rubber tires should be stored so that most of the weight is removed from the tires, and pieces with tongues should be placed with all weight removed from the tongue to avoid strains or warping during the period of storage.

Machines should also be examined for any parts that have been sprung or pulled out of alignment, since correction of these conditions will enable the farmer to get better service and longer life from his machinery, the engineer says.

'44 Peach Crop Tops Last Year

Pennsylvania's 1944 peach corp of 1,853,000 bushels is 58 per cent above last year and 14 per cent above the 10-year average 1933-1942, the Federal-State crop reporting service in the state Department of Agriculture says in a recent report on condition of the crop.

The survey was made as of September 1 when the harvesting of Elberta peaches had about reached its peak in the season. The condition of the crop at that time was reported to be 78 per cent of normal compared with 80 per cent as of August 1. A decline of 46,000 bushels was indicated between August 1 and September 1 due largely to dry weather which prevented the fruit from attaining normal size.

The year's peach crop compares with 1,170,000 bushels harvested in 1943 and 1,628,000 bushels for the 10-year average.

WOMEN IN YOUR 40's
Do You Hate HOT FLASHES?
If you suffer from hot flashes, feel weak, nervous, a bit blue at times—all due to the functional "middle-age" period peculiar to women—try Lydia E. Pinkham's Vegetable Compound to relieve such symptoms. Made especially for women—it helps, *nature!* Follow label directions.
LYDIA E. PINKHAM'S VEGETABLE COMPOUND

Farm Calendar

Control Peach Insect—Now is the time to apply control measures to the peach tree borer, remind extension insect specialists of the Pennsylvania State college. They recommend the use of paradichloro-benzene crystals placed in a ring around the tree on loosened soil. The chemical must not touch the tree.

Save Milk Quality—Milk quality can be kept high if the bacteria count is kept low, say dairy extension specialists of the Pennsylvania State college. Good milking habits, chipped and clean cans, thorough cleaning and sterilization of the [illegible] utensils are among the items that contribute to keeping bacteria low.

Cabbage Disease Severe—Cabbage yellows, a plant disease caused by a soil organism which makes leaves fall and prevents cabbages from forming heads, has been severe this summer. Plant disease extension specialists of the Pennsylvania State college explain the only control is use of disease-resistant varieties.

Consider Feed Supply—Beef cattle feeders in Pennsylvania are urged by livestock specialists of the Pennsylvania State college to be sure of their feed supply in planning their 1945 operations. It also is imperative to cull out unprofitable animals.

Harvest Milkweed Pods—Boys and girls are harvesting milkweed pods shepe, say Penn State ornamental horticulturists for the floss they contain. The ripened pods yield material used for stuffing lifejackets for servicemen. Milkweed floss takes the place of kapok, formerly obtained from Java.

Prune Shrubbery—Now is the time to prune shrubbery to restrain plants, correct size, or improve

CHECK FARM MACHINERY FOR REPAIRS

Every farm implement, machine or piece of equipment should be thoroughly inspected and lubricated before it is placed in storage for the fall and winter months, Robert J. McCall, extension agricultural engineer at the Pennsylvania State college, reminded county farmers today.

A complete inspection at this time will permit any necessary repairs to be made before that particular item is needed in the field, the engineer points out. He also urges purchase of any new parts at this time, rather than delay operations next spring when one part may keep an entire implement or machine idle.

Examination of bearings at this time will permit any needed adjustments or replacements, as well as lubricating in such manner as to protect moving parts during the storage period. Gears, sprockets, chains, and other items that are necessary for transfer of power within each machine should be given careful attention, he points out.

Insure Better Service

Equipment with motors and engines should be completly checked, or overhauled, and new oil placed in reservoirs at the same time every grease cup is filled.

Those implements equipped with rubber tires should be stored so that most of the weight is removed from the tires, and pieces with tongues should be placed with all weight removed from the tongue to avoid strains or warping during the period of storage.

Machines should also be examined for any parts that have been sprung or pulled out of alignment, since correction of these conditions will enable the farmer to get better service and longer life from his machinery, the engineer says.

'44 Peach Crop Tops Last Year

Pennsylvania's 1944 peach corp of 1,863,000 bushels is 58 per cent above last year and 14 per cent above the 10-year average, 1933-1942, the Federal-State crop reporting service in the state Department of Agriculture says in a recent report on condition of the crop.

The survey was made as of September 1 when the harvesting of Elberta peaches had about reached its peak for the season. The condition of the crop at that time was reported to be 79 per cent of normal compared with 80 per cent as of August 1. A decline of 46,000 bushels was indicated between August 1 and September 1 due largely to dry weather which prevented the fruit from attaining normal size.

The year's peach crop compares with 1,176,000 bushels harvested in 1943 and 1,628,000 bushels for the 10-year average.

Farm Calendar

Control Peach Insect—Now is the time to apply control measures to the peach tree borer, remind extension insect specialists of the Pennsylvania State college. They recommend the use of paradichloro-benzene crystals placed in a ring around the tree on loosened soil. The chemical must not touch the tree.

Save Milk Quality—Milk quality can be kept high if the bacteria count is kept low, say dairy extension specialists of the Pennsylvania State college. Good milking habits, clipped and clean cows, thorough cleaning and sterilization of the milk utensils are among the items that contribute to keeping bacteria low.

Cabbage Disease Severe—Cabbage yellows, a plant disease caused by a soil organism which makes leaves fall and prevents cabbages from forming heads, has been severe this summer. Plant disease extension specialists of the Pennsylvania State college explain the only control is use of disease-resistant varieties.

Consider Feed Supply—Beef cattle feeders in Pennsylvania are urged by livestock specialists of the Pennsylvania State college to be sure of their feed supply in planning their 1945 operations. It also is imperative to cull out unprofitable animals.

Harvest Milkweed Pods—Boys and girls are harvesting milkweed pods for the floss they contain. The ripened pods yield material used for stuffing lifejackets for servicemen. Milkweed floss takes the place of kapok, formerly obtained from Java.

Prune Shrubbery—Now is the time to prune shrubbery to restrain plants, correct size, or improve shape, say Penn State ornamental horticulturists.

MIGRATION MAGIC

They never call to say goodbye
Or tell us they'll be back in spring,
As silently as minutes fly
The purple martins take to wing.

One day the house with life is gay
And high above they wheel and soar;
The next they've packed and gone away,
And vacant every room once more.

What signal struck no man can tell;
What beacon flashed no man can say,
But by some art they've mastered well
They mark the hour to go away.

And by that magic, past the power
Of mankind's cleverest to learn,
On April twentieth, to the hour,
The purple martins will return.

Today's Talk

WOOD MAGIC

I have been reading a book by Richard Jeffries called "Wood Magic." It is a fantastic story of a boy, named Bevis, who loved everything in Nature and who made friends with every moving and immovable creature and thing. A commentator says that he "found a meaning in the melody" that was ever present there.

I can well understand, for during the Summer weeks that I spent at my island retreat in Nova Scotia this year, more than ever before did I come to realize the significance of every thing in Nature, whether of beast, bird, tree, shrub or flower. Even in the great rocks that edged the island, there was interesting history hidden away, yet unrevealed And every acre a mass of broken and jumbled rocks, but now covered with earth sufficient only to nourish the great pines, birches, and maples that cover it like a great blanket.

Every day something new is revealed in Nature if you will but move close to it, and listen to its whispers. A friend called one day and we walked along the shore. He knew every flower and tree by name and told me the names of many a one that I had never heard told. He showed me, near the path that I have trod for years, a maple with striped bark and great leaves. And he pointed out to me a tiny plant at the edge of the shore that catches flies in the centre of a spiral of filmy shoots, that close in on the fly and make him a prisoner! Why?

Certainly there is magic in every foot of woodland, water-way, lake shore, and copse. Even the desert, at Springtime, is a tapestry of ravishing color and fragrance. And at Autumn, what a festival of beauty as Nature goes all-out for its final celebration over the gifts of the Creator during the preceding months of Springs and Summer. One glorious period of thanksgiving for having had hold on life and beauty for so long.

Too many people never wake up in life. They need Nature to explain many of the purposes of life itself, for in her all things are revesled—though but few of us ever live long enough to more than catch its sweet and energizing breath!

Tomorrow Mr. Adams will talk on the subject: "Appetite For Arrangement"

All Attendance Records Broken: A present enrollment of three hundred and sixty men with prospects of about forty more is conclusive evidence that Gettysburg college attendance records will be broken at the institution this year.

* * *

County Boys In Pershing's Band: Edgar Sandoe and Lloyd Garrettson, of Biglerville, served along the front lines with the Third Division until September, when they were recalled to join the Fourth Infantry band.

Later they were assigned to places in the great band of General Pershing and on Wednesday when the mammouth procession swung down Pennsylvania avenue in Washington, these two Biglerville boys were seen by Mr. and Mrs. Paxton Bigham, of Gettysburg, and Mr. and Mrs. Gray Bigham, of Biglerville.

* * *

Mock Sing Leaves: Mock Sing, the Chinese laundryman, who has applied his trade in Gettysburg for many years has gone and his whereabouts are unknown.

Chief of Police Smiley, noticing the shop, near the City hotel, was closed, broke into his room, found a letter and money for a month's rent, but nothing else.

The letter said:

"I go away. Me come back no more."

Stroup—Weigle: Florence Gretna Weigle, daughter of Mr. and Mrs. Charles Weigle, of Chambersburg street, and George Earl Stroup, son of Mr. and Mrs. William F. Stroup, Menallen township, were married by Rev. F. H. Brunstetter on Saturday.

CHECK FARM MACHINERY FOR REPAIRS

Every farm implement, machine or piece of equipment should be thoroughly inspected and lubricated before it is placed in storage for the fall and winter months, Robert J. McCall, extension agricultural engineer at the Pennsylvania State college, reminded county farmers today.

A complete inspection at this time will permit any necessary repairs to be made before that particular item is needed in the field, the engineer points out. He also urges purchase of any new parts at this time, rather than delay operations next spring when one part may keep an entire implement or machine idle.

Examination of bearings at this time will permit any needed adjustments or replacements, as well as lubricating in such manner as to protect moving parts during the storage period. Gears, sprockets, chains, and other items that are necessary for transfer of power within each machine should be given careful attention, he points out.

Insure Better Service

Equipment with motors and engines should be completely checked, or overhauled, and new oil placed in reservoirs at the same time every grease cup is filled.

Those implements equipped with rubber tires should be stored so that most of the weight is removed from the tires, and pieces with tongues should be placed with all weight removed from the tongue to avoid strains or warping during the period of storage.

Machines should also be examined for any parts that have been sprung or pulled out of alignment, since correction of these conditions will enable the farmer to get better service and longer life from his machinery, the engineer says.

'44 Peach Crop Tops Last Year

Pennsylvania's 1944 peach corp of 1,863,000 bushels is 58 per cent above last year and 14 per cent above the 10-year average, 1933-1942, the Federal-State crop reporting service in the state Department of Agriculture says in a recent report on condition of the crop.

The survey was made as of September 1 when the harvesting of Elberta peaches had about reached its peak for the season. The condition of the crop at that time was reported to be 79 per cent of normal compared with 80 per cent as of August 1. A decline of 46,000 bushels was indicated between August 1 and September 1 due largely to dry weather which prevented the fruit from attaining normal size.

The year's peach crop compares with 1,176,000 bushels harvested in 1943 and 1,628,000 bushels for the 10-year average.

Farm Calendar

Control Peach Insect—Now is the time to apply control measures to the peach tree borer, remind extension insect specialists of the Pennsylvania State college. They recommend the use of paradichloro-benzene crystals placed in a ring around the tree on loosened soil. The chemical must not touch the tree.

Save Milk Quality—Milk quality can be kept high if the bacteria count is kept low, say dairy extension specialists of the Pennsylvania State college. Good milking habits, clipped and clean cows, thorough cleaning and sterilization of the milk utensils are among the items that contribute to keeping bacteria low.

Cabbage Disease Severe—Cabbage yellows, a plant disease caused by a soil organism which makes leaves fall and prevents cabbages from forming heads, has been severe this summer. Plant disease extension specialists of the Pennsylvania State college explain the only control is use of disease-resistant varieties.

Consider Feed Supply—Beef cattle feeders in Pennsylvania are urged by livestock specialists of the Pennsylvania State college to be sure of their feed supply in planning their 1945 operations. It also is imperative to cull out unprofitable animals.

Harvest Milkweed Pods—Boys and girls are harvesting milkweed pods for the floss they contain. The ripened pods yield material used for stuffing lifejackets for servicemen. Milkweed floss takes the place of kapok, formerly obtained from Java.

Prune Shrubbery—Now is the time to prune shrubbery to restrain plants, correct size, or improve shape, say Penn State ornamental horticulturists.

WAR BONDS MEAN MORE THAN A GOOD INVESTMENT

Just Folks

MIGRATION MAGIC

They never call to say goodbye
Or tell us they'll be back in spring,
As silently as minutes fly
The purple martins take to wing.

One day the house with life is gay
And high above they wheel and soar;
The next they've packed and gone away,
And vacant every room once more.

What signal struck no man can tell;
What beacon flashed no man can say,
But by some art they've mastered well
They mark the hour to go away.

And by that magic, past the power
Of mankind's cleverest to learn,
On April twentieth, to the hour,
The purple martins will return.

Today's Talk

WOOD MAGIC

I have been reading a book by Richard Jeffries called "Wood Magic." It is a fantastic story of a boy, named Bevis, who loved everything in Nature and who made friends with every moving and immovable creature and thing. A commentator says that he "found a meaning in the melody" that was ever present there.

I can well understand, for during the Summer weeks that I spent at my island retreat in Nova Scotia this year, more than ever before did I come to realize the significance of every thing in Nature, whether of beast, bird, tree, shrub or flower. Even in the great rocks that edged the island, there was interesting history hidden away, yet unrevealed And every acre a mass of broken and jumbled rocks, but now covered with earth sufficient only to nourish the great pines, birches, and maples that cover it like a great blanket.

Every day something new is revealed in Nature if you will but move close to it, and listen to its whispers. A friend called one day and we walked along the shore. He knew every flower and tree by name and told me the names of many a one that I had never heard told. He showed me, near the path that I have trod for years, a maple with striped bark and great leaves. And he pointed out to me a tiny plant at the edge of the shore that catches flies in the centre of a spiral of filmy shoots, that close in on the fly and make him a prisoner! Why?

Certainly there is magic in every foot of woodland, water-way, lake shore, and copse. Even the desert, at Springtime, is a tapestry of ravishing color and fragrance. And at Autumn, what a festival of beauty as Nature goes all-out for its final celebration over the gifts of the Creator during the preceding months of Springs and Summer. One glorious period of thanksgiving for having had hold on life and beauty for so long.

Too many people never wake up in life. They need Nature to explain many of the purposes of life itself, for in her all things are revealed—though but few of us ever live long enough to more than catch its sweet and energizing breath!

Tomorrow Mr. Adams will talk on the subject: "Appetite For Arrangement"

Here And There

(Continued From Page 1)

As a crop protector, it is deadlier and longer lasting than other insecticides, has been found effective against potato beetles, cabbage worms, apple codling moths, Japanese beetles, aphids, fruit worms, even corn borers—against which previous insecticides have proved to be failures.

* * *

So great are DDT's potentialities that no fewer than seven U S laboratories and hundreds of biochemists are concentrated on it. Production has multiplied 350-fold in the last year; four manufacturers are now turning out about 350,000 pounds a month—all for the Army.

Recently the developers of DDT, Geigy Co., Inc., an old dye firm with branches in Switzerland and New York, told reporters in Manhattan how the chemical was discovered. Like penicillin, DDT was known long before its usefulness was appreciated. A complicated chemical (full name: dichloro-diphenyl-trichloroethane), whose chief ingredients are chlorine, alcohol and sulfuric acid, DDT was first synthesized in 1874 by a German student named Othmar Zeidler. He had no idea of its possibilities as an insecticide, dismissed his discovery in six lines in a German chemical journal.

* * *

But on the eve of World War II a Geigy chemist, Paul Muller, rediscovered the formula and found that it killed bugs. Its first test came during a plague of potato beetles in Switzerland in 1939. DDT stopped the beetles dead. Concentrated DDT is toxic to men and animals when swallowed, but in the weak dilutions used for sprays and dusts, it has been found harmless to the skin.

By 1942, the U. S. Department of Agriculture had begun to experiment with DDT, got such sensational results that the Surgeon General's office and Dr. Vannevar Bush's OSRD launched a full-scale investigation, soon uncovered DDT's immense military possibilities.

The crucial problem was finding a feasible process for producing DDT in the large quantities needed. It was solved last year by a Swiss-born chemist, Dr. Oskar Prey, of the Cincinnati Chemical Works. Cincinnati Chemical still produces 60% of the DDT supply.

* * *

DDT owes its deadliness partly to an almost unique property on insects it acts as both a contact and stomach poison. It first paralyzes an insect's hind legs, then gives it a violent attack of the jitters, finally brings on complete paralysis and death. Oddly, the pure chemical has little effect; it is good only in an oil solution or when mixed with inert powder. The usual dose is 1% to 5% DDT, dissolved in kerosene or mixed with a dust filler.

But DDT is not a kill-all. Against two of the most common crop destroyers, the Mexican bean beetle and the cotton boll weevil, DDT has proved disappointing. Man has not yet won his war with the insects.

Zoo Stork Does 'Big Business'

Chicago, Sept. 20 (AP)—The stork at the Brookfield zoo was a bit weary today. Births reported within the last 24 hours included a 45-pound baby rhinoceros, said by zoo officials to be the second rhino ever born in captivity; a baby zebra, a gazelle, and a Kudu.

Director Robert Bean described the baby rhino, whose mother, Mary, weighs 3,000 pounds, as the "most beautiful ugly baby in the world." He said the first baby born in captivity was at the zoo three years ago.

CAVALRY EFFICIENT

Washington, Sept. 20 (AP)—Dismounted cavalrymen function as efficiently as regular foot soldiers, says Col. Marion Carson, cavalry officer who is back in the United States following eight and a half months of duty in the Southwest Pacific.

Clean, fresh sod or dirt put into a pig pen every few days is a good anemia preventive.

Large Force

(Continued From Page 1)

the Third army's drive toward Strasbourg and the Rhine.

Wes Gallagher, Associated Press war correspondent, said many German units had been left without motor transport, leaving them the choice either to stand and fight or be overrun by Third army armor.

"To embattled American troops fighting for every inch of ground there is no talk of the war being over in two or three weeks," he said. "They will settle for any time this year."

2 Paris Doomed

French troops of Lt. Gen. Alexander M. Patch's Seventh army beat off an enemy counterattack 10 miles south of Belfort. A communique announced that Allied troops had taken Fourgerolles, 27 miles northwest of Belfort.

A German communique said yesterday that the Nazi garrison at the Brittany port of Brest had retreated to nearby Le Crozen peninsula for a final stand. The enemy broadcast also acknowledged that Canadian troops had fought into the French channel port of Boulogne but said they were repulsed.

Radio France at Algiers said today the German garrison at Boulogne had surrendered. There was no immediate confirmation from Allied headquarters.

The junction of the British and airborne armies on the edge of Nijmegen came after the British advanced more than 27 miles yesterday for a total gain of 50 miles in 48 hours.

The U. S Forestry Service estimates that 90 per cent of the forest fires in 1943 were manmade.

Battered Body Of Woman, 73, Found

Bridgeton, N. J., Sept. 20 (AP)—The nude and battered body of 73-year-old Mrs. Carrie Bowers, who an autopsy physician said died of strangulation, was found floating face downward in a spillway at Tumbling Dame lake at dusk last night after a four-day search.

Chief Inspector Norman Fletcher of the Bridgeton police said a piece of cloth was tied tightly around the dead woman's neck.

Dr. Benjamin Berkowitz of Bridgeton, who performed an autopsy, said the woman had a fractured skull, a broken rib and blackened eye.

The body was found by two boys fishing in the lake, two miles from Mrs. Bowers' home.

CALL ON PATRIOTS

London, Sept. 20 (AP)—Gen. Sir Harold R. L. G. Alexander, Allied commander in Italy, broadcast instructions today to Italian patriots to turn against the Germans in northern Italy. "Hit at once for the liberation of Piedmont and Italy," said his broadcast.

Scribe

(Continued from Page 1)

diately upon crossing the threshold the query at once presents itself, "Why haven't I been here before instead of wasting my time in the National Museum and the Smithsonian Institution?" The atmosphere of the place and its kaleidoscopic diversification just naturally excite any latent exploratory propensities. Commodities of every kind and description, from needles and pins to plows and tractors, are here, there, and everywhere. But before leaving a formal plus address, and starting on a tour of the establishment, you are greeted most graciously and hospitably by the very efficient and enterprising Thomas personnel, headed by the Misses Thomas, two charming and intelligent young ladies.

From Annie To Einstein

When not engaged with buying and selling, these young women can be found at nearby Wilson college where, I understand, they have been busy capturing all sorts of honors and degrees, in fact, a prospective customer at the Thomas store, if inclined to be argumentative, or to display his knowledge of events current or otherwise, will find in the Thomas sisters an exceptionally clever and well-informed twosome; and they are ably supported by the other members of the organization. Anything from Orphan Annie to the Einstein theory of relativity is likely to be discussed and disposed of, all in the day's work.

The writer visiting the Thomas store recently, found one of the Thomas girls busily engaged scraping paint from a kitchen chair preparatory to a fresh coat, and, with nothing more important on hand, he pitched in and helped with said scraping. The help, of course, was graciously accepted, but with the following observation: "Now, Mr. Taylor, you know this helping me is nothing but politics; something that, customers seeing you, will make you votes. Ha!" I cite this as an example of the cleverness that prevails and makes the wheels go 'round at Thomas'.

"On Your Own"

After these preliminary contacts and friendly greetings you are now properly trade conscious, and away you go, gay and light-hearted, feeling for all the world like one of our early explorers. The store is run on the principle that once you enter its portals you are on your own. You are assured by the management that the stock is inexhaustible both as to quantity and variety, but to find any particular item will depend largely upon your own resources. Brother Thomas is always busier than the proverbial one-armed paper-hanger and cannot burden himself with such non-essentials as knowing, other than generally, just what he has in stock. What he does know is that he has what you want somewhere in the store, and why not let you find it yourself thus conserving his own time and energy.

This system appeals to the average customer; it intrigues him, and he enters into the game of finding curious and long-lost knick-knacks with all the zest and fervor of youngsters playing hide-and-seek. And when some item or commodity is unearthed from a hidden nook or cranny no one is more delighted than Brother Thomas himself. For all practical purposes, and without any effort on his part, he is just that much better off because the discovered item had long since been forgotten.

Need Guide Book

In the search for these hidden treasures guide books, miners' lamps, maps, divining rods, and like accoutrements would be helpful to the customer; but after careful consideration Mr. Thomas concluded that such aides would tend to expedite business unduly, and thus mar the leisurely, nonchalant, and happy trade relations so characteristic of his establishment.

Yes! the Thomas general store is indeed a Biglerville institution, serving satisfactorily and courteously the community of which it is so valuable and worthwhile a part. May its shadow never grow less!

Seek To Increase Egg Consumption

Harrisburg, Sept. 20 (AP)—The Pennsylvania Agricultural Conservation committee doesn't care if they're scrambled, hard boiled or sunny side up as long as eggs are eaten.

Contending that poultrymen are searching for the more profitable dairy business because there has been an under consumption of eggs, the committee is planning a post-war poster campaign urging Pennsylvanians to make ham and eggs a daily must for breakfast.

NEW SUBSIDIARY

Pittsburgh, Sept. 20 (AP)—Jones & Laughlin Steel corporation announced it has organized under the laws of Delaware a new subsidiary known as Jones & Laughlin International company. The subsidiary will act as a J. & L. sales representative in Brazil.

Here And There

(Continued From Page 1)

As a crop protector, it is deadlier and longer lasting than other insectides, has been found effective against potato beetles, cabbage worms, apple codling moths, Japanese beetles, aphids, fruit worms, even corn borers—against which previous insectides have proved to be failures.

* * *

So great are DDT's potentialities that no fewer than seven U. S. laboratories and hundreds of biochemists are concentrated on it. Production has multiplied 350-fold in the last year; four manufacturers are now turning out about 350,000 pounds a month—all for the Army.

Recently the developers of DDT, Geigy Co., Inc., an old dye firm with branches in Switzerland and New York, told reporters in Manhattan how the chemical was discovered. Like penicillin, DDT was known long before its usefulness was appreciated. A complicated chemical (full name: dichloro-diphenyl-trichloroethane), whose chief ingredients are chlorine, alcohol and sulfuric acid, DDT was first synthesized in 1874 by a German student named Othmar Zeidler. He had no idea of its possibilities as an insecticide, dismissed his discovery in six lines in a German chemical journal.

* * *

But on the eve of World War II a Geigy chemist, Paul Muller, rediscovered the formula and found that it killed bugs. Its first test came during a plague of potato beetles in Switzerland in 1939. DDT stopped the beetles dead. Concentrated DDT is toxic to men and animals when swallowed, but in the weak dilutions used for sprays and dusts, it has been found harmless to the skin.

By 1942, the U. S. Department of Agriculture had begun to experiment with DDT, got such sensational results that the Surgeon General's office and Dr. Vannevar Bush's OSRD launched a full-scale investigation, soon uncovered DDT's immense military possibilities.

The crucial problem was finding a feasible process for producing DDT in the large quantities needed. It was solved last year by a Swiss-born chemist, Dr. Oskar Frey, of the Cincinnati Chemical Works. Cincinnati Chemical still produces 60% of the DDT supply.

* * *

DDT owes its deadliness partly to an almost unique property: on insects it acts as both a contact and stomach poison. It first paralyzes an insect's hind legs, then gives it a violent attack of the jitters, finally brings on complete paralysis and death. Oddly, the pure chemical has little effect; it is good only in an oil solution or when mixed with inert powder. The usual dose is 1% to 5% DDT, dissolved in kerosene or mixed with a dust filler.

But DDT is not a kill-all. Against two of the most common crop destroyers, the Mexican bean beetle and the cotton boll weevil, DDT has proved disappointing. Man has not yet won his war with the insects.

Zoo Stork Does 'Big Business'

Chicago, Sept. 20 (AP)—The stork at the Brookfield zoo was a bit weary today. Births reported within the last 24 hours included a 45-pound baby rhinoceros, said by zoo officials to be the second rhino ever born in captivity; a baby zebra, a gazelle, and a Kudu.

Director Robert Bean described the baby rhino, whose mother, Mary, weighs 3,000 pounds, as the "most beautiful ugly baby in the world." He said the first baby born in captivity was at the zoo three years ago.

CAVALRY EFFICIENT

Washington, Sept. 20 (AP)—Dismounted cavalrymen function as efficiently as regular foot soldiers, says Col. Marion Carson, cavalry officer who is back in the United States following eight and a half months of duty in the Southwest Pacific.

Clean, fresh sod or dirt put into a pig pen every few days is a good anemia preventive.

Large Force

(Continued From Page 1)

the Third army's drive toward Strasbourg and the Rhine.

Wes Gallagher, Associated Press war correspondent, said many German units had been left without motor transport, leaving them the choice either to stand and fight or be overrun by Third army armor.

"To embattled American troops fighting for every inch of ground there is no talk of the war being over in two or three weeks," he said. "They will settle for any time this year."

2 Parts Doomed

French troops of Lt. Gen. Alexander M. Patch's Seventh army beat off an enemy counterattack 10 miles south of Belfort. A communique announced that Allied troops had taken Fourgerolles, 27 miles northwest of Belfort.

A German communique said yesterday that the Nazi garrison at the Brittany port of Brest had retreated to nearby Le Crozen peninsula for a final stand. The enemy broadcast also acknowledged that Canadian troops had fought into the French channel port of Boulogne, but said they were repulsed.

Radio France at Algiers said today the German garrison at Boulogne had surrendered. There was no immediate confirmation from Allied headquarters.

The junction of the British and airborne armies on the edge of Nijmegen came after the British advanced more than 37 miles yesterday for a total gain of 50 miles in 48 hours.

The U. S. Forestry Service estimates that 90 per cent of the forest fires in 1943 were manmade.

Battered Body Of Woman, 73, Found

Bridgeton, N. J., Sept. 20 (AP)—The nude and battered body of 73-year-old Mrs. Carrie Bowers, who an autopsy physician said died of strangulation, was found floating face downward in a spillway at Tumbling Dame lake at dusk last night after a four-day search.

Chief Inspector Norman Fletcher of the Bridgeton police said a piece of cloth was tied tightly around the aged woman's neck.

Dr. Benjamin Berkowitz of Bridgeton, who performed an autopsy, said the woman had a fractured skull, a broken rib and blackened eye.

The body was found by two boys fishing in the lake, two miles from Mrs. Bowers' home.

CALL ON PATRIOTS

London, Sept. 20 (AP)—Gen. Sir Harold R. L. G. Alexander, Allied commander in Italy, broadcast instructions today to Italian patriots to turn against the Germans in northern Italy. "Hit at once for the liberation of Piedmont and Italy," said his broadcast.

Scribe

(Continued from Page 1)

diately upon crossing the threshold the query at once presents itself, "Why haven't I been here before instead of wasting my time in the National Museum and the Smithsonian Institution?" The atmosphere of the place, and its kaleidoscopic diversification just naturally excite any latent exploratory propensities. Commodities of every kind and description, from needles and pins to plows and tractors, are here, there, and everywhere. But before leaving a forwarding address, and starting on a tour of the establishment, you are greeted most graciously and hospitably by the very efficient and enterprising Thomas personnel, headed by the Misses Thomas, two charming and intelligent young ladies.

From Annie To Einstein

When not engaged with buying and selling, these young women can be found at nearby Wilson college where, I understand, they have been busy capturing all sorts of honors and degrees; in fact, a prospective customer at the Thomas store, if inclined to be argumentative, or to display his knowledge of events, current or otherwise, will find in the Thomas sisters an exceptionally clever and well-informed twosome; and they are ably supported by the other members of the organization. Anything from Orphan Annie to the Einstein theory of relativity is likely to be discussed and disposed of, all in the day's work.

The writer, visiting the Thomas store recently, found one of the Thomas girls busily engaged scraping paint from a kitchen chair preparatory to a fresh coat, and, with nothing more important on hand, he pitched in and helped with said scraping. The help, of course, was graciously accepted, but with the following observation: "Now, Mr. Taylor, you know this helping me is nothing but politics; something that, customers seeing you, will make you votes, Ha!" I cite this as an example of the cleverness that prevails and makes the wheels go 'round at Thomas'.

"On Your Own"

After these preliminary contacts and friendly greetings you are now properly trade conscious, and away you go, gay and light-hearted, feeling for all the world like one of our early explorers. The store is run on the principle that once you enter its portals you are on your own. You are assured by the management that the stock is inexhaustible both as to quantity and variety, but to find any particular item will depend largely upon your own resources. Brother Thomas is always busier than the proverbial one-armed paper-hanger and cannot burden himself with such non-essentials as knowing, other than generally, just what he has in stock. What he does know is that he has what you want somewhere in the store, and why not let you find it yourself thus conserving his own time and energy.

This system appeals to the average customer; it intrigues him, and he enters into the game of finding curious and long-lost knick-knacks with all the zest and fervor of youngsters playing hide-and-seek. And when some item or commodity is unearthed from a hidden nook or cranny no one is more delighted than Brother Thomas himself. For all practical purposes, and without any effort on his part, he is just that much better off because the discovered item had long since been forgotten.

Need Guide Book

In the search for these hidden treasures guide books, miners' lamps, maps, divining rods, and like accoutrements would be helpful to the customer; but after careful consideration Mr. Thomas concluded that such aides would tend to expedite business unduly, and thus mar the leisurely, nonchalant, and happy trade relations so characteristic of his establishment.

Yes, the Thomas general store is indeed a Biglerville institution, serving satisfactorily and courteously the community of which it is so valuable and worthwhile a part. May its shadow never grow less!

Seek To Increase Egg Consumption

Recently the developers of DDT, Geigy Co., Inc., an old dye firm with branches in Switzerland and New York, told reporters in Manhattan how the chemical was discovered. Like penicillin, DDT was known long before its usefulness was appreciated. A complicated chemical (full name: dichloro-diphenyl-trichloroethane), whose chief ingredients are chlorine, alcohol and sulfuric acid, DDT was first synthesized in 1874 by a German student named Othmar Zeidler. He had no idea of its possibilities as an insecticide, dismissed his discovery in six lines in a German chemical journal.

* * *

But on the eve of World War II a Geigy chemist, Paul Muller, rediscovered the formula and found that it killed bugs. Its first test came during a plague of potato beetles in Switzerland in 1939. DDT stopped the beetles dead. Concentrated DDT is toxic to men and animals when swallowed, but in the weak dilutions used for sprays and dusts, it has been found harmless to the skin.

By 1942, the U. S. Department of Agriculture had begun to experiment with DDT, got such sensational results that the Surgeon General's office and Dr. Vannevar Bush's OSRD launched a full-scale investigation, soon uncovered DDT's immense military possibilities.

The crucial problem was finding a feasible process for producing DDT in the large quantities needed. It was solved last year by a Swiss-born chemist, Dr. Oskar Frey, of the Cincinnati Chemical Works. Cincinnati Chemical still produces 60% of the DDT supply.

* * *

DDT owes its deadliness partly to an almost unique property: on insects it acts as both a contact and stomach poison. It first paralyzes an insect's hind legs, then gives it a violent attack of the jitters, finally brings on complete paralysis and death. Oddly, the pure chemical has little effect; it is good only in an oil solution or when mixed with inert powder. The usual dose is 1% to 5% DDT, dissolved in kerosene or mixed with a dust filler.

But DDT is not a kill-all. Against two of the most common crop destroyers, the Mexican bean beetle and the cotton boll weevil, DDT has proved disappointing. Man has not yet won his war with the insects.

Zoo Stork Does 'Big Business'

Chicago, Sept. 20 (AP)—The stork at the Brookfield zoo was a bit weary today. Births reported within the last 24 hours included a 45-pound baby rhinoceros, said by zoo officials to be the second rhino ever born in captivity; a baby zebra, a gazelle, and a Kudu.

Director Robert Bean described the baby rhino, whose mother, Mary, weighs 3,000 pounds, as the "most beautiful ugly baby in the world." He said the first baby born in captivity was at the zoo three years ago.

CAVALRY EFFICIENT

Washington, Sept. 20 (AP)—Dismounted cavalrymen function as efficiently as regular foot soldiers, says Col. Marion Carson, cavalry officer who is back in the United States following eight and a half months of duty in the Southwest Pacific.

Clean, fresh sod or dirt put into a pig pen every few days is a good anemia preventive.

the Third army's drive toward Strasbourg and the Rhine.

Wes Gallagher, Associated Press war correspondent, said many German units had been left without motor transport, leaving them the choice either to stand and fight or be overrun by Third army armor.

"To embattled American troops fighting for every inch of ground there is no talk of the war being over in two or three weeks," he said. "They will settle for any time this year."

2 Parts Doomed

French troops of Lt. Gen. Alexander M. Patch's Seventh army beat off an enemy counterattack 10 miles south of Belfort. A communique announced that Allied troops had taken Fourgerolles, 27 miles northwest of Belfort.

A German communique said yesterday that the Nazi garrison at the Brittany port of Brest had retreated to nearby Le Crozen peninsula for a final stand. The enemy broadcast also acknowledged that Canadian troops had fought into the French channel port of Boulogne, but said they were repulsed.

Radio France at Algiers said today the German garrison at Boulogne had surrendered. There was no immediate confirmation from Allied headquarters.

The junction of the British and airborne armies on the edge of Nijmegen came after the British advanced more than 37 miles yesterday for a total gain of 50 miles in 48 hours.

The U. S. Forestry Service estimates that 90 per cent of the forest fires in 1943 were manmade.

Battered Body Of Woman, 73, Found

Bridgeton, N. J., Sept. 20 (AP)—The nude and battered body of 73-year-old Mrs. Carrie Bowers, who an autopsy physician said died of strangulation, was found floating face downward in a spillway at Tumbling Dame lake at dusk last night after a four-day search.

Chief Inspector Norman Fletcher of the Bridgeton police said a piece of cloth was tied tightly around the aged woman's neck.

Dr. Benjamin Berkowitz of Bridgeton, who performed an autopsy, said the woman had a fractured skull, a broken rib and blackened eye.

The body was found by two boys fishing in the lake, two miles from Mrs. Bowers' home.

CALL ON PATRIOTS

London, Sept. 20 (AP)—Gen. Sir Harold R. L. G. Alexander, Allied commander in Italy, broadcast instructions today to Italian patriots to turn against the Germans in northern Italy. "Hit at once for the liberation of Piedmont and Italy," said his broadcast.

Scribe

(Continued from Page 1)

diately upon crossing the threshold the query at once presents itself, "Why haven't I been here before instead of wasting my time in the National Museum and the Smithsonian Institution?" The atmosphere of the place, and its kaleidoscopic diversification just naturally excite any latent exploratory propensities. Commodities of every kind and description, from needles and pins to plows and tractors, are here, there, and everywhere. But before leaving a forwarding address, and starting on a tour of the establishment, you are greeted most graciously and hospitably by the very efficient and enterprising Thomas personnel, headed by the Misses Thomas, two charming and intelligent young ladies.

From Annie To Einstein

When not engaged with buying and selling, these young women can be found at nearby Wilson college where, I understand, they have been busy capturing all sorts of honors and degrees; in fact, a prospective customer at the Thomas store, if inclined to be argumentative, or to display his knowledge of events, current or otherwise, will find in the Thomas sisters an exceptionally clever and well-informed twosome; and they are ably supported by the other members of the organization. Anything from Orphan Annie to the Einstein theory of relativity is likely to be discussed and disposed of, all in the day's work.

The writer, visiting the Thomas store recently, found one of the Thomas girls busily engaged scraping paint from a kitchen chair preparatory to a fresh coat, and, with nothing more important on hand, he pitched in and helped with said scraping. The help, of course, was graciously accepted, but with the following observation: "Now, Mr. Taylor, you know this helping me is nothing but politics; something that, customers seeing you, will make you votes, Ha!" I cite this as an example of the cleverness that prevails and makes the wheels go 'round at Thomas'.

"On Your Own"

After these preliminary contacts and friendly greetings you are now properly trade conscious, and away you go, gay and light-hearted, feeling for all the world like one of our early explorers. The store is run on the principle that once you enter its portals you are on your own. You are assured by the management that the stock is inexhaustible both as to quantity and variety, but to find any particular item will depend largely upon your own resources. Brother Thomas is always busier than the proverbial one-armed paper-hanger and cannot burden himself with such non-essentials as knowing, other than generally, just what he has in stock. What he does know is that he has what you want somewhere in the store, and why not let you find it yourself thus conserving his own time and energy.

This system appeals to the average customer; it intrigues him, and he enters into the game of finding curious and long-lost knick-knacks with all the zest and fervor of youngsters playing hide-and-seek. And when some item or commodity is unearthed from a hidden nook or cranny no one is more delighted than Brother Thomas himself. For all practical purposes, and without any effort on his part, he is just that much better off because the discovered item had long since been forgotten.

Need Guide Book

In the search for these hidden treasures guide books, miners' lamps, maps, divining rods, and like accoutrements would be helpful to the customer; but after careful consideration Mr. Thomas concluded that such aides would tend to expedite business unduly, and thus mar the leisurely, nonchalant, and happy trade relations so characteristic of his establishment.

Yes; the Thomas general store is indeed a Biglerville institution, serving satisfactorily and courteously the community of which it is so valuable and worthwhile a part. May its shadow never grow less!

Seek To Increase Egg Consumption

Harrisburg, Sept. 20 (AP)—The Pennsylvania Agricultural Conservation committee doesn't care if they're scrambled, hard boiled or sunny side up as long as eggs are eaten.

Contending that poultrymen are switching to the more profitable dairy business because there has been an under consumption of eggs, the committee is planning a post-war poster campaign urging Pennsylvanians to make ham and eggs a daily must for breakfast.

NEW SUBSIDIARY

Pittsburgh, Sept. 20 (AP)—Jones & Laughlin Steel corporation announced it has organized under the laws of Delaware a new subsidiary known as Jones & Laughlin International company. The subsidiary will act as a J. & L. sales representative in Brazil.

BOSTON, YANKS, BROWNS LOSERS AS TIGERS WIN

By JACK HAND
Associated Press Sports Writer

Boston was practically eliminated, New York was tottering on the brink and St. Louis was a faltering second to the league-leading Detroit Tigers today after the most important 24 hours of the American league season.

Steve O'Neill's Tigers, who had never been on top until Sunday, had opened up a game and a half gap on the Brownies by knocking off the Yanks in the opener of a crucial series while St. Louis and Boston lost.

Detroit's 4-1 victory over New York's ace, Hank Borowy, took most of the wind out of the Champs' sails and disappointed the Browns who had been counting on the Yanks to help pull the Tigers back toward the pack. The Brownies were shut out, 6-0, in 11 innings by the dungeon-bound Washingtons. Disaster struck at Boston at Cleveland where the Red Sox bowed 8-2, to Steve Gromek's efficient nine-hit tossing.

Dizzy Trout was primed today to match Hal Newhouser's feat of beating the New Yorkers six times in the same season, the first time the champs had been so humiliated since the balmy days of Walter Johnson. Trout held five wins over the Yanks and Newhouser made it six yesterday by shutting out the McCarthy men until Johnny Lindell homered in the ninth. The young Mr. Left of the Tiger staff now has six straight victories, 26 for the year and has allowed only two runs in his last 38 innings.

World Series fever began to hit the motor city with 28,290, the largest week-day turnout at Briggs stadium, watching the home club move three full games in front of the Yankees.

With Hal Trosky hitting three doubles, Chicago kayoed Jess Flores with a pair of three-run innings to down Philadelphia, 6-3.

Pittsburgh at Brooklyn and a twi-night doubleheader between Cincinnati and Philadelphia in the National were rained out. The other clubs had an open date.

Other clubs not scheduled

Today's Schedule

St. Louis at Boston.
Pittsburgh at Brooklyn
Chicago at New York
Cincinnati at Philadelphia 2.

(By The Associated Press)
YESTERDAY'S SCORES

International League Semi-Final Playoffs

Newark 3, Toronto (Newark wins series, four games to none)
Baltimore—Buffalo, not scheduled.

American Association Semi-Final Playoffs

Louisville 7, Milwaukee 5 (Louisville wins series, four games to two)
Toledo at St. Paul postponed

Eastern League Semi-Final Playoffs

Hartford 4, Utica 2 (teams are tied at two games apiece)

Decide Governor's Cup Race Tonight

(By The Associated Press)

The champion Hartford Laurels and the third-place Utica Blue Sox planned to come up with aces tonight in the fifth and deciding game of the Eastern League governor's cup semi-finals.

The Laurels squared the series at two-all by a 4-2 victory at Utica last night. Bill Marshall turned in a two-hit pitching performance, although he gave up 10 passes and his mates made three errors.

The series winner will meet fourth-place Binghamton, conqueror of second-place Albany, in the best of seven finals.

EX-MACKMAN DIES

Merchantville, N. J., Sept. 20 (AP)—Morris Steelman, 69, catcher on Connie Mack's first Philadelphia Athletics team in 1901 and veteran baseball player, will be buried here Friday. Steelman, who played with Richmond, Virginia, Louisville Kentucky, Brooklyn, Philadelphia and Altoona, Pa., clubs during his 13 years in baseball, died Saturday.

GIVE COACHES RAISE

Pittsburgh, Sept. 20 (AP)—Salary increases have been voted by the Board of Education to 12 physical education teachers coaching athletics and to seven administrative employes. The board estimated the cost of the raises at $83,000 a year.

Fights Last Night

(By The Associated Press)

Hartford, Conn.—Willie Pep, 127, Hartford, T.K.O. Charley "Cabey" Lewis, 128, New York, 8. Genaro Rojo, 143½, Los Angeles, knocked out Bobby Snow, 147½, Waterbury, 1.

Brooklyn—Danny Bartfield, 139, New York, outpointed Joe Amico, 141, Philadelphia, 8. Johnny Price, 144½, Montreal, outpointed Danny Martin, 148, Newark, New Jersey, 8.

Washington—Jackie Wilson, 130, Pittsburgh, outpointed Cleo Shans, 134, Los Angeles, 10. Dixie Oliver, 199, Washington, outpointed Johnny Allen, 189, Philadelphia, 6.

Philadelphia—Ike Williams, 135, Trenton, New Jersey, knocked out Freddy Dawson, 134½, Chicago, 4. Dorsey Lay, 136½, Philadelphia, TKO Maxie Starr 141½, Baltimore, 7.

SPORTS ROUNDUP

By HUGH FULLERTON, JR.

New York, Sept. 20 (AP)—Any pro football league that can get control of the Yankee stadium and the Los Angeles coliseum will have the upper hand in the furious postwar competition that is likely to take place. . . . So far three leagues are projected—the All-American conference, the United States league and the Trans-America league—besides the established National league. . . . They're all planning to invade New York, Boston, Philalelphia, Chicago and Los Angeles, which also figures in the National's postwar plans beside having three or four clubs in existing coast circuits. . . . In the key cities only those two fields would fill the major league bill. The All-American conference, through Mrs. Lou Gehrig, figures to have an "in" at Yankee stadium, but so does the Trans-America loop, which awarded a New York franchise to J. Basil Maguire, whose wife is one of the Ruppert heiresses. The Los Angeles coliseum is city-owned but is controlled by the colleges that play their big games there and so far they've turned a very chilly shoulder toward all pro propositions.

SUCCESS STORY

Herman Lewin, boss of the box office dept. for Mike Jacobs, had just finished reading "How To Win Friends and Influence People" when the author, Dale Carnegie, walked in to buy seven $10 tickets to Friday's Joe Baksi-Mauriello fight. . . . A few minutes later Carnegie walked out with seven top-price $12 tickets.

SHORTS AND SHELLS

Has anybody noticed that one reason why Baltimore won the International league pennant was that the park, not the club, caught fire? . . . Two of the games postponed when the Baltimore ball park burned couldn't be played off and thus the Orioles, having played fewer games, finished .007 ahead of Newark. . . . Look for Villanova to become a football power in Pennsylvania about Nov. 1. It is the only college in the state where Marine trainees will be retained and stands a good chance of picking up good material from Penn State, Bucknell and Muhlenberg. . . . Similar transfers are scheduled to about a dozen other colleges. . . . Ray Dumont, baseball's "wrong way" man from Wichita, Kas., is due in town tomorrow and likely will find New Yorkers running the wrong way through traffic, as usual.

MEDAL PLAY

Don Boydston, former Oklahoma A. and M. track star, tied for top honors in the high jump 13 times during his high school and college career. . . . And "Boydston luck" became traditional when he called the toss of a coin correctly 13 straight times to win the medal or trophy. . . . At Saipan Lt. Boydston of the Marines was in an outfit which suffered 70 per cent casualties . . . Don was flattened by concussion from a shell and was unconscious three hours. . . . "Boydston luck still holds," he wrote Coach Ralph Higgins. "I was okay as soon as my ears stopped ringing."

League Leaders

(By The Associated Press)

National

Batting—Walker, Brooklyn, .360.
Runs—Nicholson, Chicago, 105.

Triples—Stirnweiss, New York, 15.
Home runs—Etten, New York, 20.
Stolen bases—Stirnweiss, New York, 51.
Pitching—Newhouser, Detroit, 26-8, .765.

GOLF WINNER

Philadelphia, Sept. 20 (AP)—Western amateur champion Dorothy Germain won the first of two fall tournaments of the Women's Golf association of Philadelphia yesterday with a net 82.

ALLIED PLANES BLAST RAILWAY LINES IN RUHR

London, Sept. 20 (AP)—Continuing their campaign to smash the principal railway centers feeding German forces defending the Reich's western frontier, RAF heavy bombers last night hammered the twin towns of Munchen-Gladbach and Rheydt just behind the Siegfried line north of the Aachen battlefield.

Two important railway lines, one coming from Aachen and the other from Cologne, meet at Rheydt before running into Munchen-Gladbach, two miles away. There they connect with the main route from the Ruhr to Holland.

The Air Ministry described the raids as concentrated and said large fires were started. Five planes were lost.

The overnight activity also included numerous Mosquito attacks upon enemy rail and road movements deeper in the Reich and Berlin reported an assault upon Budapest by Mediterranean-based planes.

Continue Attack

There were indications the offensive was being continued in daylight today, the German radio warning service reporting that Allied raiders were over Bavaria this morning.

Seven German key communications centers were pounded yesterday by almost 2,000 Allied planes, including 700 Flying Fortresses. Ten heavy bombers and nine fighters were lost in these forays.

One formation of Mosquitos participating in last night's operations caught a convoy of enemy barges hustling fresh German troops across the Rhine between Emmerich and Dinslaken. The raiders riddled the boats with cannon and machinegun fire and left several ablaze.

Crane Operators Strike Over Wages

Pittsburgh, Sept. 20 (AP)—Thirty crane operators were on strike at the Dravo Corporation's shipyards today in a dispute over the rejection of wage demands by the War Labor Board.

It was the second walkout within a week at the yards where LST's (landing ships for tanks) are made for the Navy. A 24-hour strike of electricians which kept an estimated 1,000 workers idle ended Monday.

A strike of pilers and chippers kept approximately 600 workers idle at the Clairton works of Carnegie-Illinois Steel Corp.

Forty heat treaters returned to work in the North side plant of the American Radiator and Standard Sanitary Corp., after a brief strike in a wage dispute.

Three Youths Die In Crossing Crash

Butler, Pa., Sept. 20 (AP)—Coroner J. Charles Dengler reported today the deaths of three youths as the result of the collision of their automobile with a Western Allegheny Railroad freight train that had stopped at a grade crossing ten miles north of here.

Richard E. McKissick, 17, stationed with the Merchant Marine at Cleveland and home on furlough, and Winford Warren Grossman, 20, of Slippery Rock R. D. 5, were killed almost instantly. Arthur Grossman, 20, brother of Winford, died in Memorial hospital five hours after the accident, which occurred yesterday.

Nylon Hosiery At Top Of Girls' List

Chicago, Sept. 20 (AP)—Thirty-seven "hard-to-get" articles in wartime, ranging from alarm clocks to zippers, are being voted on by Chicagoans in a "What I want most" poll conducted by the Chicago Herald-American.

With approximately 34,000 votes cast, the leader, by almost two-to-one, is nylon hosiery. Girdles, showing strength in the stretch drive, is in second place, and shoes (unrationed), third.

HIT BY TRAIN—UNHURT

Jefferson City, Mo., Sept. 20 (AP)—Adam Schubert, hit by a Missouri Pacific passenger train and knocked off a bridge, fell 25 feet into the Osage river yesterday. His physician said he was only slightly injured.

Pep Signed For New Title Bout

Hartford, Conn., Sept. 20 (AP)—Promoter Mike Jacobs of New York's 20th Century Athletic club watched Willie Pep, featherweight champion, stop Charley (Cabey) Lewis in eight rounds here last night in a rain-swept ring, and immediately signed the Hartford flash for a 15-round title fight in Madison Square Garden September 29.

Pep's opponent will be Chalky Wright, Los Angeles, from whom Pep took the title in November, 1942, and who has earned his way back to a title match with a string of victories.

That marked Pep's 78th win in 79 professional starts, his only loss being to Sammy Angott in an overweight affair. It also marked a fine 22nd birthday anniversary present for him.

Williams Wins 13th With Kayo

Philadelphia, Sept. 20 (AP)—Ike Williams, No. 1 lightweight title contender from Trenton, N. J., ran his consecutive victory string to 13 last night when he knocked out Freddy Dawson of Chicago in the fourth of a scheduled 10-round windup fight.

Although Williams entered the ring a 3 to 1 favorite, Dawson used some fast-stepping footwork to lead two rounds to one when he was floored by a hard right and left to the midriff.

The KO stopped Dawson's winning streak at 27 wins. Williams entered the ring at 135, a half-pound heavier than his opponent.

The fight drew a crowd of 7,620 and gate receipts were announced as $19,380.

same chest rub used when

QUINTUPLETS CATCH COLD

Wonderful for Grown-ups, Too!

Whenever the Dionne Quintuplets catch cold—their chests, throats and backs are immediately rubbed with Musterole.

Musterole brings such prompt relief from coughs, sore throat, aching muscles of chest colds because it's MORE than just an ordinary "salve." It's what so many Doctors and Nurses call a *modern counter-irritant*. It actually helps *break up congestion* in upper bronchial tract, nose and throat. Buy Musterole for your family!

IN 3 STRENGTHS: Children's Mild Musterole, Regular and Extra Strong.

BOSTON, YANKS, BROWNS LOSERS AS TIGERS WIN

By JACK BAND
Associated Press Sports Writer

Boston was practically eliminated, New York was tottering on the brink and St. Louis was a faltering second to the league-leading Detroit Tigers today after the most important 24 hours of the American league season.

Steve O'Neill's Tigers, who had never been on top until Sunday, had opened up a game and a half gap on the Brownies by knocking off the Yanks in the opener of a crucial series while St. Louis and Boston lost.

Detroit's 4-1 victory over New York's ace, Hank Borowy, took most of the wind out of the Champs' sails and disappointed the Browns who had been counting on the Yanks to help pull the Tigers back toward the pack. The Brownies were shut out, 6-0, in 11 innings by the dungeon-bound Washingtons. Disaster struck at Boston, at Cleveland where the Red Sox bowed 8-2, to Steve Gromek's efficient nine-hit tossing.

Dizzy Trout was primed today to match Hal Newhouser's feat of beating the New Yorkers six times in the same season, the first time the champs had been so humiliated since the balmy days of Walter Johnson. Trout held five wins over the Yanks and Newhouser made it six yesterday by shutting out the McCarthy men until Johnny Lindell homered in the ninth. The young Mr. Left of the Tiger staff now has six straight victories, 26 for the year and has allowed only two runs in his last 38 innings.

World Series fever began to hit the motor city with 28,290, the largest week-day turnout at Briggs stadium, watching the home club move three full games in front of the Yankees.

With Hal Trosky hitting three doubles, Chicago kayoed Jess Flores with a pair of three-run innings to down Philadelphia, 6-3.

Pittsburgh at Brooklyn and a twi-night doubleheader between Cincinnati and Philadelphia in the National were rained out. The other clubs had an open date.

Other clubs not scheduled.

Today's Schedule

St. Louis at Boston.
Pittsburgh at Brooklyn.
Chicago at New York.
Cincinnati at Philadelphia (2).

(By The Associated Press)
YESTERDAY'S SCORES

International League Semi-Final Playoffs

Newark 3, Toronto (Newark wins series, four games to none).
Baltimore—Buffalo, not scheduled.

American Association Semi-Final Playoffs

Louisville 7, Milwaukee 5 (Louisville wins series, four games to two)
Toledo at St. Paul postponed.

Eastern League Semi-Final Playoffs

Hartford 4, Utica 2 (teams are tied at two games apiece).

Decide Governor's Cup Race Tonight

(By The Associated Press)

The champion Hartford Laurels and the third-place Utica Blue Sox planned to come up with aces tonight in the fifth and deciding game of the Eastern League governor's cup semi-finals.

The Laurels squared the series at two-all by a 4-2 victory at Utica last night. Bill Marshall turned in a two-hit pitching performance, although he gave up 10 passes and his mates made three errors.

The series winner will meet fourth-place Binghamton, conqueror of second-place Albany, in the best of seven finals.

EX-MACKMAN DIES

Merchantville, N. J., Sept. 20 (AP)—Morris Steelman, 69, catcher on Connie Mack's first Philadelphia Athletics team in 1901 and veteran baseball player, will be buried here Friday. Steelman, who played with Richmond, Virginia, Louisville, Kentucky, Brooklyn, Philadelphia and Altoona, Pa., clubs during his 13 years in baseball, died Saturday.

GIVE COACHES RAISE

Pittsburgh, Sept. 20 (AP)—Salary increases have been voted by the Board of Education to 12 physical education teachers coaching athletics and to seven administrative employes. The board estimated the cost of the raises at $83,000 a year.

SPORTS ROUNDUP

By HUGH FULLERTON, JR.

New York, Sept. 20 (AP)—Any pro football league that can get control of the Yankee stadium and the Los Angeles coliseum will have the upper hand in the furious postwar competition that is likely to take place. . . . So far three leagues are projected—the All-American conference, the United States league and the Trans-America league—besides the established National league. . . . They're all planning to invade New York, Boston, Philalelphia, Chicago and Los Angeles, which also figures in the National's postwar plans beside having three or four clubs in existing coast circuits. . . . In the key cities only those two fields would fill the major league bill. The All-American conference, through Mrs. Lou Gehrig, figures to have an "in" at Yankee stadium, but so does the Trans-America loop, which awarded a New York franchise to J. Basil Maguire, whose wife is one of the Ruppert heiresses. The Los Angeles coliseum is city-owned but is controlled by the colleges that play their big games there and so far they've turned a very chilly shoulder toward all pro propositions.

SUCCESS STORY

Herman Lewin, boss of the box office dept. for Mike Jacobs, had just finished reading "How To Win Friends and Influence People" when the author, Dale Carnegie, walked in to buy seven $10 tickets to Friday's Joe Baksi-Mauriello fight. . . . A few minutes later Carnegie walked out with seven top-price $12 tickets.

SHORTS AND SHELLS

Has anybody noticed that one reason why Baltimore won the International league pennant was that the park, not the club, caught fire? . . . Two of the games postponed when the Baltimore ball park burned couldn't be played off and thus the Orioles, having played fewer games, finished .007 ahead of Newark. . . . Look for Villanova to become a football power in Pennsylvania about Nov. 1. It is the only college in the state where Marine trainees will be retained and stands a good chance of picking up good material from Penn State, Bucknell and Muhlenberg. . . . Similar transfers are scheduled to about a dozen other colleges. . . . Ray Dumont, baseball's "wrong way" man from Wichita, Kas., is due in town tomorrow and likely will find New Yorkers running the wrong way through traffic, as usual.

MEDAL PLAY

Don Boydston, former Oklahoma A. and M. track star, tied for top honors in the high jump 13 times during his high school and college career. . . . And "Boydston luck" became tralitional when he called the toss of a coin correctly 13 straight times to win the medal or trophy. . . . At Saipan Lt. Boydston of the Marines was in an outfit which suffered 70 per cent casualties. . . . Don was flattened by concussion from a shell and was unconscious three hours. . . . "Boydston luck still holds," he wrote Coach Ralph Higgins, "I was okay as soon as my ears stopped ringing."

League Leaders

GOLF WINNER

Philadelphia, Sept. 20 (AP)—Western amateur champion Dorothy Germain won the first of two fall tournaments of the Women's Golf association of Philadelphia yesterday with a net 82.

ALLIED PLANES BLAST RAILWAY LINES IN RUHR

London, Sept. 20 (AP)—Continuing their campaign to smash the principal railway centers feeding German forces defending the Reich's western frontier, RAF heavy bombers last night hammered the twin towns of Munchen-Gladbach and Rheydt just behind the Siegfried line north of the Aachen battlefield.

Two important railway lines, one coming from Aachen and the other from Cologne, meet at Rheydt before running into Munchen-Gladbach, two miles away. There they connect with the main foute from the Ruhr to Holland.

The Air Ministry described the raids as concentrated and said large fires were started. Five planes were lost.

The overnight activity also included numerous Mosquito attacks upon enemy rail and road movements deeper in the Reich and Berlin reported an assault upon Budapest by Mediterranean-based planes.

Continue Attack

There were indications the offensive was being continued in daylight today, the German radio warning service reporting that Allied raiders were over Bavaria this morning.

Seven German key communications centers were pounded yesterday by almost 2,000 Allied planes, including 700 Flying Fortresses. Ten heavy bombers and nine fighters were lost in these forays.

One formation of Mosquitos participating in last night's operations caught a convoy of enemy barges hustling fresh German troops across the Rhine between Emmerich and Dinslaken. The raiders riddled the boats with cannon and machinegun fire and left several ablaze.

Crane Operators Strike Over Wages

Pittsburgh, Sept. 20 (AP)—Thirty crane operators were on strike at the Dravo Corporation's shipyards today in a dispute over the rejection of wage demands by the War Labor Board.

It was the second walkout within a week at the yards where LST's (landing ships for tanks) are made for the Navy. A 24-hour strike of electricians which kept an estimated 1,000 workers idle ended Monday.

A strike of pilers and chippers kept approximately 600 workers idle at the Clairton works of Carnegie-Illinois Steel Corp.

Forty heat treaters returned to work in the North side plant of the American Radiator and Standard Sanitary Corp., after a brief strike in a wage dispute.

Three Youths Die In Crossing Crash

Butler, Pa., Sept. 20 (AP)—Coroner J. Charles Dengler reported today the deaths of three youths as the result of the collision of their automobile with a Western Allegheny Railroad freight train that had stopped at a grade crossing ten miles north of here.

Richard H. McKissick, 17, stationed with the Merchant Marine at Cleveland and home on furlough, and Winford Warren Grossman, 20, of Slippery Rock R. D. 5, were killed almost instantly. Arthur Grossman, 20, brother of Winford, died in Memorial hospital five hours after the accident, which occurred yesterday.

Nylon Hosiery At Top Of Girls' List

Chicago, Sept. 20 (AP)—Thirty-seven "hard-to-get" articles in wartime, ranging from alarm clocks to zippers, are being voted on by Chicagoans in a "What I want most" poll conducted by the Chicago Herald-American.

With approximately 34,000 votes cast, the leader, by almost two-to-one, is nylon hosiery. Girdles, showing strength in the stretch drive, is in second place, and shoes (unrationed), third.

HIT BY TRAIN—UNHURT

Jefferson City, Mo., Sept. 20 (AP)—Adam Schubert, hit by a Missouri Pacific passenger train and knocked off a bridge, fell 25 feet into the Osage river yesterday. His physician said he was only slightly injured.

Pep Signed For New Title Bout

Hartford, Conn., Sept. 20 (AP)—Promoter Mike Jacobs of New York's 20th Century Athletic club watched Willie Pep, featherweight champion, stop Charley (Cabey) Lewis in eight rounds here last night in a rain-swept ring, and immediately signed the Hartford flash for a 15-round title fight in Madison Square Garden September 29.

Pep's opponent will be Chalky Wright, Los Angeles, from whom Pep took the title in November, 1942, and who has earned his way back to a title match with a string of victories.

That marked Pep's 78th win in 79 professional starts, his only loss being to Sammy Angott in an overweight affair. It also marked a fine 22nd birthday anniversary present for him.

Williams Wins 13th With Kayo

Philadelphia, Sept. 20 (AP)—Ike Williams, No. 1 lightweight title contender from Trenton, N. J., ran his consecutive victory string to 13 last night when he knocked out Freddy Dawson of Chicago in the fourth of a scheduled 10-round windup fight.

Although Williams entered the ring a 3 t 1 favorite, Dawson used some fast-stepping footwork to lead two rounds to one when he was floored by a hard right and left to the midriff.

The KO stopped Dawson's winning streak at 27 wins. Williams entered the ring at 135, a half-pound heavier than his opponent.

The fight drew a crowd of 7,620 and gate receipts were announced as $19,380.

Fights Last Night

(By The Associated Press)

Hartford, Conn.—Willie Pep, 127, Hartford, T.K.O. Charley "Cabey" Lewis, 128, New York, 8. Genaro Rojo, 143½, Los Angeles, knocked out Bobby Snow, 147½, Waterbury, 1.

Brooklyn—Danny Bartfield, 139, New York, outpointed Joe Amico, 141, Philadelphia, 8. Johnny Price, 144¾, Montreal, outpointed Danny Martin, 148, Newark, New Jersey, 8.

Washington—Jackie Wilson, 130, Pittsburgh, outpointed Cleo Shans, 134, Los Angeles, 10. Dixie Oliver, 199, Washington, outpointed Johnny Allen, 189, Philadelphia, 6.

Philadelphia—Ike Williams, 135, Trenton, New Jersey, knocked out Freddy Dawson, 134½, Chicago, 4. Dorsey Lay, 136½, Philadelphia, T.K.O. Maxie Starr, 141½, Baltimore, 7.

BOSTON, YANKS, BROWNS LOSERS AS TIGERS WIN

By JACK HAND

Associated Press Sports Writer

Boston was practically eliminated, New York was tottering on the brink and St. Louis was a faltering second to the league-leading Detroit Tigers today after the most important 24 hours of the American league season.

Steve O'Neill's Tigers, who had never been on top until Sunday, had opened up a game and a half gap on the Brownies by knocking off the Yanks in the opener of a crucial series while St. Louis and Boston lost.

Detroit's 4-1 victory over New York's ace, Hank Borowy, took most of the wind out of the Champs' sails and disappointed the Browns who had been counting on the Yanks to help pull the Tigers back toward the pack. The Brownies were shut out, 6-0, in 11 innings by the dungeon-bound Washingtons. Disaster struck at Boston at Cleveland where the Red Sox bowed 8-2, to Steve Gromek's efficient nine-hit tossing.

Dizzy Trout was primed today to match Hal Newhouser's feat of beating the New Yorkers six times in the same season, the first time the champs had been so humiliated since the balmy days of Walter Johnson. Trout held five wins over the Yanks and Newhouser made it six yesterday by shutting out the McCarthy men until Johnny Lindell homered in the ninth. The young Mr. Left of the Tiger staff now has six straight victories, 26 for the year and has allowed only two runs in his last 38 innings.

World Series fever began to hit the motor city with 28,290, the largest week-day turnout at Briggs stadium, watching the home club move three full games in front of the Yankees.

With Hal Trosky hitting three doubles, Chicago kayoed Jess Flores with a pair of three-run innings to down Philadelphia, 6-3.

Pittsburgh at Brooklyn and a twi-night doubleheader between Cincinnati and Philadelphia in the National were rained out. The other clubs had an open date.

Cincinnati at Philadelphia, two games postponed.
Other clubs not scheduled.

Today's Schedule

St. Louis at Boston.
Pittsburgh at Brooklyn.
Chicago at New York.
Cincinnati at Philadelphia (2).

(By The Associated Press)

YESTERDAY'S SCORES

International League Semi-Final Playoffs

Newark 3, Toronto (Newark wins series, four games to none).
Baltimore—Buffalo, not scheduled.

American Association Semi-Final Playoffs

Louisville 7, Milwaukee 5 (Louisville wins series, four games to two)
Toledo at St. Paul postponed.

Eastern League Semi-Final Playoffs

Hartford 4, Utica 2 (teams are tied at two games apiece).

Decide Governor's Cup Race Tonight

(By The Associated Press)

The champion Hartford Laurels and the third-place Utica Blue Sox planned to come up with aces tonight in the fifth and deciding game of the Eastern League governor's cup semi-finals.

The Laurels squared the series at two-all by a 4-2 victory at Utica last night. Bill Marshall turned in a two-hit pitching performance, although he gave up 10 passes and his mates made three errors.

The series winner will meet fourth-place Binghamton, conqueror of second-place Albany, in the best of seven finals.

EX-MACKMAN DIES

Merchantville, N. J., Sept. 20 (AP)—Morris Steelman, 69, catcher on Connie Mack's first Philadelphia Athletics team in 1901 and veteran baseball player, will be buried here Friday. Steelman, who played with Richmond, Virginia, Louisville, Kentucky, Brooklyn, Philadelphia and Altoona, Pa., clubs during his 13 years in baseball, died Saturday.

GIVE COACHES RAISE

Pittsburgh, Sept. 20 (AP)—Salary increases have been voted by the Board of Education to 12 physical education teachers coaching athletics and to seven administrative employes. The board estimated the cost of the raises at $83,000 a year.

Fights Last Night

(By The Associated Press)

Hartford, Conn.—Willie Pep, 127, Hartford, T.K.O. Charley "Cabey" Lewis, 128, New York, 8. Genaro Rojo, 143½, Los Angeles, knocked out Bobby Snow, 147½, Waterbury, 1.

Brooklyn—Danny Bartfield, 139, New York, outpointed Joe Amico, 141, Philadelphia, 8. Johnny Price, 144¾, Montreal, outpointed Danny Martin, 148, Newark, New Jersey, 8.

Washington—Jackie Wilson, 130, Pittsburgh, outpointed Cleo Shans, 134, Los Angeles, 10. Dixie Oliver, 199, Washington, outpointed Johnny Allen, 189, Philadelphia, 6.

Philadelphia—Ike Williams, 135, Trenton, New Jersey, knocked out Freddy Dawson, 134½, Chicago, 4. Dorsey Lay, 136½, Philadelphia, T.K.O. Maxie Starr, 141¼, Baltimore, 7.

SPORTS ROUNDUP

By HUGH FULLERTON, JR.

New York, Sept. 20 (AP)—Any pro football league that can get control of the Yankee stadium and the Los Angeles coliseum will have the upper hand in the furious postwar competition that is likely to take place. . . . So far three leagues are projected—the All-American conference, the United States league and the Trans-America league—besides the established National league. . . . They're all planning to invade New York, Boston, Philalelphia, Chicago and Los Angeles, which also figures in the National's postwar plans beside having three or four clubs in existing coast circuits. . . . In the key cities only those two fields would fill the major league bill. The All-American conference, through Mrs. Lou Gehrig, figures to have an "in" at Yankee stadium, but so does the Trans-America loop, which awarded a New York franchise to J. Basil Maguire, whose wife is one of the Ruppert heiresses. The Los Angeles coliseum is city-owned but is controlled by the colleges that play their big games there and so far they've turned a very chilly shoulder toward all pro propositions.

SUCCESS STORY

Herman Lewin, boss of the box office dept. for Mike Jacobs, had just finished reading "How To Win Friends and Influence People" when the author, Dale Carnegie, walked in to buy seven $10 tickets to Friday's Joe Baksi-Mauriello fight. . . . A few minutes later Carnegie walked out with seven top-price $12 tickets.

SHORTS AND SHELLS

Has anybody noticed that one reason why Baltimore won the International league pennant was that the park, not the club, caught fire? . . . Two of the games postponed when the Baltimore ball park burned couldn't be played off and thus the Orioles, having played fewer games, finished .007 ahead of Newark. . . . Look for Villanova to become a football power in Pennsylvania about Nov. 1. It is the only college in the state where Marine trainees will be retained and stands a good chance of picking up good material from Penn State, Bucknell and Muhlenberg . . . Similar transfers are scheduled to about a dozen other colleges. . . . Ray Dumont, baseball's "wrong way" man from Wichita, Kas., is due in town tomorrow and likely will find New Yorkers running the wrong way through traffic, as usual.

MEDAL PLAY

Don Boydston, former Oklahoma A. and M. track star, tied for top honors in the high jump 13 times during his high school and college career. . . . And "Boydston luck" became tralitional when he called the toss of a coin correctly 13 straight times to win the medal or trophy. . . . At Saipan Lt. Boydston of the Marines was in an outfit which suffered 70 per cent casualties. . . . Don was flattened by concussion from a shell and was unconscious three hours. . . . "Boydston luck still holds," he wrote Coach Ralph Higgins, "I was okay as soon as my ears stopped ringing."

League Leaders

(By The Associated Press)

National

Batting—Walker, Brooklyn, .360.
Runs—Nicholson, Chicago, 106.
Runs batted in—Nicholson, Chicago, 109.
Hits—Musial, St. Louis, 181.
Doubles—Musial, St. Louis, 48.
Triples—Barrett, Pittsburgh, 18.
Home runs—Nicholson, Chicago, 32.
Stolen bases—Barrett, Pittsburgh, 25.
Pitching—Wilks, St. Louis, 16-3, .842.

American

Batting—Fox, Boston, .328.
Runs—Stirnweiss, New York, 114.
Runs batted in—Stephens, St. Louis, 101.
Hits—Stirnweiss, New York, 186.
Doubles—Bourdreau and Keltner, Cleveland, 38.
Triples—Stirnweiss, New York, 15.
Home runs—Etten, New York, 20.
Stolen bases—Stirnweiss, New York, 51.
Pitching—Newhouser, Detroit, 26-8, .765.

GOLF WINNER

Philadelphia, Sept. 20 (AP) — Western amateur champion Dorothy Germain won the first of two fall tournaments of the Women's Golf association of Philadelphia yesterday with a net 82.

ALLIED PLANES BLAST RAILWAY LINES IN RUHR

London, Sept. 20 (AP)—Continuing their campaign to smash the principal railway centers feeding German forces defending the Reich's western frontier, RAF heavy bombers last night hammered the twin towns of Munchen-Gladbach and Rheydt just behind the Siegfried line north of the Aachen battlefield.

Two important railway lines, one coming from Aachen and the other from Cologne, meet at Rheydt before running into Munchen-Gladbach, two miles away. There they connect with the main foute from the Ruhr to Holland.

The Air Ministry described the raids as concentrated and said large fires were started. Five planes were lost.

The overnight activity also included numerous Mosquito attacks upon enemy rail and road movements deeper in the Reich and Berlin reported an assault upon Budapest by Mediterranean-based planes.

Continue Attack

There were indications the offensive was being continued in daylight today, the German radio warning service reporting that Allied raiders were over Bavaria this morning.

Seven German key communications centers were pounded yesterday by almost 2,000 Allied planes, including 700 Flying Fortresses. Ten heavy bombers and nine fighters were lost in these forays.

One formation of Mosquitos participating in last night's operations caught a convoy of enemy barges hustling fresh German troops across the Rhine between Emmerich and Dinslaken. The raiders riddled the boats with cannon and machinegun fire and left several ablaze.

Crane Operators Strike Over Wages

Pittsburgh, Sept. 20 (AP)—Thirty crane operators were on strike at the Dravo Corporation's shipyards today in a dispute over the rejection of wage demands by the War Labor Board.

It was the second walkout within a week at the yards where LST's (landing ships for tanks) are made for the Navy. A 24-hour strike of electricians which kept an estimated 1,000 workers idle ended Monday.

A strike of pilers and chippers kept approximately 600 workers idle at the Clairton works of Carnegie-Illinois Steel Corp.

Forty heat treaters returned to work in the North side plant of the American Radiator and Standard Sanitary Corp., after a brief strike in a wage dispute.

Three Youths Die In Crossing Crash

Butler, Pa., Sept. 20 (AP)—Coroner J. Charles Dengler reported today the deaths of three youths as the result of the collision of their automobile with a Western Allegheny Railroad freight train that had stopped at a grade crossing ten miles north of here.

Richard H. McKissick, 17, stationed with the Merchant Marine at Cleveland and home on furlough, and Winford Warren Grossman, 20, of Slippery Rock R. D. 5, were killed almost instantly. Arthur Grossman, 20, brother of Winford, died in Memorial hospital five hours after the accident, which occurred yesterday.

Nylon Hosiery At Top Of Girls' List

Chicago, Sept. 20 (AP)—Thirty-seven "hard-to-get" articles in wartime, ranging from alarm clocks to zippers, are being voted on by Chicagoans in a "What I want most" poll conducted by the Chicago Herald-American.

With approximately 34,000 votes cast, the leader, by almost two-to-one, is nylon hosiery. Girdles, showing strength in the stretch drive, is in second place, and shoes (unrationed), third.

HIT BY TRAIN—UNHURT

Jefferson City, Mo., Sept. 20 (AP)—Adam Schubert, hit by a Missouri Pacific passenger train and knocked off a bridge, fell 25 feet into the Osage river yesterday. His physician said he was only slightly injured.

Pep Signed For New Title Bout

Hartford, Conn., Sept. 20 (AP)—Promoter Mike Jacobs of New York's 20th Century Athletic club watched Willie Pep, featherweight champion, stop Charley (Cabey) Lewis in eight rounds here last night in a rain-swept ring, and immediately signed the Hartford flash for a 15-round title fight in Madison Square Garden September 29.

Pep's opponent will be Chalky Wright, Los Angeles, from whom Pep took the title in November, 1942, and who has earned his way back to a title match with a string of victories.

That marked Pep's 78th win in 79 professional starts, his only loss being to Sammy Angott in an overweight affair. It also marked a fine 22nd birthday anniversary present for him.

Williams Wins 13th With Kayo

Philadelphia, Sept. 20 (AP)—Ike Williams, No. 1 lightweight title contender from Trenton, N. J., ran his consecutive victory string to 13 last night when he knocked out Freddy Dawson of Chicago in the fourth of a scheduled 10-round windup fight.

Although Williams entered the ring a 3 t 1 favorite, Dawson used some fast-stepping footwork to lead two rounds to one when he was floored by a hard right and left to the midriff.

The KO stopped Dawson's winning streak at 27 wins. Williams entered the ring at 135, a half-pound heavier than his opponent.

The fight drew a crowd of 7,620 and gate receipts were announced as $19,380.

Gettysburg College Faces The War

Local Institution Of Learning Maintains Its High Standards In War

By Dr. Henry W. A. Hanson
President of
Gettysburg College

OF ALL the plagues that have beset mankind, none has been as devastating and heart-breaking as war. War sweeps like a hurricane through the structures we have built and the sons we have reared. Yet, there are times when war is the only resort of civilization in protecting itself against selfishness and brutality. The present war girdles the globe. It includes all peoples—all types of people and all human institutions.

The front line of every war is made up particularly, of young men of college age. When the draft age falls to 18, it presents an educational problem on a college level for which there can be no solution.

When the news of Pearl Harbor swept throughout the world as a forerunner of the hurricane to follow, all American institutions of learning suffered a terrific blow. It became obvious at once, with the military plans even at that time fairly complete, that college student bodies would be practically wiped out by the draft.

Majority In Service

The first draft following the passing of the 18-year-old law came in February, 1943. From then until June of 1943 strange things happened on the college campuses of America.

Gettysburg College started the year of 1942 with approximately 570 young men. When the following summer began, more than 90 per cent of all the boys who had been students on our campus were in some branch of the armed services.

It became apparent to all of us that the male student body of America must be made up entirely of students physically unfit, of students not yet 18, and of students for the ministry. For a short period of time, pre-medical and pre-scientific students were deferred. This, however, was cancelled.

College Program

In the wide-spread drafting of young men, the government discovered that it could not—within the time allowed — prepare barracks and other equipment necessary for the housing of the young army draftees. There are approximately 1,800 colleges in the United States. On the whole, they possess properties which could very readily be used for the preliminary training of military inductees. The government turned to a large majority of the colleges with a program which would provide the government with adequate property, and provide the colleges with, at least, a reasonably large student body. The entire procedure constituted an experiment by the government which was, at the same time, an experiment for the educational institutions.

Gettysburg College was chosen in the very first period of the program as one of the colleges to be used by the Army Air Corps. It was an entirely natural selection inasmuch as, through the R.O.T.C., Gettysburg College had been identified with the Army program since the last war.

Cadets Arrive

The first assignment of Air Corps cadets reached the campus the first week of March, 1943. The Air Corps unit on our campus was known as the Fifty-fifth College Training Detachment (Air Crew).

It is interesting to note how harmoniously the programs of the civilian college and the Air Corps college operated. In the civilian college, the usual courses were given and the high standards of the college were observed. Life was maintained at as nearly a normal pace as was possible under the circumstances.

The greatest change necessitated by the situation was the dropping of all inter-collegiate athletics as the Air Corps refused to permit any of the aviation students to participate in any competitive or inter-collegiate sports.

The Air Corps college was given an extensive physical training course. It received instruction in five subjects: English, History, Economic Geography, Physics and Mathematics. One of the great difficulties connected with the organization of the program was to provide the two colleges with the full courses required, in the same buildings and under the same faculty. It must, of course, be borne in mind that it was never possible to mix the civilian and the military students in any class.

1,700 Meals Per Day

Another very serious problem confronting the college was connected with the serving of meals. Cafeteria equipment was installed in Huber Hall where approximately 1,700 meals a day were served. The various fraternity buildings were used as dormitories for the civilian students. Old Dorm, McKnight Hall and the dormitory equipment of Huber Hall were used exclusively by the Air Corps students. Civilian dining rooms were established in the fraternity buildings.

In the adjusting of an adequate "messing" program, which taxed the ingenuity of the institution, it is a source of great satisfaction to know that the meals of the college established an enviable reputation throughout the East.

The Air Corps students were supposed to remain on the campus for five months. The college was scheduled to graduate 110 each month. Within the succeeding week the initial class arrived. It would be impossible to pay too high a tribute to the members of the faculty and the staff of the college for their fidelity, cooperation and ingenuity in making it possible for the college to go through the war period so successfully.

Inactivated In May

The 55th College Training Detachment (Air Crew) was inactivated on May 25, 1944. The aviation students generously presented the insignia to the President of the college and the books were closed.

The college was then faced with the problem of continuing to operate without a government assignment. With its traditions of more than 100 years—its splendid faculty and equipment, it became obvious that it would not be possible for the college to operate with any measure of success with a student body of less than 50 per cent of the normal enrollment.

At this time, the government inaugurated its program covering 17-year-old pre-enlistees. These young men, selected by competitive tests throughout the country, were permitted to go to college at the expense of the government until the close of the semester following their 18th birthday. Four out of the 53 colleges in the State of Pennsylvania received an assignment of the 17-year-olds: University of Pittsburgh, Dusquesne, Pennsylvania State College and Gettysburg College.

New Group Arrives

The 17-year-old detachment reached the campus on June 8th of this year. All of the students lacked a half year of being 18. They were therefore assigned to Gettysburg College for a period of at least six months. The courses of study, pursued by the young men who will, on their 18th birthday, enlist in the Air Corps, cover practically the same subjects as those covered by the 55th C.T.D. (Air Crew), with the exception of the addition of Chemistry as one of the subjects required.

The young men of the 55th C.T.D. (Air Crew), as well as those of the 17-year-old group, proved splendid students who endeared themselves to the community and the college by their fine character and their faithful application to the duties assigned.

Fine Cooperation

While the war days presented real problems and much hard work for the faculty and the staff of the college, the work was made pleasant in every respect by the cooperation of the officers and the young men assigned to Gettysburg College.

From the beginning, the college was fortunate in the officers assigned. Captain John R. Coshey, Captain Albert T. Kwedar (Medical Officer), Lieutenant Homer E. Tabler (The Adjutant), Lieutenant John R. Floyd, Lieutenant Joseph F. Green and Lieutenant Frederick H. Willcox were the officers in charge of the 55th C.T.D. (Air Crew).

Lieutenant Colonel Frank E. Sharpless, Captain James E. McQueen, Captain Frank A. Conaway, Lieutenant Rudolph G. LaVine are the officers in charge of the 17-year-old program.

Both groups of officers established a distinguished record for themselves and the young men they have commanded.

I want to pay to each one of them my own grateful tribute of appreciation for the degree of cooperation without which the fine record which has been established would not have been possible.

While it has been necessary for the college to adopt the accelerated program involving twelve months service on the part of all the faculty and staff, the high standard of work on the part of these men and women has given the college its place among the first institutions of our country and its academic standing has, in no way, been modified or reduced.

While the programs reviewed above have either been completed or will shortly be completed, the college has already been placed on the list of those institutions which have been chosen to participate in the rehabilitation program and the G. I. program. By this means, it is my confident belief, the college will be able to maintain its work in the months ahead as it has been able to do in the difficult months in the past two years.

A Better Tomorrow

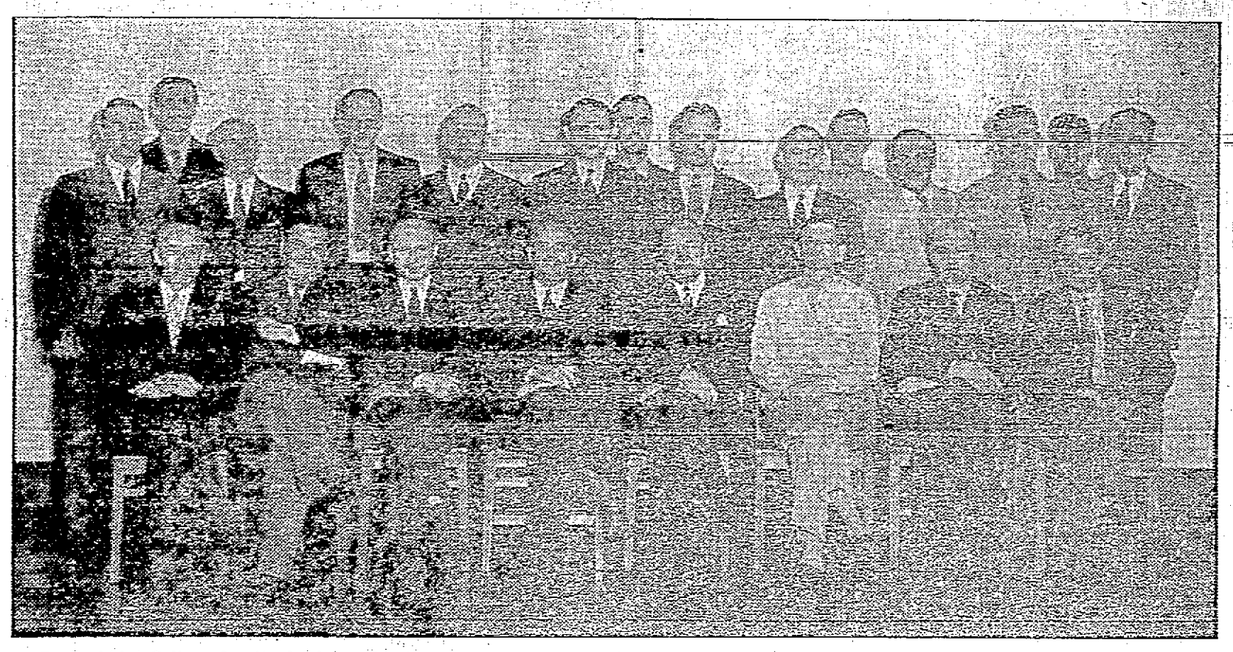
In times of peace, our college is happy to be measured by its contribution of men and women who are able to bear and willing to bear the responsibilities belonging to a wholesome, creative American citizenship. In times of war, the college is proud to be measured by the young men and young women who take their places in the ranks of those who are willing to risk their today in order to make possible a better world tomorrow. More than 1,200 of our graduates and former students are representing the college on every front at home and abroad. We are proud of their record. Their lives are, in a sense, Gettysburg's contribution to the vigorous manhood and womanhood who are rendering such distinguished service throughout the world today.

Gettysburg College seeks to be more than a place where intellectual development is cherished. Its philosophy of education may be simply stated:

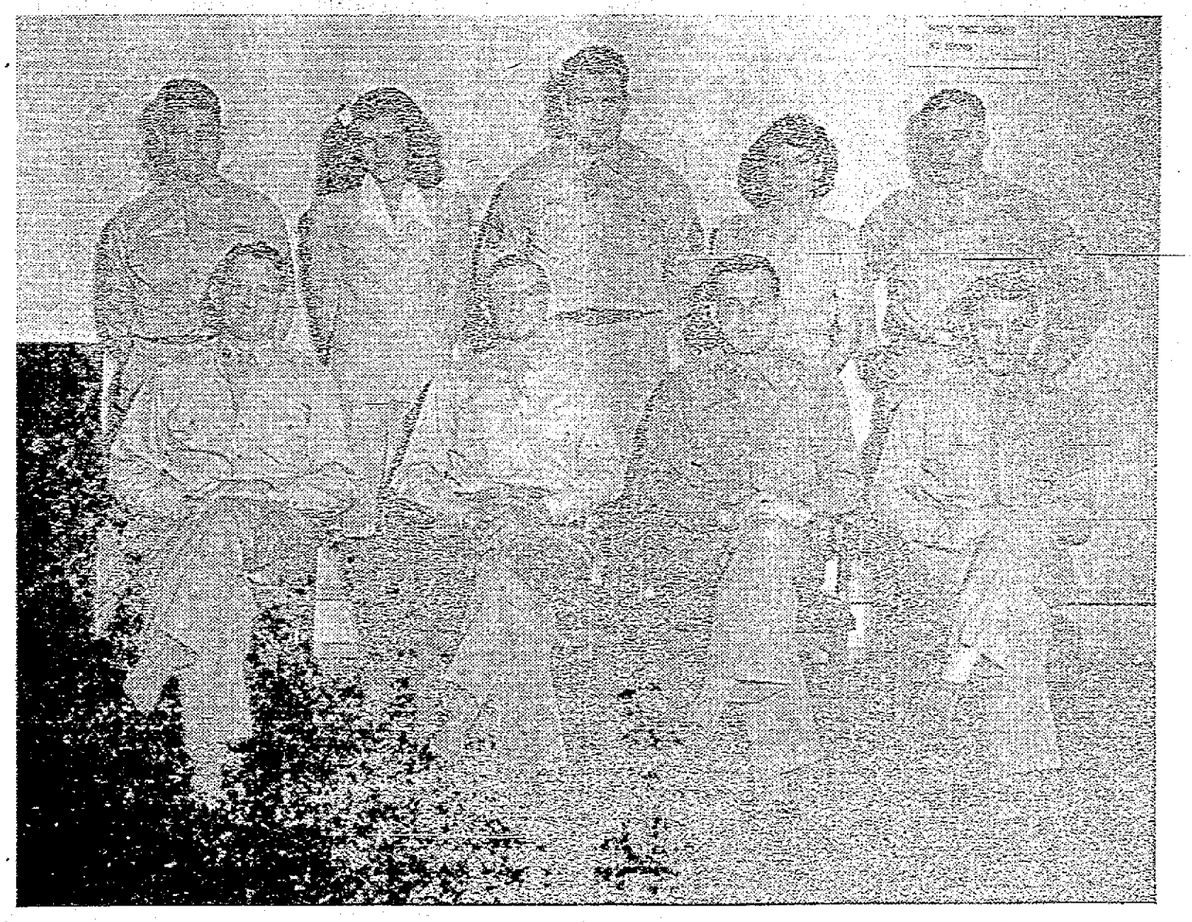
What are the things most needed for one who would attain success? Eyes that see—A mind in which has been stored the treasured words and deeds of those who have nobly played their part on the stage of life—A standard of conduct by which to measure one's every thought, word and deed—A sense of values that will protect from the counterfeit things of life—A courageous heart that bravely dares—An unfaltering faith in God, yourself, and your fellowmen. These are some of the things which you will need if your life is to be successful.

To this high task, the college dedicates itself in the stormy days of war, in the trying days of reconstruction and the days beyond when friendships rather than battleships shall crowd the high seas, when all the world shall set itself to face the tasks of building closer ties of world brotherhood.

President Henry W. A. Hanson, D.D., LL.D.



Part of the College faculty is shown in the above photograph: First row, left to right: Dr. Frank H. Kramer, Professor of Education; Dr. Richard A. Arms, Professor of mathematics, and director of dramatics; Dr. John B. Zinn, Professor of chemistry; Dr. Wilbur E. Tilberg, Dean of Men; Dr. Henry W. A. Hanson, President of the College; Lt. Colonel Frank E. Sharpless, Professor of Military Science and Tactics; Dr. William K. Sundermeyer, Professor of German; Dr. Earl Bowen, Professor of biology. Second row, left to right: L. Kenton Meals, special instructor in mathematics; Dr. William T. Starr, Assistant Professor of German; Dr. William C. Waltemyer, Professor of English Bible; Professor Charles R. Wolfe, Registrar and Dean of Admissions; Dr. William D. Hartshorne, Assistant Professor of romance languages; Dr. William F. Quillian, Jr., Professor of philosophy; Professor Earl E. Ziegler, Assistant Professor of mathematics; Professor Lester O. Johnson, Assistant Professor of education; Dr. John G. Glenn, Professor of Latin; Captain James E. McQueen, Army Specialized Reserve Training Program staff; Professor M. W. Frederick Shaffer, Professor of Greek; Dr. Myron L. Simpson, Assistant Professor of biology; Master Sergeant Raymond Strohm, instructor in military science; Dr. Francis C. Mason, Associate Professor of English.



The ASTRP staff at Gettysburg College includes: First row, left to right: Captain James E. McQueen; Lt. Col. Frank E. Sharpless; Captain Frank A. Conaway; Lieutenant Rudolph G. LaVine. Second row, left to right: Master Sergeant Raymond Strohm; Miss Betty Jane Deatrick; T. Sgt. Robert F. Schuh; Miss Esther M. Tipton and S. Sergeant M. William Reynolds.

Gettysburg College Faces The War

Local Institution Of Learning Maintains Its High Standards In War

By Dr. Henry W. A. Hanson
President of
Gettysburg College

OF ALL the plagues that have beset mankind, none has been as devastating and heart-breaking as war. War sweeps like a hurricane through the structures we have built and the sons we have reared. Yet, there are times when war is the only resort of civilization in protecting itself against selfishness and brutality. The present war girdles the globe. It includes all peoples—all types of people and all human institutions.

The front line of every war is made up particularly, of young men of college age. When the draft age falls to 18, it presents an educational problem on a college level for which there can be no solution.

When the news of Pearl Harbor swept throughout the world as a forerunner of the hurricane to follow, all American institutions of learning suffered a terrific blow. It became obvious at once, with the military plans even at that time fairly complete, that college student bodies would be practically wiped out by the draft.

Majority In Service

The first draft following the passing of the 18-year-old law came in February, 1943. From then until June of 1943 strange things happened on the college campuses of America.

Gettysburg College started the year of 1942 with approximately 570 young men. When the following summer began, more than 90 per cent of all the boys who had been students on our campus were in some branch of the armed services.

It became apparent to all of us that the male student body of America must be made up entirely of students physically unfit, of students not yet 18, and of students for the ministry. For a short period of time, pre-medical and pre-scientific students were deferred. This, however, was cancelled.

College Program

In the wide-spread drafting of young men, the government discovered that it could not—within the time allowed — prepare barracks and other equipment necessary for the housing of the young army draftees. There are approximately 1,800 colleges in the United States. On the whole, they possess properties which could very readily be used for the preliminary training of military inductees. The government turned to a large majority of the colleges with a program which would provide the government with adequate property, and provide the colleges with, at least, a reasonably large student body. The entire procedure constituted an experiment by the government which was, at the same time, an experiment for the educational institutions.

Gettysburg College was chosen in the very first period of the program as one of the colleges to be used by the Army Air Corps. It was an entirely natural selection inasmuch as, through the R.O.T.C., Gettysburg College had been identified with the Army program since the last war.

Cadets Arrive

The first assignment of Air Corps cadets reached the campus the first week of March, 1943. The Air Corps unit on our campus was known as the Fifty-fifth College Training Detachment (Air Crew).

It is interesting to note how harmoniously the programs of the civilian college and the Air Corps college operated. In the civilian college, the usual courses were given and the high standards of the college were observed. Life was maintained at as nearly a normal pace as was possible under the circumstances.

The greatest change necessitated by the situation was the dropping of all inter-collegiate athletics as the Air Corps refused to permit any of the aviation students to participate in any competitive or inter-collegiate sports.

The Air Corps college was given an extensive physical training course. It received instruction in five subjects: English, History, Economic Geography, Physics and Mathematics. One of the great difficulties connected with the organization of the program was to provide the two colleges with the full courses required, in the same buildings and under the same faculty. It must, of course, be borne in mind that it was never possible to mix the civilian and the military students in any class.

1,700 Meals Per Day

Another very serious problem confronting the college was connected with the serving of meals. Cafeteria equipment was installed in Huber Hall where approximately 1,700 meals a day were served. The various fraternity buildings were used as dormitories for the civilian students. Old Dorm, McKnight Hall and the dormitory equipment of Huber Hall were used exclusively by the Air Corps students. Civilian dining rooms were established in the fraternity buildings.

In the adjusting of an adequate "messing" program, which taxed the ingenuity of the institution, it is a source of great satisfaction to know that the meals of the college established an enviable reputation throughout the East.

The Air Corps students were supposed to remain on the campus for five months. The college was scheduled to graduate 110 each month. Within the succeeding week the initial class arrived. It would be impossible to pay too high a tribute to the members of the faculty and the staff of the college for their fidelity, cooperation and ingenuity in making it possible for the college to go through the war period so successfully.

Inactivated In May

The 55th College Training Detachment (Air Crew) was inactivated on May 25, 1944. The aviation students generously presented the insignia to the President of the college and the books were closed.

The college was then faced with the problem of continuing to operate without a government assignment. With its traditions of more than 100 years—its spelndid faculty and equipment, it became obvious that it would not be possible for the college to operate with any measure of success with a student body of less than 50 per cent of the normal enrollment.

At this time, the government inaugurated its program covering 17-year-old pre-enlistees. Tabler (The Adjutant), Lieutenant John R. Floyd, Lieutenant Joseph F. Green and Lieutenant Frederick H. Willcox were the officers in charge of the 55th C.T.D. (Air Crew).

Lieutenant Colonel Frank E. Sharpless, Captain James E. McQueen, Captain Frank A. Conaway, Lieutenant Rudolph G. LaVine are the officers in charge of the 17-year-old program.

Both groups of officers established a distinguished record for themselves and the young men they have commanded.

I want to pay to each one of them my own grateful tribute of appreciation for the degree of cooperation without which the fine record which has been established would not have been possible.

While it has been necessary for the college to adopt the accelerated program involving twelve months service on the part of all the faculty and staff, the high standard of work on the part of these men and women has given the college its place among the first institutions of our country and its academic standing has, in no way, been modified or reduced.

While the programs reviewed above have either been completed or will shortly be completed, the college has already been placed on the list of those institutions which have been chosen to participate in the rehabilitation program and the G. I. program. By this means, it is my confident belief, the college will be able to maintain its work in the months ahead as it has been able to do in the difficult months in the past two years.

A Better Tomorrow

In times of peace, our college is happy to be measured by its contribution of men and women who are able to bear and willing to bear the responsibilities belonging to a wholesome, creative American citizenship. In times of war, the college is proud to be measured by the young men and young women who take their places in the ranks of those who are willing to risk their today in order to make possible a better world tomorrow. More than 1,200 of our graduates and former students are representing the college on every front at home and abroad. We are proud of their record. Their lives are, in a sense, Gettysburg's contribution to the vigorous manhood and womanhood who are rendering such distinguished service throughout the world today.

Gettysburg College seeks to be more than a place where intellectual development is cherished. Its philosophy of education may be simply stated:

What are the things most needed for one who would attain success? Eyes that see —A mind in which has been stored the treasured words and deeds of those who have nobly played their part on the stage of life—A standard of conduct by which to measure one's every thought, word and deed—A sense of values that will protect from the counterfeit things of life—A courageous heart that bravely dares—An unfaltering faith in God, yourself, and your fellowmen. These are some of the things which you will need if your life is to be successful.

To this high task, the college dedicates itself in the stormy days of war, in the trying days of reconstruction and the days beyond when friendships rather than battleships shall crowd the high seas, when all the world shall set itself to face the tasks of building closer ties of world brotherhood.

President Henry W. A. Hanson, D.D., LL.D.

Part of the College faculty is shown in the above photograph: First row, left to right: Dr. Frank H. Kramer, Professor of Education; Dr. Richard A. Arms, Professor of mathematics, and director of dramatics; Dr. John B. Zinn, Professor of chemistry; Dr. Wilbur E. Tilberg, Dean of Men; Dr. Henry W. A. Hanson, President of the College; Lt. Colonel Frank E. Sharpless, Professor of Military Science and Tactics; Dr. William K. Sundermeyer, Professor of German; Dr. Earl Bowen, Professor of biology. Second row, left to right: L. Kenton Meals, special instructor in mathematics; Dr. William T. Starr, Assistant Professor of German; Dr. William C. Waltemyer, Professor of English Bible; Professor Charles R. Wolfe, Registrar and Dean of Admissions; Dr. William D. Hartshorne, Assistant Professor of romance languages; Dr. William F. Quillian, Jr., Professor of philosophy; Professor Earl E. Ziegler, Assistant Professor of mathematics; Professor Lester O. Johnson, Assistant Professor of education; Dr. John G. Glenn, Professor of Latin; Captain James E. McQueen, Army Specialized Reserve Training Program staff; Professor M. W. Frederick Shaffer, Professor of Greek; Dr. Myron L. Simpson, Assistant Professor of biology; Master Sergeant Raymond Strohm, instructor in military science; Dr. Francis C. Mason, Associate Professor of English.

The ASTRP staff at Gettysburg College includes: First row, left to right: Captain James E. McQueen; Lt. Col. Frank E. Sharpless; Captain Frank A. Conaway; Lieutenant Rudolph G. LaVine. Second row, left to right: Master Sergeant Raymond Strohm; Miss Betty Jane Deatrick; T. Sgt. Robert F. Schuh; Miss Esther M. Tipton and S. Sergeant M. William Reynolds.

Gettysburg College Faces The War

Local Institution Of Learning Maintains Its High Standards In War

By Dr. Henry W. A. Hanson
President of
Gettysburg College

OF ALL the plagues that have beset mankind, none has been as devastating and heart-breaking as war. War sweeps like a hurricane through the structures we have built and the sons we have reared. Yet, there are times when war is the only resort of civilization in protecting itself against selfishness and brutality. The present war girdles the globe. It includes all peoples—all types of people and all human institutions.

The front line of every war is made up particularly, of young men of college age. When the draft age falls to 18, it presents an educational problem on a college level for which there can be no solution.

When the news of Pearl Harbor swept throughout the world as a forerunner of the hurricane to follow, all American institutions of learning suffered a terrific blow. It became obvious at once, with the military plans even at that time fairly complete, that college student bodies would be practically wiped out by the draft.

Majority In Service

The first draft following the passing of the 18-year-old law came in February, 1943. From then until June of 1943 strange things happened on the college campuses of America.

Gettysburg College started the year of 1942 with approximately 570 young men. When the following summer began, more than 90 per cent of all the boys who had been students on our campus were in some branch of the armed services.

It became apparent to all of us that the male student body of America must be made up entirely of students physically unfit, of students not yet 18, and of students for the ministry. For a short period of time, pre-medical and pre-scientific students were deferred. This, however, was cancelled.

College Program

In the wide-spread drafting of young men, the government discovered that it could not—within the time allowed — prepare barracks and other equipment necessary for the housing of the young army draftees. There are approximately 1,800 colleges in the United States. On the whole, they possess properties which could very readily be used for the preliminary training of military inductees. The government turned to a large majority of the colleges with a program which would provide the government with adequate property, and provide the colleges with, at least, a reasonably large student body. The entire procedure constituted an experiment by the government which was, at the same time, an experiment for the educational institutions.

Gettysburg College was chosen in the very first period of the program as one of the colleges to be used by the Army Air Corps. It was an entirely natural selection inasmuch as, through the R.O.T.C., Gettysburg College had been identified with the Army program since the last war.

Cadets Arrive

The first assignment of Air Corps cadets reached the campus the first week of March, 1943. The Air Corps unit on our campus was known as the Fifty-fifth College Training Detachment (Air Crew).

It is interesting to note how harmoniously the programs of the civilian college and the Air Corps college operated. In the civilian college, the usual courses were given and the high standards of the college were observed. Life was maintained at as nearly a normal pace as was possible under the circumstances.

The greatest change necessitated by the situation was the dropping of all inter-collegiate athletics as the Air Corps refused to permit any of the aviation students to participate in any competitive or inter-collegiate sports.

The Air Corps college was given an extensive physical training course. It received instruction in five subjects: English, History, Economic Geography, Physics and Mathematics. One of the great difficulties connected with the organization of the program was to provide the two colleges with the full courses required, in the same buildings and under the same faculty. It must, of course, be borne in mind that it was never possible to mix the civilian and the military students in any class.

1,700 Meals Per Day

Another very serious problem confronting the college was connected with the serving of meals. Cafeteria equipment was installed in Huber Hall where approximately 1,700 meals a day were served. The various fraternity buildings were used as dormitories for the civilian students. Old Dorm, McKnight Hall and the dormitory equipment of Huber Hall were used exclusively by the Air Corps students. Civilian dining rooms were established in the fraternity buildings.

In the adjusting of an adequate "messing" program, which taxed the ingenuity of the institution, it is a source of great satisfaction to know that the meals of the college established an enviable reputation throughout the East.

The Air Corps students were supposed to remain on the campus for five months. The college was scheduled to graduate 110 each month. Within the succeeding week the initial class arrived. It would be impossible to pay too high a tribute to the members of the faculty and the staff of the college for their fidelity, cooperation and ingenuity in making it possible for the college to go through the war period so successfully.

Inactivated In May

The 55th College Training Detachment (Air Crew) was inactivated on May 25, 1944. The aviation students generously presented the insignia to the President of the college and the books were closed.

The college was then faced with the problem of continuing to operate without a government assignment. With its traditions of more than 100 years—its spelndid faculty and equipment, it became obvious that it would not be possible for the college to operate with any measure of success with a student body of less than 50 per cent of the normal enrollment.

At this time, the government inaugurated its program covering 17-year-old pre-enlistees. These young men, selected by competitive tests throughout the country, were permitted to go to college at the expense of the government until the close of the semester following their 18th birthday. Four out of the 53 colleges in the State of Pennsylvania received an assignment of the 17-year-olds: University of Pittsburgh, Dusquesne, Pennsylvania State College and Gettysburg College.

New Group Arrives

The 17-year-old detachment reached the campus on June 8th of this year. All of the students lacked a half year of being 18. They were therefore assigned to Gettysburg College for a period of at least six months. The courses of study, pursued by the young men who will, on their 18th birthday, enlist in the Air Corps, cover practically the same subjects as those covered by the 55th C.T.D. (Air Crew), with the exception of the addition of Chemistry as one of the subjects required.

The young men of the 55th C.T.D. (Air Crew), as well as those of the 17-year-old group, proved splendid students who endeared themselves to the community and the college by their fine character and their faithful application to the duties assigned.

Fine Cooperation

While the war days presented real problems and much hard work for the faculty and the staff of the college, the work was made pleasant in every respect by the cooperation of the officers and the young men assigned to Gettysburg College.

From the beginning, the college was fortunate in the officers assigned. Captain John R. Coshey, Captain Albert T. Kwedar (Medical Officer), Lieutenant Homer E. Tabler (The Adjutant), Lieutenant John R. Floyd, Lieutenant Joseph F. Green and Lieutenant Frederick H. Willcox were the officers in charge of the 55th C.T.D. (Air Crew).

Lieutenant Colonel Frank E. Sharpless, Captain James E. McQueen, Captain Frank A. Conaway, Lieutenant Rudolph G. LaVine are the officers in charge of the 17-year-old program.

Both groups of officers established a distinguished record for themselves and the young men they have commanded.

I want to pay to each one of them my own grateful tribute of appreciation for the degree of cooperation without which the fine record which has been established would not have been possible.

While it has been necessary for the college to adopt the accelerated program involving twelve months service on the part of all the faculty and staff, the high standard of work on the part of these men and women has given the college its place among the first institutions of our country and its academic standing has, in no way, been modified or reduced.

While the programs reviewed above have either been completed or will shortly be completed, the college has already been placed on the list of those institutions which have been chosen to participate in the rehabilitation program and the G. I. program. By this means, it is my confident belief, the college will be able to maintain its work in the months ahead as it has been able to do in the difficult months in the past two years.

A Better Tomorrow

In times of peace, our college is happy to be measured by its contribution of men and women who are able to bear and willing to bear the responsibilities belonging to a wholesome, creative American citizenship. In times of war, the college is proud to be measured by the young men and young women who take their places in the ranks of those who are willing to risk their today in order to make possible a better world tomorrow. More than 1,200 of our graduates and former students are representing the college on every front at home and abroad. We are proud of their record. Their lives are, in a sense, Gettysburg's contribution to the vigorous manhood and womanhood who are rendering such distinguished service throughout the world today.

Gettysburg College seeks to be more than a place where intellectual development is cherished. Its philosophy of education may be simply stated:

What are the things most needed for one who would attain success? Eyes that see —A mind in which has been stored the treasured words and deeds of those who have nobly played their part on the stage of life—A standard of conduct by which to measure one's every thought, word and deed—A sense of values that will protect from the counterfeit things of life—A courageous heart that bravely dares—An unfaltering faith in God, yourself, and your fellowmen. These are some of the things which you will need if your life is to be successful.

To this high task, the college dedicates itself in the stormy days of war, in the trying days of reconstruction and the days beyond when friendships rather than battleships shall crowd the high seas, when all the world shall set itself to face the tasks of building closer ties of world brotherhood.

Normal Enrollment Held Despite Heavy Inroads Through War Enlistments

539 Students Enrolled At Gettysburg College For 1944-45 Sessions

Three hunderd and fifty-five civilian students are enrolled for the 1944-45 term at Gettysburg College which officially opened this morning.

With 184 young men under 18 years of age enrolled in the Army Specialized Training Reserve Program the total enrollment at the college this year is 539, an exceptional figure in war years

Students are enrolled from Pennsylvania, Maryland, New Jersey New York, Virginia, West Virginia, Massachusetts, Connecticut, Florida, South Carolina Michigan, Illinois, Arkansas, the District of Columbia, India and British Guiana

Those enrolled from Gettysburg and Adams county include:

Elizabeth Jane Britcher, Ethel P. Geisey, Catherine M Lewis, Shirley Larkin, Marilyn R Sheffer, New Oxford; Luther W Shfer, Dorothy E. White, John Christian Knorr, Gettysburg R. 2. Robert Gordon March, Harold Ziegler Zinn, Henrietta L. Patterson, Littlestown; Phyllis Keller Schwartz, Ruth E Shfer, Jane M. Spangler, New Oxford; Janice R. D Deardorff, Arendtsville; Doris C Glenn, Margaret L. Gotwalds, William L Warren, Biglerville; Harriet A Spangler, New Oxford; Angeline Elizabeth Feeser, Littlestown, and Dorothy J Keeney.

The complete enrollment follows:

FRESHMEN

Sara Jane Abb, Philadelphia; Margaret J. Althoff, Hanover; William A. Batuserman, Washington, D. C.; Lillian A Betz, Baltimore; Marie Blair, Ramsey, New Jersey; Betty Jane Booth, Corspolis; Elizabeth Jane Britcher, Gettysburg; Sherwood P. Brown, Jackson Heights, N. Y.; Dorothy Hedwig Buhner, Philadelphia; Miriam F Brace, Westfield, N. J.; Doris L Burkindine, Baltimore; Evelyn Bethke, Washington, D C; Elsie M. Beattie, Watertown, Mass., Caroline Brubaker, Bird-In-Hand, Lucille A. Birnbaum, New York city.

John Gross Bernheisel, York R. 7; Calvin Luther Bowers, Baltimore; Alexander S. Calvin, Ramsey, N J.; Audrey Cummin, Teaneck, N J.; Elizabeth M. Creely, Clayton, N J.; Jeanne D. Cahall, Drexel Hill; Joan Mabel Cook, Lock Haven; Carol M Denz, Flushing, N. Y; Helen J Dixon, Westfield, N. J.; Helen M. Durstewitz, Woodridge, N. J., Joanne Duffield, Greencastle R. 2, Beatrice M. 539 Students Enrolled At Gettysburg College For 1944-45 Sessions

Three hunderd and fifty-five civilian students are enrolled for the 1944-45 term at Gettysburg College which officially opened this morning.

With 184 young men under 18 years of age enrolled in the Army Specialized Training Reserve Program the total enrollment at the college this year is 539, an exceptional figure in war years.

Students are enrolled from Pennsylvania, Maryland, New Jersey, New York, Virginia, West Virginia, Massachusetts, Connecticut, Florida, South Carolina, Michigan, Illinois, Arkansas, the District of Columbia, India and British Guiana.

Those enrolled from Gettysburg and Adams county include:

Elizabeth Jane Britcher, Ethel P. Geisey, Catherine M. Lewis, Shirley Larkin, Marilyn R. Sheffer, New Oxford; Luther W. Slifer, Dorothy E. White, John Christian Knorr, Gettysburg R. 2; Robert Gordon March, Harold Ziegler Zinn, Henrietta L. Patterson, Littlestown; Phyllis Keller Schwartz, Ruth E. Slifer, Jane M. Spangler, New Oxford; Janice R. D. Deardorff, Arendtsville; Doris C. Glenn, Margaret L. Gotwaldt, William L. Warren, Biglerville; Harriet A. Spangler, New Oxford; Angeline Elizabeth Feeser, Littlestown, and Dorothy J. Keeney.

The complete enrollment follows:

FRESHMEN

Sara Jane Abb, Philadelphia; Margaret J. Althoff, Hanover; William A. Bauserman, Washington, D. C.; Lillian A. Betz, Baltimore; Marie Blair, Ramsey, New Jersey; Betty Jane Booth, Corapolis; Elizabeth Jane Britcher, Gettysburg; Sherwood P. Brown, Jackson Heights, N. Y.; Dorothy Hedwig Buhner, Philadelphia; Miriam F. Brace, Westfield, N. J.; Doris L. Burkindine, Baltimore; Evelyn Bethke, Washington, D. C.; Elsie M. Beattie, Watertown, Mass.; Caroline Brubaker, Bird-In-Hand; Lucille A. Birnbaum, New York city.

John Gross Bernheisel, York R. 7; Calvin Luther Bowers, Baltimore; Alexander S. Calvin, Ramsey, N. J.; Audrey Cummin, Teaneck, N. J.; Elizabeth M. Creely, Clayton, N. J.; Jeanne D. Cahall, Drexel Hill; Joan Mabel Cook, Lock Haven; Carol M. Denz, Flushing, N. Y.; Helen J. Dixon, Westfield, N. J.; Helen M. Durstewitz, Woodridge, N. J.; Joanne Duffield, Greencastle R. 2; Beatrice M. Eckman, Baltimore; Dorothy E. Ehmann, Merchantville, N. J.; Margery H. Enes, Clifton, N. J.

Bricker Says GOP Platform Sound

Erie, Pa., Sept. 20 (AP) — Gov. John W. Bricker, bidding for Pennsylvania's 35 electoral votes, declared Tuesday that the Republican party's platform could be accepted "at full value with an assurance of performance."

"The Republican party through the leadership of the party in Congress and through the administration of 26 Republican governors," said the GOP vice presidential candidate in a prepared speech revized by his campaign staff, "has reestablished the Republican party in the confidence of the people of the country."

In contrast, the Ohio Governor told a crowd in the concourse of Union station, "the New Deal today only looks forward to unemployment and proposes measures to alleviate conditions arising out of unemployment."

FIND JEWELER'S BODY

Somerset, Pa., Sept. 20 (AP)—A Berlin, Pa., jeweler, Peter M. Hauger, 51, was found dead in his automobile on a county road near the Allegheny tunnel of the Pennsylvania turnpike, Coroner P. C. Dosch reported Tuesday. Dosch said a .32-Discovery was made Monday night by a farmer boy herding cattle.

FATAL ACCIDENT

Corry, Pa., Sept. 20 (AP)—A tractor he was driving on a highway near here overturned in a ditch, killing 15-year-old Alfred Flick, of Sparksburg R. D. 4, Monday.

Sen. Davis Issues 4th Term Warning

Erie, Pa., Sept. 20 (AP)—If President Roosevelt is re-elected, U. S. Senator James J. Davis says, Pennsylvania farmers "may as well get set for what the New Deal calls 'community farming.'"

In a statement issued by Republican State committee headquarters at Harrisburg Monday, the G O P Senate nominee declared "socialized farming means that every producer will be subject to the iron-hand regimentation of a super-state."

MDIVANI WEDS

Las Vegas, Nev., Sept. 20 (AP)—Prince David Mdivani, only survivor of the three Mdivani brothers who were members of the royal family in Tiflis, Georgia, in old Russia, has married Virginia Sinclair, daughter of the oil magnate, Harry Sinclair.

Bricker Says GOP Platform Sound

Erie, Pa., Sept. 20 (AP) — Gov. John W. Bricker, bidding for Pennsylvania's 35 electoral votes, declared Tuesday that the Republican party's platform could be accepted "at full value with an assurance of performance."

"The Republican party through the leadership of the party in Congress and through the administration of 26 Republican governors," said the GOP vice presidential candidate in a prepared speech revized by his campaign staff, "has reestablished the Republican party in the confidence of the people of the country."

In contrast, the Ohio Governor told a crowd in the concourse of Union station, "the New Deal today only looks forward to unemployment and proposes measures to alleviate conditions arising out of unemployment."

FIND JEWELER'S BODY

Somerset, Pa., Sept. 20 (AP)—A Berlin, Pa., jeweler, Peter M. Hauger, 51, was found dead in his automobile on a county road near the Allegheny tunnel of the Pennsylvania turnpike, Coroner P. C. Dosch reported Tuesday. Dosch said a .32-Discovery was made Monday night by a farmer boy herding cattle.

FATAL ACCIDENT

Corry, Pa., Sept. 20 (AP)—A tractor he was driving on a highway near here overturned in a ditch, killing 15-year-old Alfred Flick, of Sparksburg R. D. 4, Monday.

Sen. Davis Issues 4th Term Warning

Erie, Pa., Sept. 20 (AP)—If President Roosevelt is re-elected, U. S. Senator James J. Davis says, Pennsylvania farmers "may as well get set for what the New Deal calls 'community farming.'"

In a statement issued by Republican State committee headquarters at Harrisburg Monday, the G O P Senate nominee declared "socialized farming means that every producer will be subject to the iron-hand regimentation of a super-state."

MDIVANI WEDS

Las Vegas, Nev., Sept. 20 (AP)—Prince David Mdivani, only survivor of the three Mdivani brothers who were members of the royal family in Tiflis, Georgia, in old Russia, has married Virginia Sinclair, daughter of the oil magnate, Harry Sinclair.

YOUNG FOREIGN STUDENT LIKES GETTYSBURG FOR PRE-MED STUDY

One of the approximately 500 students enrolled at Gettysburg college this year is a native Indian from British Guiana.

He is Albert Shivcharen Beharry, 22, a young man who has come to the United States to study the pre-medical course at Gettysburg. About five feet, four inches tall, he is a dark-skinned, good-looking boy with thick, wavy black hair.

Beharry comes from a country which he says is much like the farm lands of Adams county—with a few exceptions. The trees in British Guiana are about the same as those in this area except that they probably would be coconut palms or crabwood. The fields of corn looked familiar to him but in his home they would have sugar cane in them, and in place of the wheat fields there would be rice.

"Small Plantation"

Beharry said the general farm layout is just about the same. As the Guianas lie in the tropical belt their flora and fauna naturally are different than the Adams county variety.

Beharry lives on "a small plantation," about 11 miles long and 25 miles wide, or more than half the area of Adams county. The plantation is on the Corentyne coast in the county of Berbice, one of three such counties in the country, and is named Plantation Port Mourant.

But that plantation is not just one big farm. It consists of a number of smaller farms banded together in a commercial area controlled by one British company. The plantation boundary lines also comprise more or less the political subdivision, making it somewhat analagous to a Pennsylvania county's townships. Beharry's father works one of the smaller farms.

Export Sugar, Rice

Sugar and rice are the chief farm crops and are produced chiefly for export, but other staple items for the daily diet of the country also are raised. These include bananas, guavas, the "breadfruit," potatoes and other vegetables. Some farms also produce dairy products while other cattle farms provide the meat for the country and also for export to Trinidad and some of the West Indies.

The excess sugar and rice also are exported to England and the West Indies which do not produce enough of those products for their own use.

Beharry had been out of school for four years before coming to Gettysburg, as he finished his secondary work in 1939. The Guiana school system provides for compulsory education from the age of six years in schools operated by the churches but supported in part by the government. The enforcement rule becomes rather lax, however, after the children become about 12 years old, and a great many drop schooling on the pretext of helping their fathers with farm work or their mothers with home tasks.

Private High Schools

High school education is conducted mainly in private schools organized by individuals other than those connected by the churches. As a consequence a great many of the children do not have any high school work because of the expense involved.

The high school is so arranged, however, that the student may study four, five, six or even eight years, Beharry said, and as a result of such study receive a bachelor of arts degree.

After finishing his high school studies, Beharry taught in the elementary schools for two years, then worked as a government clerk until January of this year when he began preparations for coming to the states to study.

He expects to remain on the North American continent until he completes his studies, possibly going to Canada for graduate work. Thus he will have been away from home for at least six and possibly eight years. "But," he said, "I want to go back. I like this country very much. Perhaps not better than British Guiana, but just about as well. But I want to go back to my own country. Probably the most of that feeling is sentimental attachment."

No Rationing

Although there is no rationing by government action of any items, practically all products other than agricultural have become increasingly difficult to obtain since the start of the war, Beharry stated. This is due to the fact that everything except farm products must be imported. The war has curtailed shipping.

Many black markets have come into being. A large number of the boys and young men have volunteered for duty with the British forces, some joining the Royal Air Force, others enlisting in the West Indies regiment, and still others going into the medical corps and several similar branches of the service, Beharry said.

Increase Food Output

The government long ago called upon the people for an intensification of agricultural efforts and the food production has been speeded up markedly since them.

Beharry said his country, with its direct link with the British empire, seems to be much more at war than does an inland section of the United States like Gettysburg and Adams county.

British Guiana has an advantage in climate over this latitude, Beharry remarked, "in that the temperature on the average is comparatively mild. There is no winter, only the short rainy season lasting from mid-November until about March. Following that is the dry period with more rains later. Some of the tropical rains pour down as much as five and six inches in a day."

Although Guiana lies far off the track from Hollywood its movie-going public sees the latest cinema productions as quickly as do Americans and sometimes even before that, Beharry recalled. He said he had seen one of the late movies before starting his trip to the states and then while he was traveling north from Florida observed the advertising posters for the same show.

Impressed By Cities

Through such movies and the numerous books he has read, Beharry said he was partially prepared for the big American cities, but not completely schooled for such a sight. Since his arrival in the states he has taken a trip to New York where the traffic and the rush of people in Times Square were "astounding."

The thing Beharry likes most about the United States, he said, "is the extent to which people have broken away from the old, extremely stuffy social codes. Such is not yet the case in British Guiana where many of the Victorian beliefs and practices still are enforced socially."

Congressman Hits WPB Lumber Unit

Washington, Sept. 20 (AP)—Rep. Gavin (R-Pa) told the House Chairman Donald Nelson of the War Production Board "should have taken a lot of minor executives of the WPB's lumber division to China with him."

Galvin made his remark Monday while criticizing the WPB for denying priorities to Rockland, Pa., township school board to rebuild a vocational agriculture shop, "although the materials are available in nearby Oil City."

Gavin said that although priorities were denied for the school building WPB had approved materials for "a novel tomato can apartment for Naval executives in Washington under the guise that it is an experimental project."

15,000 NAZIS HELD

Baltimore, Sept. 20 (AP)—Maj. Gen. Philip Hayes, just returned from a tour of war camps in Virginia announced Monday that more than 15,000 prisoners were now located in the Third Service Command, comprised of Maryland, Virginia and Pennsylvania.

33 NEW CASES

Harrisburg, Sept. 20 (AP)—The state Health department reported 33 new cases of infantile paralysis over the week-end to bring to 971 the total for Pennsylvania since Jan. 1. Dr. J. Moore Campbell, deputy secretary of health said that "the worst seems to have been reached."

Missing Flyer Living Like King

Lebanon, Pa., Sept. 20 (AP)—T/Sgt. Robert Piarote, member of Lebanon high school's 1940 championship basketball team, who was reported missing in action last January, has written to his parents here that he is "living like a king" in Belgium.

Piarote said in the letter that he was shot down over Belgium; lived seven months with the underground; was captured by the Germans shortly before the Allies invaded the country; escaped and is now waiting to be sent home.

Gets 18 Months For Check Theft

Erie, Pa., Sept. 20 (AP)—Elmer E. Schearer, 19, of Summerville, Pa., was sentenced by Federal Judge F. P. Schoonmaker Monday to 18 months in a reformatory when he pleaded guilty to taking a government check at Brookville, Pa.

M. E. Clark of Meadville R. D. 1, and Bryce Walker of Guys Mills, were fined $200 each when they pleaded "no contest" to a charge of failing to obtain priorities for materials used in construction of a house near Meadville in 1943.

During World War I, the birth rate in Europe dropped almost 30 per cent.

KEEP PULLETS EATING

Encourage pullets to eat well when they are housed, say Penn State poultry specialists. Feeders and waterers similar to those used on range will help make the pullets feel at home. Also give them some fresh, succulent greens or leafy hays.

CUT CORN LOW

One of the recommended practices for control of the European corn borer is low cutting of corn, remind extension entomologists of the Pennsylvania State college. If the corn is cut to a 4 to 6-inch stubble, there is a better chance of destroying the borers when the stalks are cut into ensilage.

Beharry lives on "a small plantation," about 11 miles long and 25 miles wide, or more than half the area of Adams county. The plantation is on the Corentyne coast in the county of Berbice, one of three such counties in the country, and is named Plantation Port Mourant.

But that plantation is not just one big farm. It consists of a number of smaller farms banded together in a commercial area controlled by one British company. The plantation boundary lines also comprise more or less the political subdivision, making it somewhat analagous to a Pennsylvania county's townships. Beharry's father works one of the smaller farms.

Export Sugar, Rice

Sugar and rice are the chief farm crops and are produced chiefly for export, but other staple items for the daily diet of the country also are raised. These include bananas, guavas, the "breadfruit," potatoes and other vegetables. Some farms also produce dairy products while other cattle farms provide the meat for the country and also for export to Trinidad and some of the West Indies.

The excess sugar and rice also are exported to England and the West Indies which do not produce enough of those products for their own use.

Beharry had been out of school for four years before coming to Gettysburg, as he finished his secondary work in 1939. The Guiana school system provides for compulsory education from the age of six years in schools operated by the churches but supported in part by the government. The enforcement rule becomes rather lax, however, after the children become about 12 years old, and a great many drop schooling on the pretext of helping their fathers with farm work or their mothers with home tasks.

Private High Schools

High school education is conducted mainly in private schools organized by individuals other than those connected by the churches. As a consequence a great many of the children do not have any high school work because of the expense involved.

The high school is so arranged, however, that the student may study four, five, six or even eight years, Beharry said, and as a result of such study receive a bachelor of arts degree.

After finishing his high school studies, Beharry taught in the elementary schools for two years, then worked as a government clerk until January of this year when he began preparations for coming to the states to study.

He expects to remain on the North American continent until he completes his studies, possibly going to Canada for graduate work. Thus he will have been away from home for at least six and possibly eight years. "But," he said, "I want to go back. I like this country very much. Perhaps not better than British Guiana, but just about as well. But I want to go back to my own country. Probably the most of that feeling is sentimental attachment."

No Rationing

Although there is no rationing by government action of any items, practically all products other than agricultural have become increasingly difficult to obtain since the start of the war, Beharry stated. This is due to the fact that everything except farm products must be imported. The war has curtailed shipping.

Many black markets have come into being. A large number of the boys and young men have volunteered for duty with the British forces, some joining the Royal Air Force, others enlisting in the West Indies regiment, and still others going into the medical corps and several similar branches of the service, Beharry said.

Increase Food Output

The government long ago called upon the people for an intensification of agricultural efforts and the food production has been speeded up markedly since them.

Beharry said his country, with its direct link with the British empire, seems to be much more at war than does an inland section of the United States like Gettysburg and Adams county.

British Guiana has an advantage in climate over this latitude, Beharry remarked, "in that the temperature on the average is comparatively mild. There is no winter, only the short rainy season lasting from mid-November until about March. Following that is the dry period with more rains later. Some of the tropical rains pour down as much as five and six inches in a day."

Although Guiana lies far off the track from Hollywood its movie-going public sees the latest cinema productions as quickly as do Americans and sometimes even before that, Beharry recalled. He said he had seen one of the late movies before starting his trip to the states and then while he was traveling north from Florida observed the advertising posters for the same show.

Impressed By Cities

Through such movies and the numerous books he has read, Beharry said he was partially prepared for the big American cities, but not completely schooled for such a sight. Since his arrival in the states he has taken a trip to New York where the traffic and the rush of people in Times Square were "astounding."

The thing Beharry likes most about the United States, he said, "is the extent to which people have broken away from the old, extremely stuffy social codes. Such is not yet the case in British Guiana where many of the Victorian beliefs and practices still are enforced socially."

Congressman Hits WPB Lumber Unit

Washington, Sept. 20 (AP)—Rep. Gavin (R-Pa) told the House Chairman Donald Nelson of the War Production Board "should have taken a lot of minor executives of the WPB's lumber division to China with him."

Galvin made his remark Monday while criticizing the WPB for denying priorities to Rockland, Pa., township school board to rebuild a vocational agriculture shop, "although the materials are available in nearby Oil City."

Gavin said that although priorities were denied for the school building WPB had approved materials for "a novel tomato can apartment for Naval executives in Washington under the guise that it is an experimental project."

15,000 NAZIS HELD

Baltimore, Sept. 20 (AP)—Maj. Gen. Philip Hayes, just returned from a tour of war camps in Virginia announced Monday that more than 15,000 prisoners were now located in the Third Service Command, comprised of Maryland, Virginia and Pennsylvania.

33 NEW CASES

Harrisburg, Sept. 20 (AP)—The state Health department reported 33 new cases of infantile paralysis over the week-end to bring to 971 the total for Pennsylvania since Jan. 1. Dr. J. Moore Campbell, deputy secretary of health said that "the worst seems to have been reached."

Missing Flyer Living Like King

Lebanon, Pa., Sept. 20 (AP) — T/Sgt. Robert Piarote, member of Lebanon high school's 1940 championship basketball team, who was reported missing in action last January, has written to his parents here that he is "living like a king" in Belgium.

Piarote said in the letter that he was shot down over Belgium; lived seven months with the underground; was captured by the Germans shortly before the Allies invaded the country; escaped and is now waiting to be sent home.

Gets 18 Months For Check Theft

Erie, Pa., Sept. 20 (AP)—Elmer E. Schearer, 19, of Summerville, Pa., was sentenced by Federal Judge F. P. Schoonmaker Monday to 18 months in a reformatory when he pleaded guilty to taking a government check at Brookville, Pa.

M. E. Clark of Meadville R. D. 1, and Bryce Walker of Guys Mills, were fined $200 each when they pleaded "no contest" to a charge of failing to obtain priorities for materials used in construction of a house near Meadville in 1943.

During World War I, the birth rate in Europe dropped almost 30 per cent.

KEEP PULLETS EATING

Encourage pullets to eat well when they are housed, say Penn State poultry specialists. Feeders and waterers similar to those used on range will help make the pullets feel at home. Also give them some fresh, succulent greens or leafy hays.

CUT CORN LOW

One of the recommended practices for control of the European corn borer is low cutting of corn, remind extension entomologists of the Pennsylvania State college. If the corn is cut to a 4 to 6-inch stubble, there is a better chance of destroying the borers when the stalks are cut into ensilage.

Chapter 12

"Aren't you home early?" Aunt Sarah looked up from her rocker as Susan came in the next afternoon.

Dalsah Lockhart was with Aunt Sarah. She greeted Susan with a cold nod. "I suppose you've seen the paper?

No I haven't yet. Anything startling?"

Dalsah swept the Michale Courier from her lap and held it up opened to a half page advertisement headed 'Workers Wanted.'

How those Scarbroughs could have the gall! Dalsah said tersely. "Folks in Michale don't have to work for the likes of them."

Susan could feel Aunt Sarah's sharp eyes on her. She sat straight. "Of course maybe some people figure a factory pays a small town's only good times or bad.

"I don't know how anyone could feel any decency working for a Scarbrough," snapped Aunt Sarah. "Don't get those workers down twenty years ago. They'll get it again."

Susan could feel the hot flush in her cheeks. She wanted to argue. Can't you ever forget a mistake that was made so many years ago? Can't you give the Scarbroughs a chance? They don't have to run this factory. But she remembered Merrill's cautioning. Go slow. Don't antagonize them.

"Just same—" Dalsah Lockhart hunched on her stool. "He sometimes wonders if Thorny didn't put Julie Scarborough up to coming back here. He must be getting a pretty penny for all the work he's doing for her."

Susan forgot caution in sudden anger. "I know that isn't true!" she cried. Thorny did his best to keep her from starting up that factory." She couldn't stop them. Before Dalsah's prying, superciious gaze, she added hotly, "Not because he thought it wouldn't be a fine thing for the town. But because he thought this town was too prejudiced to give Julie Scarbrough a fair chance."

"A fair chance? Dalsah's black eyes gleamed with satisfaction as they searched Susan's face. They were purring "Just as I thought! You've gone over to the Scarbroughs. It's that Scarbrough boy. You've lost your head over him. Abruptly she said accusingly, "Susan I must say you are unmannerly."

"It may be rude of me," flared Susan. "But then our Constitution's rude too. It says something about a man not being guilty until he's been tried and judged in a court of law."

"Susan!" Aunt Sarah cried. "Don't get so excited. Such a show of temper!"

Susan choked with anger but the room was full of spectators. In an effort to keep off her fury she hurriedly busied herself changing her clothes and smoothing her hair. Finally the front door closed. Dalsah Lockhart was gone.

When she came downstairs Aunt Sarah was still in the parlor. She didn't speak and Susan knew a storm was ahead.

"I tell you Susan, if you don't take a stand against the Scarbroughs—" Aunt Sarah began.

"I can't take a stand against something I'm not sure is true," Susan said slowly.

Aunt Sarah forgot to look prejudice. She stiffened and said in her old tone of harsh authority, "True? True? Of course it's true! Everyone in Michale knows it's true!"

"Everyone in Michale is willing to take for granted it's true. It's never been proved."

Aunt Sarah gripped the arms of her chair, and leaned forward angrily. "Susan Corboy, how can you be such a fool? Don't you think I know? I was here when it all happened. There was never a question in my mind."

"That's it. That's the unfair part of it, Susan said. "You and Dalsah Lockhart and all the rest closed your minds the minute the thing happened. You didn't want anyone to prove that Josiah Scarbrough might have been innocent—that my father's death might have been accidental!"

Aunt Sarah's face turned to flint. "I never thought I'd live to see the day a Corboy would turn against—What's that?

Susan too was listening to the sudden roar that seemed to shake the house. She ran out onto the front porch. Aunt Sarah following. Against the light blue of a late afternoon sky a low plane was swooping low.

"He's dropping something!" Aunt Sarah's strident voice cried. A shout of excitement went up along the street as the small white object floated down from the circling plane, was lost to view behind the house tops.

"It must have landed on Main Street," Susan said.

Boys on bicycles began racing off toward the center of excitement. Smaller children started on scooters. But even as Aunt Sarah and Susan turned back toward the house, Marvin's one taxi came speeding up the street to stop before Aunt Sarah's cottage. The oldest Mason boy piled out and started on a run toward Susan, a white box in his hand.

The box shattered off the cover of the box. Heads craned from every side to see. There were ironmongers in the box, and on top of them a long letter, addressed "Miss Susan Corboy—Please deliver immediately."

Susan tore it open. A single scrawled line slanted across the note stationery. She read it and began to laugh. It said:

"Archelia!

Can you sneak out and have a cup of coffee with me at the airport?

Chick"

"Speak out!" cried Susan.

Here And There

News Collected At Random

Do you remember not so many years ago when a pair of radio and recording artists referred to the fuzz on peaches as Gooferfeathers?

Well, there's a Geoferfeather machine now. It takes the fuzz off peaches and its manufacturer says it's successful.

Food Machinery Corporation, which produces the machine, known to the trade as a "defuzzer," announces that it enables fruit growers to take that prickly down off the peaches.

Actually the machine which takes off the "gooferfeathers" is very simple. It is only 5 by 6 feet and is powered with a three-quarter to one horsepower motor. Yet it has a capacity of 15 tons per hour.

In the machine are soft horse-hair brushes. Every brush runs at a different speed and is at a different elevation. Thus one brush acts slightly as a brake, holding the fruit while the other cleans it, yet turning it so every spot is reached and all the fuzz is brushed off.

The fuzz is drawn off by an exhaust fan. Only known use for the fuzz is to make people sneeze.

Louis Morgan, son of Mrs. John Linn, Fairfield R. D., medical student at Oklahoma University, is another service man who enjoys reading The Gettysburg Times.

In a letter to Mr. and Mrs. H. B. Starner, North Miami, Fla., (uncle and aunt) who sent their nephew son of their own grown Avacado pears, Cadet Morgan wrote:

"I haven't heard anything from the rest of the family for some time and I do miss the family news. However, The Gettysburg Times is sent free to all service men and I manage to keep up with news indirectly. It's surprising how much is covered in that paper. . . . it won't be long before I get my M. D. degree. I hope to specialize in phychiatry."

From Mrs. A. M. (Helen M. Chamberlain) Shorey, formerly of Gettysburg serving with the American Red Cross at the Walter Reed hospital, Washington, comes this note:

"I can't say too often what a grand thing you're doing in sending the paper to those in service. Although I've been away almost seventeen months, I thoroughly enjoy reading every bit of the news in it and I'm certain my pleasure must be as nothing compared with that of the fellows who are much farther away than I and who are doing the real work of this war. I'm just glad you see fit to include my name in the list of theirs.

"Here at the Walter Reed hospital things are very different from the station hospital in North Carolina. My work, too, is some different, but still most interesting. I am stationed in the convalescent section. . . none of the patients are confined to bed. Many are fitted with artificial arms or legs and the spirit with which they learn to use these appliances is wonderful. That spirit shows clearly why we're winning this war. With men like these, we couldn't fail. I'm so glad to be with them here."

Chapter 12

"Aren't you home early?" Aunt Sarah looked up from her rocker as Susan came in the next afternoon.

Daliah Lockhart was with Aunt Sarah. She greeted Susan with a cold nod. "I suppose you've seen the paper?"

"No I haven't yet. Anything startling?"

Daliah swept the "Midvale Courier" from her lap and held it up opened to a half page advertisement headed, "Workers Wanted."

"How those Scarbroughs could have the gall!" Daliah said testily. "Folks in Midvale don't have to work for the likes of them."

Susan could feel Aunt Sarah's sharp eyes on her. She said guardedly, "Of course maybe some people figure a factory gives a small town security good times or bad."

"I don't know how anyone could feel any security working for a Scarbrough," snapped Aunt Sarah. "They let their workers down twenty years ago. They'll do it again."

Susan could feel the hot flush in her cheeks. She wanted to cry out: Can't you ever forget a mistake that was made so many years ago? Can't you give the Scarbroughs a chance? They don't have to start this factory. But she remembered Merril's cautioning. Go slow. Don't antagonize them.

"Jim says—" Daliah Lockhart knitted on stolidly. "He sometimes wonders if Thorny didn't put Julie Scarbrough up to coming back here. He must be getting a pretty penny for all the work he's doing for her."

Susan forgot caution in sudden anger. "I know that isn't true!" she cried. "Thorny did his best to keep her from starting up that factory." She couldn't stop then. Before Daliah's prying, supercilious gaze, she added hotly, "Not because he thought it wouldn't be a fine thing for the town. But because he thought this town was too prejudiced to give Julie Scarbrough a fair chance."

"A fair chance?" Daliah's black eyes gleamed with satisfaction as they searched Susan's face. They were purring. "Just as I thought. You've gone over to the Scarbroughs. It's that Scarbrough boy. You've lost your head over him." Aloud she said sardonically, "Susan I must say you are openminded."

"It may be weak of me," flared Susan. "But then our Constitution's weak too. It says something about a man not being guilty until he's been tried and judged 'in a court of law.'"

"Susan!" Aunt Sarah cried. "Don't get so excited. Such a show of temper!"

Susan, shaking with anger, left the room and ran upstairs. In an effort to wear off her fury she frantically busied herself, changing her clothes, brushing her hair. Finally the front door closed. Daliah Lockhart had gone.

When she came downstairs Aunt Sarah was still in the parlor. She didn't speak and Susan knew a scene lay ahead.

"I tell you, Susan, if you don't take a stand against the Scarbroughs—" Aunt Sarah began.

"I can't take a stand against something I'm not sure is true," Susan said slowly.

Aunt Sarah forgot to look pathetic. She stiffened and said in her old tone of harsh authority, "True? True! Of course it's true! Everyone in Midvale knows it's true!"

"Everyone in Midvale is willing to take for granted it's true. It's never been proved."

Aunt Sarah gripped the arms of her chair, and leaned forward angrily. "Susan Corboy, how can you be such a fool? Don't you think I know? I was here when it all happened. There was never a question in my mind."

"That's it. That's the unfair part of it," Susan said. "You and Daliah Lockhart and all the rest closed your minds the minute the thing happened. You didn't want anyone to prove that Josiah Scarbrough might have been innocent—that my father's death might have been accidental!"

The complete roster of the seminary chaplains, as of September 3, was as follows: Spencer W. Aungst, E. Raymond Baublitz, Andrew H. Beahm, J. Hess Belt, George H. Berkheimer, J. H. A. Borleis, J. St. Clair Bousum, George Brosius, Robert J. Calhoun, Edwin M. Clapper, Lloyd W. Clewell, Samuel F. Christman.

Oliver D. Coble, Wayne M. Daubenspeck, Waldo L. Dise, Edgar A. Dorner, Harold A. Dunkelberger, Luther W. Evans, George Felder, Jr., Lewis F. Foltz, Mark Herbert Frantz, John W. Fry, Quentin P. Garman, John Gensel, James H. Goss.

Irwin Heckman, Frank E. Helsel, Howard K. Hilner, Paul R. Hoover, C. Max Huddle, Park W. Huntington, L. J. Kaufman, Robert J. Keeler, Russell P. Knoebel, C. Lester Lack, George D. Laird, Arthur W. Lawver, Robert E. Lee, Louis V. Lesher, Justus H. Liesmann, Harold E. Millard, Robert S. Miller, Frank R. Morton, Karl L. Mumford, Francis B. Myers, Herbert M. Payne, Burleigh A. Peters.

Loyal T. Riley, W. Refus Rings, Hugh A. Robinson, Ralph C. Robinson, David E. Robinson, John F. Sammel, Robert S. Sassaman, Luther M. Schulze, Cletus A. Senft, Paul O. Shettel, Raymond C. Shindler, Harry F. Shoaf, Austin E. Stiles, Donald R. Stonesifer.

Charles H. Stong, J. R. Strevig, Charles A. Sullivan, William E. Swoope, Alvin E. Teichart, Hiram W. Trostel, Elmer P. Truchers, Pierce M. Willard, George D. Wolfe, Warren L. Wolf and Roy L. Yund.

Hometown Girl

by J. C. FLEMING and LOIS EBY — AP Features

Chapter 12

"Aren't you home early?" Aunt Sarah looked up from her rocker as Susan came in the next afternoon.

Daliah Lockhart was with Aunt Sarah. She greeted Susan with a cold nod. "I suppose you've seen the paper?"

"No I haven't yet. Anything startling?"

Daliah swept the "Midvale Courier" from her lap and held it up opened to a half page advertisement headed, "Workers Wanted."

"How those Scarbroughs could have the gall!" Daliah said testily. "Folks in Midvale don't have to work for the likes of them."

Susan could feel Aunt Sarah's sharp eyes on her. She said guardedly, "Of course maybe some people figure a factory gives a small town security good times or bad."

"I don't know how anyone could feel any security working for a Scarbrough," snapped Aunt Sarah. "They let their workers down twenty years ago. They'll do it again."

Susan could feel the hot flush in her cheeks. She wanted to cry out: Can't you ever forget a mistake that was made so many years ago? Can't you give the Scarbroughs a chance? They don't have to start this factory. But she remembered Merril's cautioning. Go slow. Don't antagonize them.

"Jim says—" Daliah Lockhart knitted on stolidly. "He sometimes wonders if Thorny didn't put Julie Scarbrough up to coming back here. He must be getting a pretty penny for all the work he's doing for her."

Susan forgot caution in sudden anger. "I know that isn't true!" she cried. "Thorny did his best to keep her from starting up that factory." She couldn't stop then. Before Daliah's prying, supercilious gaze, she added hotly, "Not because he thought it wouldn't be a fine thing for the town. But because he thought this town was too prejudiced to give Julie Scarbrough a fair chance."

"A fair chance?" Daliah's black eyes gleamed with satisfaction as they searched Susan's face. They were purring, "Just as I thought. You've gone over to the Scarbroughs. It's that Scarbrough boy. You've lost your head over him." Aloud she said sardonically, "Susan I must say you are openminded."

"It may be weak of me," flared Susan. "But then our Constitution's weak too. It says something about a man not being guilty until he's been tried and judged in a court of law."

"Susan!" Aunt Sarah cried. "Don't get so excited. Such a show of temper!"

Susan, shaking with anger, left the room and ran upstairs. In an effort to wear off her fury she frantically busied herself, changing her clothes, brushing her hair. Finally the front door closed. Daliah Lockhart had gone.

When she came downstairs Aunt Sarah was still in the parlor. She didn't speak and Susan knew a scene lay ahead.

"I tell you, Susan, if you don't take a stand against the Scarbroughs—" Aunt Sarah began.

"I can't take a stand against something I'm not sure is true," Susan said slowly.

Aunt Sarah forgot to look pathetic. She stiffened and said in her old tone of harsh authority, "True? True! Of course it's true! Everyone in Midvale knows it's true!"

"Everyone in Midvale is willing to take for granted it's true. It's never been proved."

Aunt Sarah gripped the arms of her chair, and leaned forward angrily. "Susan Corboy, how can you be such a fool? Don't you think I know? I was here when it all happened. There was never a question in my mind."

"That's it. That's the unfair part of it," Susan said. "You and Daliah Lockhart and all the rest closed your minds the minute the thing happened. You didn't want anyone to prove that Josiah Scarbrough might have been innocent—that my father's death might have been accidental!"

Aunt Sarah's face turned to flint. "I never thought I'd live to see the day a Corboy would turn against—What's that?"

Susan too was listening to the sudden roar that seemed to shake the house. She ran out onto the front porch, Aunt Sarah following. Against the light blue of a late afternoon sky a lone plane was swooping low.

"He's dropping something!" Aunt Sarah's strident voice cried. A shout of excitement went up along the street as the small white object floated down from the circling plane, was lost to view behind the house tops.

"Must have landed on Main Street," Susan said.

Boys on bicycles began racing off toward the center of excitement, smaller children started on scooters. But even as Aunt Sarah and Susan turned back toward the house, Midvale's one taxi came speeding up the street to stop before Aunt Sarah's cottage. The oldest Mason boy piled out and started on a run toward Susan, a white box in his hand.

The boy snatched off the cover of the box. Heads craned from every side to see. There were iron weights in the box, and on top of them a lone letter, addressed "Miss Susan Corboy—Please deliver immediately."

Susan tore it open. A single scrawled line slanted across the rich stationery. She read it and began to laugh. It said:

"Arabella:

Can you sneak out and have a cup of coffee with me at the airport?

Chick"

"Sneak out!" cried Susan.

The five pastors at the service centers are William E. Fox, Walter B. Freed, Edwerth E. Korte, F. R. Greninger and Robert J. Wolfe.

Here And There

News Collected At Random

Do you remember not so many years ago when a pair of radio and recording artists referred to the fuzz on peaches as Gooferfeathers?

Well, there's a Gooferfeather machine now. It takes the fuzz off peaches and its manufacturer says it's successful.

Food Machinery Corporation, which produces the machine, known to the trade as a "defuzzer," announces that it enables fruit growers to take that prickly down off the peaches.

Actually the machine which takes off the "gooferfeathers" is very simple. It is only 5 by 6 feet and is powered with a three-quarter to one horsepower motor. Yet it has a capacity of 15 tons per hour.

In the machine are soft horse-hair brushes. Every brush runs at a different speed and is at a different elevation. Thus one brush acts slightly as a brake, holding the fruit while the other cleans it, yet turning it so every spot is reached and all the fuzz is brushed off.

The fuzz is drawn off by an exhaust fan. Only known use for the fuzz is to make people sneeze.

Louis Morgan, son of Mrs. John Linn, Fairfield R. D., medical student at Oklahoma University, is another service man who enjoys reading The Gettysburg Times.

In a letter to Mr. and Mrs. H. B. Starner, North Miami, Fla., (uncle and aunt) who sent their nephew son of their own grown Avacado pears, Cadet Morgan wrote:

"I haven't heard anything from the rest of the family for some time and I do miss the family news. However, The Gettysburg Times is sent free to all service men and I manage to keep up with news indirectly. It's surprising how much is covered in that paper. . . . it won't be long before I get my M. D. degree. I hope to specialize in phychiatry."

From Mrs. A. M. (Helen M. Chamberlain) Shorey, formerly of Gettysburg serving with the American Red Cross at the Walter Reed hospital, Washington, comes this note:

"I can't say too often what a grand thing you're doing in sending the paper to those in service. Although I've been away almost seventeen months, I thoroughly enjoy reading every bit of the news in it and I'm certain my pleasure must be as nothing compared with that of the fellows who are much farther away than I and who are doing the real work of this war. I'm just glad you see fit to include my name in the list of theirs.

"Here at the Walter Reed hospital things are very different from the station hospital in North Carolina. My work, too, is some different, but still most interesting. I am stationed in the convalescent section . . . none of the patients are confined to bed. Many are fitted with artificial arms or legs and the spirit with which they learn to use these appliances is wonderful. That spirit shows clearly why we're winning this war. With men like these, we couldn't fail. I'm so glad to be with them here."

31 GETTYSBURG COLLEGE MEN ON CASUALTY LIST

Among the more than 1,000 alumni and former students of Gettysburg college who are now serving in all branches of the armed services in every section of the globe 31 are now listed as killed, missing, or prisoners of war.

The list of casualties compiled by the Gettysburg college alumni office follows with the dates of the service man indicated.

1903—Chaplain G S Rentz lost in action.
1929—Corp. Erion H Saul Jr., accidentally drowned
1935—Lt. R F McClure, prisoner of the Japanese
Capt J R Walker, missing in action
Lt. B A Hall, killed.
1937—Lt R N. Long, killed airplane accident.
1938—Ensign W K Berne killed in action
T-5 James W Gilbert, Jr. killed in action in France
Capt C H Langdon Japanese prisoner.
1939—Lt H. A. Hall deceased
Lt. R. M. Holland, accidentally killed
Ensign J W Schwartz, killed airplane accident
1940—Lt. G G. Buyer, killed in action
Capt T. R. Englenart, killed machine gun accident
Major R. T. Roby, killed airplane accident
1941—Lt. H M Burmdn, prisoner of the Germans
Lt R. G Menoher, missing in action
A C C R Relph, killed, airplane accident.
M. Sgt. A. D. Smith.
Lt Ralph E Walter, killed airplane accident
1942—Lt. Robert Love, killed airplane accident
Ensign J A Madden, killed airplane accident.
Ensign Leon Todd, Jr., killed in South Pacific.
Lt Walter B Simon, killed
1943—S. Sgt R T McCarty, killed in action
Lt. Ralph L Stenley, killed in France
1944—S Sgt R C McGarvey, missing in action
Lt R C Moller missing in action
Russell E Jefferson, missing since July.
Pfc Richard M. March killed in action in June in France
1946—Norman Cessna prisoner of the Germans

SELECT GOOD RAM

Selection of the sire for the 1945 lamb crop is one of the most important decisions for the sheepmen to make Penn State livestock specialists urge that the purebred ram be bought before the available supply is picked over too closely

Emmitsburg

Emmitsburg.—The local high and elementary schools are fully staffed for the year with Professor A. L. Leary as principal assisted by the following teachers — Elementary, Mrs John Kerr, first grade; Miss Sara Edwards second grade, Miss Edna Stull, third grade, Mrs. Bernard Walter, fourth and fifth grades. Miss Elizabeth Shoemaker, fifth and sixth grades; Mrs Mary Scott, seventh grade High school—Professor A. L Leary, social studies, and general supervision of all classes in both the high and elementary sections; Robert K Remsburg, agriculture and physical education for boys. Mrs Lucy Cori english, latin, Mrs Mary Davis english, music and director of glee club; Mrs Bruce P Flowers mathematics, science physical education for girls; Miss Charlotte Robinson, science home economics; Talbert Lawyer, industrial arts for all boys in the high school and C T Stull director of instrumental music.

Professor Leary said today: "There will be additional emphasis placed upon self governing by the student body composing the elementary section this year. The plan of student control has developed so successfully in the high school that it is considered advisable to give the younger pupils the same opportunity to formulate certain of their class room affairs."

Mrs Lucy Cori is substituting in english and latin until the services of a permanent teacher are secured.

Professor Leary states that approximately 60 per cent of the students of both the high and elementary schools arrive by bus

Mrs Frederick D Kime of Norfolk Va recently was a house guest of Mr and Mrs C. O. Combs, 700 West Main street Commander Kime recently returned home following his participation in the invasion of Normandy as communications officer on the staff of Admiral Kirk Mrs Allan B Kime and son, Allan Jr of Newark N J. and Miss Frances Rose of the nursing staff at the Veteran's Mt Alto rospital Washington. D C also were guests of Mr and Mrs Combs

"THOSE NEIGHBORS"

Pittsburgh (AP)—They were neighbors in suburban South Hills and the children fought and so in time did the parents Each family decided to move and each, unknown to the other bought homes across the city in the North Hills The other day they looked out across their back yards and found they were again—neighbors!

The world's first electricall run railroad train was operated in the United States in 1887.

FDR CALLS FOR DEMOBILIZATION OF WAR UNITS

Washington, Sept. 20 (AP)—President Roosevelt directed the government Tuesday to prepare now for its own peace-time demobilization, indicating some of Washington's sprawling war agencies will begin to fold up with the defeat of Germany.

In a letter issued at the White House Mr. Roosevelt ordered Budget Director Harold S Smith to plan now "to liquidate war agencies and reconvert the government to peace"

"Some steps along these lines may be taken when the fighting ends in Europe," he said, although he avoided predicting any date for the war's end and added "most of the planning will have to wait for execution until the Japs have surrendered x x x but the plans should be ready."

The President ordered immediate re-examination of the staffing and duties of all agencies and said he wanted—as soon as possible—plans for

Million Before The War

1 "The liquidation of war agencies and the reassignment of such permanent or continuing functions as they possess."

2 "The reduction of government personnel to a peace footing."

3. "The simplification and adaptation of the administrative structure to peace-time requirements."

The Civil Service Commission yesterday reported federal payrolls stood at 2,936,602 employes at the start of this month, 270,502 of them in Washington But the Byrd committee on government spending estimated the number of federal employes on Sept 13 at 3,112,965

Veterans Hear Postwar Plans

Chicago, Sept. 20 (AP)—An educator and a top ranking industrialist told the American Legion today that the men now in the armed forces should be given every consideration in the nation's post war plans.

The educator, F. L. Schlagle, president of the national education association, asserted they should have a part in deciding whether a compulsory military training law should be enacted.

Robert M. Gaylord, president of the National Association of manufacturers, declared that Industry's No 1 job was to help the returning servicemen "become just as productive as possible," to find a spot for new skills, and to help the able and disabled regain old ones

31 GETTYSBURG COLLEGE MEN ON CASUALTY LIST

Among the more than 1,300 alumni and former students of Gettysburg college who are now serving in all branches of the armed services in every section of the globe, 31 are now listed as killed, missing, or prisoners of war.

The list of casualties compiled by the Gettysburg college alumni office follows with the class of the service man indicated:

1903—Chaplain G. S. Rentz, lost in action.
1929—Corp. Erich H. Saul, Jr., accidentally drowned.
1935—Lt. R. F. McClure, prisoner of the Japanese.
Capt. J. R. Walker, missing in action.
Lt. B. A. Hall, killed.
1937—Lt. R. N. Long, killed airplane accident.
1938—Ensign W. K. Bane, killed in action.
T-5 James W. Gilbert, Jr., killed in action in France.
Capt. C. H. Langdon, Japanese prisoner.
1939—Lt. H. A. Hall, deceased.
Lt. R. M. Holland, accidentally killed.
Ensign J. W. Schwartz, killed, airplane accident.
1940—Lt. G. G. Buyer, killed in action.
Capt. T. R. Englehart, killed machine gun accident.
Major R. T. Raby, killed, airplane accident.
1941—Lt. H. M. Burman, prisoner of the Germans.
Lt. R. G. Menoher, missing in action.
A/C C. R. Relph, killed, airplane accident.
M. Sgt. A. D. Smith.
Lt. Ralph E. Walter, killed airplane accident.
1942—Lt. Robert Love, killed airplane accident.
Ensign J. A. Madden, killed, airplane accident.
Ensign Leon Todd, Jr., killed in South Pacific.
Lt. Walter B. Simon, killed.
1943—S. Sgt. R. T. McCarty, killed in action.
Lt. Ralph L. Stehley, killed in France.
1944—S. Sgt. R. C. McGarvey, missing in action.
Lt. R. C. Moller, missing in action.
Russell E. Jefferson, missing since July.
Pfc. Richard M. March, killed in action in June in France.
1946—Norman Cessna, prisoner of the Germans.

SELECT GOOD RAM

Selection of the sire for the 1945 lamb crop is one of the most important decisions for the sheepmen to make. Penn State livestock specialists urge that the purebred ram be bought before the available supply is picked over too closely.

Drawn for National War Fund—Ferman Martin—Houston Chronicle

Emmitsburg

Emmitsburg.—The local high and elementary schools are fully staffed for the year with Professor A. L. Leary as principal assisted by the following teachers: — Elementary, Mrs. John Kerr, first grade; Miss Sara Edwards ,second grade; Miss Edna Stull, third grade; Mrs. Bernard Walter, fourth and fifth grades; Miss Elizabeth Shoemaker, fifth and sixth grades; Mrs. Mary Scott, seventh grade. High school—Professor A. L. Leary, social studies, and general supervision of all classes in both the high and elementary sections; Robert K. Remsburg, agriculture and physical education for boys; Mrs. Lucy Corl, english, latin; Mrs. Mary Davis, english, music and director of glee club; Mrs. Bruce P. Flowers, mathematics, science, physical education for girls; Miss Charlotte Robinson, science, home economics; Talbert Lawyer, industrial arts for all boys in the high school, and C. T. Stull, director of instrumental music.

Professor Leary said today: "There will be additional emphasis placed upon self governing by the student body composing the elementary section this year. The plan of student control has developed so successfully in the high school that it is considered advisable to give the younger pupils the same opportunity to regulate certain of their class room affairs."

Mrs. Lucy Corl is substituting in english and latin until the services of a permanent teacher are secured.

Professor Leary states that approximately 80 per cent of the students of both the high and elementary schools arrive by bus.

Mrs. Frederick D. Kime, of Norfolk, Va., recently was a house guest of Mr. and Mrs. C. O. Combs, 700 West Main street. Commander Kime recently returned home following his participation in the invasion of Normandy as communications officer on the staff of Admiral Kirk. Mrs. Allan B. Kime and son, Allan, Jr., of Newark, N. J., and Miss Frances Rove of the nursing staff at the Veteran's Mt. Alto rospital, Washington, D. C., also were guests of Mr. and Mrs. Combs.

"THOSE NEIGHBORS"

Pittsburgh (AP)—They were neighbors in suburban South Hills and the children fought and so in time did the parents. Each family decided to move and each, unknown to the other, bought homes across the city in the North Hills. The other day they looked out across their back yards and found they were again—neighbors!

The world's first electrically run railroad train was operated in the United States in 1887.

FDR CALLS FOR DEMOBILIZATION OF WAR UNITS

Washington, Sept. 20 (AP)—President Roosevelt directed the government Tuesday to prepare now for its own peace-time demobilization, indicating some of Washington's sprawling war agencies will begin to fold up with the defeat of Germany.

In a letter issued at the White House Mr. Roosevelt ordered Budget Director Harold S. Smith to plan now "to liquidate war agencies and reconvert the government to peace."

"Some steps along these lines may be taken when the fighting ends in Europe," he said, although he avoided predicting any date for the war's end and added "most of the planning will have to wait for execution until the Japs have surrendered x x x but the plans should be ready."

The President ordered immediate re-examination of the staffing and duties of all agencies and said he wanted—as soon as possible—plans for:

Million Before The War

1. "The liquidation of war agencies and the reassignment of such permanent or continuing functions as they possess."

2. "The reduction of government personnel to a peace footing."

3. "The simplification and adaptation of the administrative structure to peace-time requirements."

The Civil Service Commission yesterday reported federal payrolls stood at 2,936,602 employes at the start of this month, 270,502 of them in Washington. But the Byrd committee on government spending estimated the number of federal employes on Sept. 13 at 3,112,965.

About a million people worked for the government before the war.

VARIETY OF USES

New York (AP)—A large quantity of riding spurs have been announced for sale by the Office of Surplus Property of the Treasury Department which described them as suitable for "attractive paperweights or bookends and can be easily converted into ashtrays and souvenirs."

EASIER JOB

Endicott, N. Y., (AP)—After papering a room in his office, Assemblyman Orlo M. Brees commented:

"No wonder Hitler thought it would be easier to run the world. I know why he changed occupations."

Veterans Hear Postwar Plans

Chicago, Sept. 20 (AP)—An educator and a top ranking industrialist told the American Legion today that the men now in the armed forces should be given every consideration in the nation's post war plans.

The educator, F. L. Schlagle, president of the national education association, asserted they should have a part in deciding whether a compulsory military training law should be enacted.

Robert M. Gaylord, president of the National Association of manufacturers, declared that Industry's No. 1 job was to help the returning servicemen "become just as productive as possible," to find a spot for new skills, and to help the able and disabled regain old ones.

FEED COWS WELL

If cows are to produce to full capacity during their next lactation period, they should be fed well during the time before freshennig, say Penn State dairy specialists.

OFFICIALS AND BUSINESSMEN PRAISE COLLEGE

Some of Gettysburg's leading business men today tendered messages of congratulations to Gettysburg college as it opened officially its one hundred and thirteenth year in the realm of higher education. The messages follow:

C. A. WILLS
President, The Gettysburg National Bank

"Gettysburg college is to be congratulated on the opening of its one hundred and thirteenth year. In the face of war-time difficulties, growing more acute each year, the college with its board of trustees and administration is carrying on and thus shows its true worth. It can point with pride to the particularly fine effort it has contributed to America's part in World War two. This is shown not only in the hundreds of young men and women who are now serving with our armed forces both here and all over the world, and in the hundreds more who hold responsible and vital positions connected with the war effort, but also in the more than 1,200 young men of the Army Air Corps who received training last year at the college. The school is continuing that work with the giving of instruction to members of the Army Air Corps Reserve.

"Gettysburg college can indeed be proud of the important place it has taken in America's history and that of the world. As its influence, through its graduates, now in the armed forces is felt now all over the world, and as it has been felt throughout the globe in business and religious circles, so it will continue. To the administration, faculty and students of Gettysburg college we extend warmest congratulations."

HENRY M. SCHARF
Manager, Hotel Gettysburg

"Gettysburg college brings the same honor and credit to Gettysburg in war time as it has in peace time. Like the community, of which it is an important part, it will emerge from this difficult period with its banner flying high and proudly in the knowledge that it met every test without compromising its standards and ideals and that it performed faithfully and with fidelity and excellence the tasks it was called upon to do for the nation in this emergency.

"We join with all of Gettysburg in extending congratulations to Gettysburg college, to Dr. Henry W. A. Hanson, the faculty and the entire college administration on the opening of another year and with sincerity say 'Well Done.'"

MARES SHERMAN
President, the Gettysburg Chamber of Commerce

"The Gettysburg Chamber of Commerce is happy to be able to congratulate Gettysburg college as it opens its one hundred and thirteenth year. It is proud of the college as a friend to the community as well as a stabilizing influence and as a sound business institution. The college has been an important factor in the town since 1832 and as such we hope it may continue.

"As one of Gettysburg's leading business interests, the college has, for its sound business principles and the good it has contributed to our town, the Chamber of Commerce's thanks and gratitude. It is a pleasure to welcome the students once again to the town as they begin their year's studies and to offer felicitations to the college at this time."

JOHN W. BREHM
Adams County Treasurer

"Having noticed the strides Gettysburg college has made in the 40 years I have been in the town, it is a pleasure to congratulate the school as it begins another year, well in its second century, of progress. The improvements made at the college, particularly in the past 25 years have been most gratifying not only to its alumni but also to the townspeople of Gettysburg. Many new buildings have gone up, including the Student Christian building, the new science hall, the women's dormitory, and the Eddie Plank Memorial gymnasium. Many changes and improvements have been made to the campus; the Tiber has been beautified, trees have been planted and the landscaping improved in general, and the several athletic fields have been built.

"Perhaps the biggest factor in the college's advancement through the past 20 years has been its able administration. In Doctor Hanson the college has been fortunate to secure a fine man, an able leader and an astute business man. Such a combination is rare and has afforded the college, and consequently, the town, many advantages they otherwise probably would not have now. As a town merchant and representative of the county it is gratifying to note the continual change for the better in the college and to congratulate its officials and students on this condition."

FRED G. PFEFFER
Burgess of Gettysburg

"The town of Gettysburg is very fortunate to have had with it for such a long period of time the college which now bears its name. The college is going through its fifth major war and, as in the past, it is weathering the storm with distinction. In the face of such trying times the town of Gettysburg is fortunate to have in it such an institution as the college which carries on with courage, foresight and devotion to its high ideals. Many years have passed since 1832 and the college of Gettysburg and the town of Gettysburg have grown hand in hand in the intervening time. At this time, as we look forward to a speedy conclusion of the war and a future of better things for our country, our state and our community, we congratulate Gettysburg college as it opens its one hundred and thirteenth year and anticipate many more years of outstanding service for that institution in the decades to come."

Justice Dies As He holds Hearing

Uniontown, Pa., Sept. 20 (AP)—William J. Ruble, 63, colorful justice of the peace at nearby Fairchance, died suddenly yesterday while hearing a domestic relations case in his office.

Known throughout southwestern Pennsylvania for the novel manner in which he meted out justice in cases involving mountain feuds, Ruble was also the operator of a grist mill that was a landmark in this section. It had been operated by his family for four generations

For the Four Freedoms— Buy War Bonds

NEW FRANKNESS IN AFFAIRS OF WORLD HAILED

By J. M. ROBERTS, JR.
Substituting for Dewitt Mackenzie

Two recent developments in official frankness have blown like refreshing drafts through a United Nations atmosphere which rapidly was becoming stultified. They may, in the long run, prove as important as the fighting which overshadowed them.

We are beginning to get some light on the situation in China through a partial relaxation of what has been one of the world's tightest censorships, and on our relations with Russia.

Clyde Farnsworth of the Associated Press tells us from Kunming that all the fine stories we have heard of the Chinese fighting qualities have been meaningless because of inadequate military leaders. Brooks Atkinson of the New York Times, in reporting at least partial revival of free speech at Chungking, indirectly confirms what has been widely feared—that governmental practices in China have embodied many of the very things we are fighting against in Europe.

Almost simultaneously John Hightower in Washington tells how America and Britain have to tip-toe in dealings with Stalin, indicating that liaison is still very insecure and that much remains to be done to assure postwar cooperation; and how we are putting pressure on China for a reorganization of her poorly-handled war effort.

Both of these situations, hidden as well as they could be under diplomatic top hats, have been worrying observers for months. Not only because of what was inherent in them but because of the explosion they might cause in public opinion the more they were suppressed.

We made just bad an Italian example of too much hush-hush. The Allies are in trouble with Italian public opinion because of a speech by Marshal Tito of Yugoslavia with whom they originally had nothing to do. Tito demanded territory Italy once held under Versailles. The pigeon of moral warfare branch eliminated that passage from the version to be published in Italy. The Italians picked it up from broadcasts and now everybody's in a stew.

Fully Informed Peoples

The revelations about Russia and China — perhaps "clarifications" would be the better word, since the situations have been at least felt, if not generally known—should not be taken as adding to the gloom. The whole fact that the conditions appear out in the open could mean that people will be better informed on relations, and that such progress as is made will not be merely a false front erected by diplomats. It could mean that relationships themselves are better than they were—that there is a friendlier, more realistic meeting ground—else the more open discussion would not have been permitted.

Perhaps it only means that the whispering and tip-toeing no longer could be maintained. But the more hopeful view is that the international negotiators are beginning to realize that any lasting peace must be made not by diplomats but by whole peoples fully informed so that in the light of events they will not turn away in revulsion from anything they have permitted in ignorance.

Nine times as much castor oil is used in industry as for medicinal purposes.

CRETE BLOCKED OFF BY ALLIES

Rome, Sept. 20 (AP)—A strong Allied blockade has been thrown around Crete to prevent the escape of the German garrison and enemy forces there are being subjected to a succession of sea and air attacks an official announcement said today.

Carrier-based planes from an Allied naval task force operating in the Aegean destroyed 11 German motor vehicles, damaged many more, and wrecked a JU-52 on the ground in an attack on Crete three days ago. The next day naval planes knocked out at least 25 more vehicles.

The British warship Aurora on Sept. 17 bombarded Melos, a tiny Aegean island midway between Crete and the Greek Mainland. A German wireless station on Melos was the target for both the Aurora and the British destroyer Terpsichore the next day.

A joint Allied communique announcing these strikes also said that the islands of Mljet, Korcula and Brac off the Dalmatian coast were freed from the Germans by combined operations of Yugoslav Partisans, the British Navy, the Balkan Air Force and Allied land forces of the Adriatic."

Considerable losses were inflicted upon the enemy garrisons and operations are continuing in the Dalmatian area, the announcement said.

Uniontown, Pa., Sept. 20 (AP)—Mayor Russel E. Umbel announced today that a $35 city tax on "juke boxes" would be levied annually beginning January 1, 1945. The city solicitor has drawn up an ordinance ordered by council, he said.

The revelations about Russia and China — perhaps "clarifications" would be the better word, since the situations have been at least felt, if not generally known—should not be taken as adding to the gloom. The mere fact that the conditions are now out in the open could mean that people will be better informed on relations, and that such progress as is made will not be merely a false front erected by diplomats. It could mean that relationships themselves are better than they were—that there is a friendlier, more realistic meeting ground—else the more open discussion would not have been permitted.

Perhaps it only means that the whispering and tip-toeing no longer could be maintained. But the more hopeful view is that the international negotiators are beginning to realize that any lasting peace must be made not by diplomats, but by whole peoples, fully informed, so that in the light of events they will not turn away in revulsion from anything they have permitted in ignorance.

Nine times as much castor oil is used in industry as for medicinal purposes.

CRETE BLOCKED OFF BY ALLIES

Rome, Sept. 20 (AP)—A strong Allied blockade has been thrown around Crete to prevent the escape of the German garrison and enemy forces there are being subjected to a succession of sea and air attacks, an official announcement said today.

Carrier-based planes from an Allied naval task force operating in the Aegean destroyed 11 German motor vehicles, damaged many more, and wrecked a JU-52 on the ground in an attack on Crete three days ago. The next day naval planes knocked out at least 25 more vehicles.

The British warship Aurora on Sept. 17 bombarded Melos, a tiny Aegean island midway between Crete and the Greek Mainland. A German wireless station on Melos was the target for both the Aurora and the British destroyer Terpsichore the next day.

A joint Allied communique announcing these strikes also said that the islands of Mljet, Korcula and Brac off the Dalmatian coast were freed from the Germans by combined operations of Yugoslav Partisans, the British Navy, the Balkan Air Force and Allied "land forces of the Adriatic."

Considerable losses were inflicted upon the enemy garrisons and operations are continuing in the Dalmatian area, the announcement said.

Uniontown, Pa., Sept. 20 (AP)—Mayor Russel E. Umbel announced today that a $35 city tax on "juke boxes" would be levied annually beginning January 1, 1945. The city solicitor has drawn up an ordinance ordered by council, he said.

OFFICIALS AND BUSINESSMEN PRAISE COLLEGE

Some of Gettysburg's leading business men today tendered messages of congratulations to Gettysburg college as it opened officially its one hundred and thirteenth year in the realm of higher education.

The messages follow:

C. A. WILLS
President, The Gettysburg National Bank

"Gettysburg college is to be congratulated on the opening of its one hundred and thirteenth year. In the face of war-time difficulties, growing more acute each year, the college with its board of trustees and administration is carrying on and thus shows its true worth. It can point with pride to the particularly fine effort it has contributed to America's part in World War two. This is shown not only in the hundreds of young men and women who are now serving with our armed forces both here and all over the world, and in the hundreds more who hold responsible and vital positions connected with the war effort, but also in the more than 1,200 young men of the Army Air Corps who received training last year at the college. The school is continuing that work with the giving of instruction to members of the Army Air Corps Reserve.

"Gettysburg college can indeed be proud of the important place it has taken in America's history and that of the world. As its influence, through its graduates, now in the armed forces is felt now all over the world, and as it has been felt throughout the globe in business and religious circles, so it will continue. To the administration, faculty and students of Gettysburg college we extend warmest congratulations."

HENRY M. SCHARF
Manager, Hotel Gettysburg

"Gettysburg college brings the same honor and credit to Gettysburg in war time as it has in peace time. Like the community, of which it is an important part, it will emerge from this difficult period with its banner flying high and proudly in the knowledge that it met every test without compromising its standards and ideals and that it performed faithfully and with fidelity and excellence the tasks it was called upon to do for the nation in this emergency.

"We join with all of Gettysburg in extending congratulations to Gettysburg college, to Dr. Henry W. A. Hanson, the faculty and the entire college administration on the opening of another year and with sincerity say 'Well Done.'"

MARES SHERMAN
President, the Gettysburg Chamber of Commerce

"The Gettysburg Chamber of Commerce is happy to be able to congratulate Gettysburg college as it opens its one hundred and thirteenth year. It is proud of the college as a friend to the community as well as a stabilizing influence and as a sound business institution. The college has been an important factor in the town since 1832 and as such we hope it may continue.

"As one of Gettysburg's leading business interests, the college has, for its sound business principles and the good it has contributed to our town, the Chamber of Commerce's thanks and gratitude. It is a pleasure to welcome the students once again to the town as they begin their year's studies and to offer felicitations to the college at this time."

JOHN W. BREHM
Adams County Treasurer

"Having noticed the strides Gettysburg college has made in the 40 years I have been in the town, it is a pleasure to congratulate the school as it begins another year, well in its second century, of progress. The improvements made at the college, particularly in the past 25 years have been most gratifying not only to its alumni but also to the townspeople of Gettysburg. Many new buildings have gone up, including the Student Christian building, the new science hall, the women's dormitory, and the Eddie Plank Memorial gymnasium. Many changes and improvements have been made to the campus; the Tiber has been beautified, trees have been planted and the landscaping improved in general, and the several athletic fields have been built.

"Perhaps the biggest factor in the college's advancement through the past 20 years has been its able administration. In Doctor Hanson the college has been fortunate to secure a fine man, an able leader and an astute business man. Such a combination is rare and has afforded the college, and consequently, the town, many advantages they otherwise probably would not have now. As a town merchant and representative of the county it is gratifying to note the continual change for the better in the college and to congratulate its officials and students on this condition."

FRED G. PFEFFER
Burgess of Gettysburg

"The town of Gettysburg is very fortunate to have had with it for such a long period of time the college which now bears its name. The college is going through its fifth major war and, as in the past, it is weathering the storm with distinction. In the face of such trying times the town of Gettysburg is fortunate to have in it such an institution as the college which carries on with courage, foresight and devotion to its high ideals. Many years have passed since 1832 and the college of Gettysburg and the town of Gettysburg have grown hand in hand in the intervening time. At this time, as we look forward to a speedy conclusion of the war and a future of better things for our country, our state and our community, we congratulate Gettysburg college as it opens its one hundred and thirteenth year and anticipate many more years of outstanding service for that institution in the decades to come.

Justice Dies As He holds Hearing

Uniontown, Pa., Sept. 20 (AP)—William J. Ruble, 63, colorful justice of the peace at nearby Fairchance, died suddenly yesterday while hearing a domestic relations case in his office.

Known throughout southwestern Pennsylvania for the novel manner in which he meted out justice in cases involving mountain feuds, Ruble was also the operator of a grist mill that was a landmark in this section. It had been operated by his family for four generations.

NEW FRANKNESS IN AFFAIRS OF WORLD HAILED

By J. M. ROBERTS, JR.
Substituting for Dewitt Mackenzie

Two recent developments in official frankness have blown like refreshing drafts through a United Nations atmosphere which rapidly was becoming stultified. They may, in the long run, prove as important as the fighting which overshadowed them.

We are beginning to get some light on the situation in China through a partial relaxation of what has been one of the world's tightest censorships, and on our relations with Russia.

Clyde Farnsworth of the Associated Press tells us from Kunming that all the fine stories we have heard of the Chinese fighting qualities have been meaningless because of inadequate military leaders. Brooks Atkinson of the New York Times, in reporting at least partial revival of free speech at Chungking, indirectly confirms what has been widely feared—that governmental practices in China have embodied many of the very things we are fighting against in Europe.

Almost simultaneously John Hightower in Washington tells how America and Britain have to tiptoe in dealings with Stalin, indicating that liaison is still very insecure and that much remains to be done to assure postwar cooperation; and how we are putting pressure on China for a reorganization of her poorly-handled war effort.

Both of these situations, hidden as well as they could be under diplomatic top hats, have been worrying observers for months. Not only because of what was inherent in them, but because of the explosion they might cause in public opinion the more they were suppressed.

We have just had in Italy an example of too much hush-hush. The Allies are in trouble with Italian public opinion because of a speech by Marshal Tito of Yugoslavia with which they originally had nothing to do. Tito demanded territory Italy has held since Versailles. The psychological warfare branch eliminated that passage from the version to be published in Italy. The Italians picked it up from broadcasts, and now everybody's in a stew.

Fully Informed Peoples

The revelations about Russia and China — perhaps "clarifications" would be the better word, since the situations have been at least felt, if not generally known—should not be taken as adding to the gloom. The mere fact that the conditions are now out in the open could mean that people will be better informed on relations, and that such progress as is made will not be merely a false front erected by diplomats. It could mean that relationships themselves are better than they were—that there is a friendlier, more realistic meeting ground—else the more open discussion would not have been permitted.

Perhaps it only means that the whispering and tip-toeing no longer could be maintained. But the more hopeful view is that the international negotiators are beginning to realize that any lasting peace must be made not by diplomats, but by whole peoples, fully informed, so that in the light of events they will not turn away in revulsion from anything they have permitted in ignorance.

Nine times as much castor oil is used in industry as for medicinal purposes.

CRETE BLOCKED OFF BY ALLIES

Rome, Sept. 20 (AP)—A strong Allied blockade has been thrown around Crete to prevent the escape of the German garrison and enemy forces there are being subjected to a succession of sea and air attacks, an official announcement said today.

Carrier-based planes from an Allied naval task force operating in the Aegean destroyed 11 German motor vehicles, damaged many more, and wrecked a JU-52 on the ground in an attack on Crete three days ago. The next day naval planes knocked out at least 25 more vehicles.

The British warship Aurora on Sept. 17 bombarded Melos, a tiny Aegean island midway between Crete and the Greek Mainland. A German wireless station on Melos was the target for both the Aurora and the British destroyer Terpsichore the next day.

A joint Allied communique announcing these strikes also said that the islands of Mljet, Korcula and Brac off the Dalmatian coast were freed from the Germans by combined operations of Yugoslav Partisans, the British Navy, the Balkan Air Force and Allied "land forces of the Adriatic."

Considerable losses were inflicted upon the enemy garrisons and operations are continuing in the Dalmatian area, the announcement said.

Uniontown, Pa., Sept. 20 (AP)—Mayor Russel E. Umbel announced today that a $35 city tax on "juke boxes" would be levied annually beginning January 1, 1945. The city solicitor has drawn up an ordinance ordered by council, he said.

DEWEY SCOFFS INDISPENSABLE MAN ARGUMENT

By JACK BELL

Portland, Ore., Sept. 20 (AP)—Apparently unruffled by two escapes from serious injury, Gov. Thomas E. Dewey prepared to board a refurbished campaign train today for San Francisco and a speech there tomorrow night outlining a Republican program of "freedom and security for all."

Cheered lustily for his assertion here last night that there is no "indispensable man," the GOP presidential nominee promised to tell tomorrow's audience "the philosophy by which I believe we can achieve our two great goals for America, freedom and security for all."

Without referring to a train wreck which had delayed his arrival for several hours or to a narrow escape when the auto bringing him here swerved to avoid a truck, Dewey told a cheering crowd of about 7,000 persons in the ice coliseum here that in the making of "a people's peace" there could be no "indispensable man."

AP Men Hurt

His campaign train was repaired overnight so that he could resume his journey south today.

(Jack Bell and Gardner Bridge, AP correspondents traveling with Dewey, each suffered a broken rib in the crash.)

A sympathetic throng rose to its feet stamping the wooden floor underneath and yelling itself hoarse last night when he declared:

"Let's have no more pretense about indispensable men. There are no indispensable men. If our republic after 150 years self-government is dependent upon the endless continuance of one man in office, then the hopes which animated the men who fought for the Declaration of Independence and the constitution have indeed come to nothing."

Cites History

"The peace we seek," he declared, "must not hang by the slender thread of personal acquaintance of any two or three men. The pages of history are littered with treaties proclaiming peace made privately by rulers of nations and quickly broken."

The New York governor's reference to the "two or three men" apparently was to President Roosevelt, Prime Minister Churchill of Great Britain, and Premier Stalin of Great Sia.

His allusion to the "life span" was in line with his previous assertions that the present Democratic administration is "old" and tired. President Roosevelt is 62, Dewey is 42.

BONDS OVER AMERICA

A monument to Paul Revere who warned the colonists that the invaders were coming, risking his life for freedom in his headlong ride to warn the countryside.

Paul Revere of Boston

All Europe has heard the cry "The Germans are coming." Now at the point of guns, and with the rumble of tanks, they are being pushed back to final defeat

Back 'em up—With War Bonds

MYSTERY SEEN IN SUB'S LOSS; 183RD VESSEL

Washington, Sept. 20 (AP)—The need for withholding information from the enemy clouded with mystery today the loss of the submarine flier.

Two possibilities immediately were seen—she went down in action while other American vessels were close enough to pick up her crew or, she was destroyed and her crew captured by the Japanese.

The Navy withheld any details of the sinking disclosed in a communique which said the flier had been lost in "recent action" and that "next of kin of officers and men" had been notified.

This wording was contrary to customary language of communiques reporting loss of submarines—ordinarily they are listed "overdue and presumed lost" when they fail to return from a war patrol, and then the Navy adds "next of kin of all casualties have been notified."

183 Ships Lost

Loss of the 1,525-ton flier brings to 30 the number of American submarines lost since the war started. All are listed as "overdue and presumed lost" except the flier and four others lost in non-combat operations.

Including those submarines, American Naval losses since the Japanese made their attack on Pearl Harbor number 183. Two ships, the Minesweeper Perry, lost off Palau, and the Transport Noa, sunk in a collision in the Pacific, were added to the total yesterday.

The Japanese have lost 921 ships, including 39 combat vessels, to American submarines alone. This figure was reached yesterday with announcement of the biggest bag ever reported in a single communique on submarine action—29 Japanese ships, including two destroyers and an escort vessel, sunk on recent war patrols by American submersibles.

A patent for a player-piano was taken out in the United States in 1860.

PLANT HONORED

Pittsburgh, Sept. 20 (AP)—The Allegheny Ludlum Steel corporation announced today its West Leechburg plant employing 1,400 has been awarded its second silver star for excellence in war production. The plant has flown the Army-Navy "E" since April, 1943.

15 DEATHS

Pittsburgh, Sept. 20 (AP)—The city's infantile paralysis death toll in the current outbreak stood at 15 today following the death of an eight-year-old Brookline boy. Four new cases were placed under treatment here, bringing the total to 164.

OFFICIAL CALLS SITUATION IN CHINA SERIOUS

Chungking, Sept. 20 (AP)—A Chinese cabinet spokesman, commenting upon the progress by Japanese troops in their campaign to cut China in two, said today "it cannot be denied that the military situation in China today is very serious."

The spokesman, P. H. Chang, said however, that ample preparations were being made for the defense of Kweilin, Kwangsi province strongpoint, and "when the enemy comes we shall deal him a severe blow."

Japanese columns were reported last night only 40 miles northeast of Kweilin, where the U. S. 14th air force recently blew up and abandoned most of its extensive installations.

Help Is Coming

Greater help for China has been foreshadowed by the visit to Chungking of Donald M. Nelson and Maj. Gen. Patrick J. Hurley.

Chinese-American wing fighters of Maj. Gen. Claire L. Chennault's command destroyed approximately 90 Japanese vehicles from a 300-truck convoy on the Changsha-Kweiyi road in one of a series of ground support actions this week, Gen. Joseph W. Stilwell's headquarters announced today.

Fighters and medium bombers of the U. S. 14th air force kept up a steady drumming of enemy supply lines, storage depots and troop and truck columns as the Japanese advanced toward Kweilin, the announcement said.

UMW Will Seek Shorter Week

Cincinnati, Sept. 20 (AP)—The United Mine Workers' leadership made known today the demands it will serve upon the soft coal industry for a new contract, except the No. 1 item—the basic rate increase, to be determined later at a union policy committee meeting.

Announced objectives include a work day shorter than the pre-war schedule, inclusion of most supervisory and technical employes under the contract at stated salary rates, and certain free equipment.

The UMW convention, preparing to adjourn, was described by one official as virtually certain to approve the scale committee's report containing the demands.

Negotiations for a new contract are scheduled to start next March, but mine leaders have said they will act earlier if government wage ceilings are raised meanwhile.

European Relief To Busy Factories

Montreal, Sept. 20 (AP)—Reports presented to the United Nations Relief and Rehabilitation administration conference here indicate the huge relief demands of Europe will keep factories in the United States, Britain and Canada busy for at least 12 months after the collapse of Germany.

UNRRA experts say the United States, Britain and Canada must be the major sources of supply until Europe's factories are running again, but this, they point out, does not mean these three countries must foot the whole bill.

The United States, for instance, has agreed to contribute $1,350,000,000, but only 10 per cent of this—the cost of administration—need leave the country. Ninety per cent, Director General Herbert H. Lehman told a press conference yesterday, probably will be spent inside the United States.

Total Of Nazi Prisoners Mounts

London, Sept. 20 (AP) — More than 464,346 German prisoners have been captured since the landings in France June 6. This total does not include the thousands bagged at captured Brest or tottering Boulogne.

Possibly 12,000 may be added to the total by the final count of Lt. Gen. Hermann Ramcke's Brest garrison. Of the total bag, the U. S. First Army had taken 120,000, the U. S. Third Army 86,000; the U. S. Seventh Army 82,000 and the U. S. Ninth Army 20,000.

The 21st Army group, including the British Second Army and the Canadian First Army, has taken more thn 73,000, some 52,971 by the Canadians alone.

Abbottstown

Abbottstown—Miss Ruth Kinneman, Philadelphia, spent several days with her mother, Mrs Annie Kinneman, last week.

Virginia and Evelyn and Frank Altland and Ralph Butt recently spent several days visiting friends in Mercersburg.

Mr. and Mrs Charles Colob, Ridge, Md., are spending a week's vacation at the home of Mrs Colob's parents Mr. and Mrs F. P. Butt. Other guests over the week-end at the Butt home were Miss Annie Sportino, York, and S Sgt Ervin Butt, North Carolina.

A short circuit in the meter box started a fire at the residence of Guy A. P Hose, Saturday afternoon. It was discovered at once and did only slight damage to the weather board around the box.

Pvt. Lester Baker and Sgt Harry Moul, both of Camp Hood, Texas, are home on furloughs with their families.

Greetings, Students

May you enter upon your College career with a determination to prepare yourself for the future and ever bear in mind, that education is the privilege and the right of every American boy and girl.

DEWEY SCOFFS INDISPENSABLE MAN ARGUMENT

By JACK BELL

Portland, Ore., Sept. 20 (AP)—Apparently unruffled by two escapes from serious injury, Gov. Thomas E. Dewey prepared to board a refurbished campaign train today for San Francisco and a speech there tomorrow night outlining a Republican program of "freedom and security for all."

Cheered lustily for his assertion here last night that there is no "indispensable man," the GOP presidential nominee promised to tell tomorrow's audience "the philosophy by which I believe we can achieve out two great goals for America, freedom and security for all."

Without referring to a train wreck which had delayed his arrival for several hours or to a narrow escape when the auto bringing him here swerved to avoid a truck, Dewey told a cheering crowd of about 7,000 persons in the ice coltseum here that in the making of "a people's peace" there could be no "indispensable man."

AP Men Hurt

His campaign train was repaired overnight so that he could resume his journey south today.

(Jack Bell and Gardner Bridge, AP correspondents traveling with Dewey, each suffered a broken rib in the crash.)

A sympathetic throng rose to its feet stamping the wooden floor underneath and yelling itself hoarse last night when he declared:

"Let's have no more pretense about indispensable men. There are no indispensable men. If our republic after 150 years self-government is dependent upon the endless continuance of one man in office, then the hopes which animated the men who fought for the Declaration of Independence and the constitution have indeed come to nothing."

Cites History

"The peace we seek," he declared, "must not hang by the slender thread of personal acquaintance of any two or three men. The pages of history are littered with treaties proclaiming peace made privately by rulers of nations and quickly broken."

The New York governr's reference to the "two or three men" apparently was to President Roosevelt, Prime Minister Churchill of Great Britain, and Premier Stalin of Great sia.

His allusion to the "life span" was in line with his previous assertions that the present Democratic administration is 'old' and tired." President Roosevelt is 62, Dewey is 42.

BONDS OVER AMERICA

A monument to Paul Revere who warned the colonists that the invaders were coming, risking his life for freedom in his headlong ride to warn the countryside.

Paul Revere of Boston

All Europe has heard the cry "The Germans are coming." Now at the point of guns, and with the rumble of tanks, they are being pushed back to final defeat.

Back 'em up—With War Bonds

MYSTERY SEEN IN SUB'S LOSS; 183RD VESSEL

Washington, Sept. 20 (AP)—The need for withholding information from the enemy clouded with mystery today the loss of the submarine flier.

Two possibilities immediately were seen—she went down in action while other American vessels were close enough to pick up her crew or, she was destroyed and her crew captured by the Japanese.

The Navy withheld any details of the sinking disclosed in a communique which said the flier had been lost in "recent action" and that "next of kin of officers and men" had been notified.

This wording was contrary to customary language of communiques reporting loss of submarines—ordinarily they are listed "overdue and presumed lost" when they fail to return from a war patrol, and then the Navy adds "next of kin of all casualties have been notified."

183 Ships Lost

Loss of the 1,525-ton flier brings to 30 the number of American submarines lost since the war started. All are listed as "overdue and presumed lost"except the flier and four others lost in non-combat operations.

Including those submarines, American Naval losses since the Japanese made their attack on Pearl Harbor number 183. Two ships, the Minesweeper Perry, lost off Palau, and the Transport Noa, sunk in a collision in the Pacific, were added to the total yesterday.

The Japanese have lost 931 ships, including 89 combat vessels, to American submarines alone. This figure was reached yesterday with announcement of the biggest bag ever reported in a single communique on submarine action—29 Japanese ships, including two destroyers and an escort vessel, sunk on recent war patrols by American submersibles.

A patent for a player-piano was taken out in the United States in 1860.

PLANT HONORED

Pittsburgh, Sept. 20 (AP)—The Allegheny Ludlum Steel corporation announced today its West Leechburg plant employing 1,400 has been awarded its second silver star for excellence in war production. The plant has flown the Army-Navy "E" since April, 1943.

15 DEATHS

Pittsburgh, Sept. 20 (AP)—The city's infantile paralysis death toll in the current outbreak stood at 15 today following the death of an eight-year-old Brookline boy. Four new cases were placed under treatment here, bringing the total to 164.

OFFICIAL CALLS SITUATION IN CHINA SERIOUS

Chungking, Sept. 20 (AP)—A Chinese cabinet spokesman, commenting upon the progress by Japanese troops in their campaign to cut China in two, said today "it cannot be denied that the military situation in China today is very serious."

The spokesman, P. H. Chang, said however, that ample preparations were being made for the defense of Kweilin, Kwangsi province strongpoint, and "when the enemy comes we shall deal him a severe blow."

Japanese columns were reported last night only 40 miles northeast of Kweilin, where the U. S. 14th air force recently blew up and abandoned most of its extensive installations.

Help Is Coming

Greater help for China has been foreshadowed by the visit to Chungking of Donald M. Nelson and Maj. Gen. Patrick J. Hurley.

Chinese-American wing fighters of Maj. Gen. Claire L. Chennault's command destroyed approximately 90 Japanese vehicles from a 300-truck convoy on the Changsha-Kweiyi road in one of a series of ground support actions this week, Gen. Joseph W. Stilwell's headquarters announced today.

Fighters and medium bombers of the U. S. 14th air force kept up a steady drumming of enemy supply lines, storage depots and troop and truck columns as the Japanese advanced toward Kweilin, the announcement said.

UMW Will Seek Shorter Week

Cincinnati, Sept. 20 (AP)—The United Mine Workers' leadership made known today the demands it will serve upon the soft coal industry for a new contract, except the No. 1 item—the basic rate increase, to be determined later at a union policy committee meeting.

Announced objectives include a work day shorter than the pre-war schedule, inclusion of most supervisory and technical employes under the contract at stated salary rates, and certain free equipment.

The UMW convention, preparing to adjourn, was described by one official as virtually certain to approve the scale committee's report containing the demands.

Negotiations for a new contract are scheduled to start next March, but mine leaders have said they will act earlier if government wage ceilings are raised meanwhile.

European Relief To Busy Factories

Montreal, Sept. 20 (AP)—Reports presented to the United Nations Relief and Rehabilitation administration conference here indicate the huge relief demands of Europe will keep factories in the United States, Britain and Canada busy for at least 12 months after the collapse of Germany.

UNRRA experts say the United States, Britain and Canada must be the major sources of supply until Europe's factories are running again, but this, they point out, does not mean these three countries must foot the whole bill.

The United States, for instance, has agreed to contribute $1,350,000,000, but only 10 per cent of this—the cost of administration—need leave the country. Ninety per cent, Director General Herbert H. Lehman told a press conference yesterday, probably will be spent inside the United States.

Total Of Nazi Prisoners Mounts

London, Sept. 20 (AP) — More than 464,346 German prisoners have been captured since the landings in France June 6. This total does not include the thousands bagged at captured Brest or tottering Boulogne.

Possibly 12,000 may be added to the total by the final count of Lt. Gen. Hermann Ramcke's Brest garrison. Of the total bag, the U. S. First Army had taken 180,000, the U. S. Third Army 86,000; the U. S. Seventh Army 82,000 and the U. S. Ninth Army 20,000.

The 21st Army group, including the British Second Army and the Canadian First Army, has taken more thn 73,000, some 52,971 by the Canadians alone.

Abbottstown

Abbottstown.—Miss Ruth Kinneman, Philadelphia, spent several days with her mother, Mrs. Annie Kinneman, last week.

Virginia and Evelyn and Frank Altland and Ralph Butt recently spent several days visiting friends in Mercersburg.

Mr. and Mrs. Charles Chubb, Ridge, Md., are spending a week's vacation at the home of Mrs. Chubb's parents, Mr. and Mrs. E. P. Butt. Other guests over the week-end at the Butt home were Miss Anne Shortino, York, and S. Sgt. Ervin Butt, North Carolina.

A short circuit in the meter box started a fire at the residence of Guy A. F. Hoke, Saturday afternoon. It was discovered at once and did only slight damage to the weather board around the box.

Pvt. Lester Baker and Sgt. Harry Moul, both of Camp Hood, Texas, are home on furloughs with their families.

Greetings, Students

May you enter upon your College career with a determination to prepare yourself for the future and ever bear in mind, that education is the privilege and the right of every American boy and girl.
